TANGER FACTORY OUTLET CENTERS, INC.

CURRENT REPORT

ON

FORM 8-K

Section 9. Financial Statements and Exhibits

Item 9.01 Financial Statements and Exhibits

Tanger Factory Outlet Centers, Inc., (the “Company”), filed a Form 8-K dated August 22, 2005 to announce that it had agreed to acquire for \$282.5 million the remaining two-thirds interest in the portfolio on nine factory outlet centers with approximately 3.3 million square feet, (the “Charter Oak Portfolio”) owned by an affiliate of Blackstone Real Estate Advisors (“Blackstone”). The Company and Blackstone originally acquired the Charter Oak Portfolio in December 2003 through a joint venture, COROC Holdings LLC (“COROC”), whereby the Company owned a one-third interest and Blackstone owned a two-thirds interest.

Our factory outlet centers and other assets are held by, and all of our operations are conducted by, our majority owned subsidiary, Tanger Properties Limited Partnership (the “Operating Partnership”). The terms “we”, “our” and “us” refer to the Company and the Operating Partnership together, as the context requires.

Separate financial statements for the Charter Oak Portfolio are not required since the results of its operations have been included in our audited consolidated financial statements since December 2003. Unaudited pro forma financial information filed herewith to give effect to the proposed acquisition are as set forth below:

(b) Pro Forma Financial Information	Page
(1) Unaudited Pro Forma Consolidated Statements of Operations	
for the six months ended June 30, 2005 and notes thereto	5
for the year ended December 31, 2004 and notes thereto	7
(2) Unaudited Pro Forma Consolidated Balance Sheet	
as of June 30, 2005 and notes thereto	9

TANGER FACTORY OUTLET CENTERS, INC.
UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS

The accompanying unaudited Pro Forma Consolidated Financial Statements have been derived from the historical statements of the Company and give effect to the proposed acquisition of the remaining two-thirds interest in the Charter Oak Portfolio owned by Blackstone. The unaudited Pro Forma Consolidated Statements of Operations for the six months ended June 30, 2005 and the year ended December 31, 2004 assume the acquisition had occurred as of January 1, 2004. The unaudited Pro forma Consolidated Balance Sheet assumes the acquisition had occurred on June 30, 2005.

The purchase price of \$282.5 million involves an all-cash payment, which we expect to finance in the public markets through a mixture of long-term unsecured debt and equity. Closing of the transaction is subject to certain conditions including those contained within an existing GMAC loan currently collateralizing the properties. We anticipate the transaction will close by October 2005.

The unaudited Pro Forma Consolidated Financial Statements reflect our assumption that we will finance the purchase price and the related estimated closing costs of \$3.3 million, collectively estimated to be approximately \$285.8 million, by (1) issuing 3.0 million common shares with net proceeds of approximately \$81.0 million (2) issuing 3.5 million preferred shares with net proceeds of approximately \$84.5 million and (3) issuing long-term unsecured public debt for the remaining \$120.3 million. There can be no assurance that closing on the transaction will actually occur or that we will be able to issue these securities in the form and for the amounts stated above to fund our transaction. Changes in the form of securities issued or in the amount of common shares, preferred shares and debt actually issued would result in an increase or decrease in pro forma income from continuing operations and related pro forma earnings per share.

The accompanying unaudited Pro Forma Consolidated Financial Statements reflect a preliminary allocation of the purchase price under Statement of Financial Accounting Standards No. 141, "Business Combinations" ("FAS 141"). This allocation is subject to final adjustment following the acquisition. The Company expects to finalize the valuation following the consummation of the transaction. Changes in the allocation of the purchase price and/or estimated useful lives from those used in the unaudited Pro Forma Consolidated Financial Statements would result in an increase or decrease in pro forma income from continuing operations and related pro forma earnings per share. The following table summarizes our preliminary allocation of purchase price plus closing costs and the estimated useful lives used for the pro forma calculations.

	Amount (in thousands)	Average estimated useful life (in years)
Land	\$ 4,832	
Buildings, improvements and fixtures	42,216	27.7
Deferred lease and other intangibles:		
Below market leases	(973)	3.2
Lease in place value and other lease related intangibles	14,229	5.7
Debt premium	353	3.0
Minority interest	225,103	
Net assets acquired	\$ 285,760	

The unaudited Pro Forma Consolidated Financial Statements have been prepared by the Company's management. These pro forma statements may not be indicative of the results that would have actually occurred if the acquisition had been in effect on the dates indicated, nor do they purport to represent the results of operations for future periods. The unaudited Pro Forma Consolidated Financial Statements should be read in conjunction with the Company's unaudited financial statements and notes thereto as of June 30, 2005 and for the six months then ended (which are contained in the Company's Form 10-Q for the period ended June 30, 2005), and the Company's audited financial statements and notes thereto as of December 31, 2004 and for the year then ended (which are contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2004).

TANGER FACTORY OUTLET CENTERS, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED PRO FORMA CONSOLIDATED STATEMENT OF OPERATIONS
For the Six Months Ended June 30, 2005

- a) As reported in the unaudited consolidated statement of operations of Tanger Factory Outlet Centers, Inc. and Subsidiaries for the six months ended June 30, 2005.
- b) To reflect amortization of the portion of the purchase price assigned to above and below market leases in accordance with FAS 141.
- c) To reflect depreciation and amortization on the partial step-up of assets to fair value based on an acquisition price of \$282.5 million, plus closing costs of \$3.3 million.
- d) To reflect interest expense from issuance of \$121.3 million in long-term unsecured public bonds with a coupon rate of 6.01% (effective rate of 6.05% after underwriting discount). A 1% increase or decrease in the coupon rate would equal \$1.21 million on an annual basis. Also includes amortization of debt issuance costs (\$1.0 million amortized over ten years) and change in debt premium (\$.4 million amortized over three years).
- e) To reflect the minority interest in the additional income resulting from the pro forma adjustments and to eliminate the minority interest in the consolidated joint venture that is being acquired in this transaction.
- f) To reflect the planned issuance of (1) 3.0 million common shares with net proceeds of approximately \$81.0 million and (2) 3.5 million preferred shares at an assumed price of \$25 per share and at a coupon rate of 7.5% with net proceeds of approximately \$84.5 million, as part of the funding of the acquisition.
- g) Pro forma income per share is computed as follows: Income from continuing operations less preferred share dividends of \$3.3 million (from the issuance of 3.5 million preferred shares at an assumed price of \$25 per share and at a coupon rate of 7.5%) divided by pro forma weighted average shares outstanding.
