Date, Time and Place

We will hold the meeting on Friday, May 16, 2008 at 10 o'clock a.m. at the Proximity Hotel, 704 Green Valley Road, Greensboro, North Carolina, (336) 379-8200, subject to any adjournments or postponements.

Who Can Vote; Votes per share

All holders of record of our common shares, par value \$.01 per share (referred to as the “Common Shares”) as of the close of business on the record date, March 19, 2008, are entitled to attend and vote on all proposals at the meeting. Each Common Share entitles the holder thereof to one vote. At the close of business on March 1, 2008, 31,539,041 Common Shares were issued and outstanding.

How to Vote

Common Shares represented by a properly executed proxy will be voted as directed on the proxy card. To be voted, proxies must be filed with the Secretary of the Company prior to voting.

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, NA, you are considered, with respect to those shares, the “shareholder of record”. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered, with respect to those shares, the “beneficial owner” of those shares held in street name and you have the right to instruct your broker, bank or other nominee how to vote on your behalf. Brokerage firms and other nominees have the authority, under New York Stock Exchange rules at the time of this Proxy Statement, to vote Common Shares for the beneficial owner on certain “routine” matters for which you do not provide voting instructions.

Proposals #1 and #2 above are considered routine matters and where no specification is made on the properly executed and returned form of proxy, the shares will be voted **FOR** the election of all nominees for director and **FOR** the ratification of PricewaterhouseCoopers LLP as our independent registered accounting firm. When a proposal is not considered a routine matter and where the broker or nominee has not received specific voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm or nominee cannot vote FOR or AGAINST the proposal for the beneficial owner. This is called a “broker non-vote”.

Quorum and Voting Requirements

Under our By-Laws and North Carolina law, shares represented at the meeting by proxy for any purpose will be deemed present for quorum purposes for the remainder of the meeting. Directors will be elected by the vote of a plurality of the votes cast by the Common Shares entitled to vote in the election, provided that a quorum is present. Accordingly, Common Shares which are present at the meeting for any other purpose but which are not voted in the election of directors will not affect the election of the candidates receiving a plurality of the votes cast by the Common Shares entitled to vote in the election at the meeting. Approval of Proposal #2 by the holders of Common Shares may be by the affirmative vote of a majority of the votes cast for or against the Proposal by the Common Shares. Approval of any other proposal to come before the meeting requires the affirmative vote of a majority of the votes cast for or against the proposal by the Common Shares unless the North Carolina Business Corporation Act requires that the proposal be approved by the affirmative vote of a percentage of the votes entitled to be cast on the proposal. If a proposal may be approved by the affirmative vote of a majority of the votes cast on the proposal, abstentions, broker non-votes and shares which are present at the meeting for any other purpose but which are not voted on a particular proposal will not affect the outcome of the vote on the proposal.

Revocation of Proxies

You may revoke your proxy at any time before it is voted by filing a notice of such revocation, by filing a later dated proxy with the Secretary of the Company or by voting in person at the meeting. You cannot revoke your proxy by merely attending the meeting. If you dissent, you will not have any rights of appraisal with respect to the matters to be acted upon at the meeting.

Proxy Solicitation

We are making this solicitation and will pay the entire cost of preparing and distributing the Notice, proxy materials and Annual Report and soliciting proxies from the holders of our Common Shares. If you choose to access the proxy materials and Annual Report and/or vote over the Internet, you are responsible for any Internet access charges you may incur. Our directors, officers and employees may, but without compensation other than their regular compensation, also solicit proxies by telephone, telegraph, fax, e-mail or personal interview. We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending the Notice, proxy materials and Annual Report to shareholders.

THE BOARD RECOMMENDS THAT YOU VOTE FOR ALL OF THE NOMINEES SET FORTH ABOVE.

Director Independence

Our Corporate Governance Guidelines and the listing standards of the New York Stock Exchange require that a majority of our directors must be independent directors and every member of the Board's Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee be independent. Generally, independent directors are those directors who are not concurrently serving as officers of the Company and who currently have no material relationship to us that may interfere with the exercise of their independence from management and the Company. Our Board has affirmatively determined that the following nominees to our Board are independent, as that term is defined under our Corporate Governance Guidelines and the general independence standards in the listing standards of the New York Stock Exchange: Jack Africk, William G. Benton, Thomas E. Robinson and Allan L. Schuman. We presently have six directors, including these four independent directors.

Attendance at Board Meetings

The Board held five regular meetings during 2007. Each of the above directors attended at least 75% of the meetings held during 2007 by the Board and the committees of which he was a member. The non-management directors are required to meet in executive sessions periodically and following each regularly scheduled quarterly Board meeting. Non-management directors who are not independent under the rules of the New York Stock Exchange may participate in these executive sessions but independent directors should meet in executive session at least once per year. The non-management directors have designated Mr. Jack Africk to serve as Lead Director for purposes of presiding at the executive sessions. Our policies for non-management and independent director executive sessions were adopted with our Corporate Governance Guidelines in 2004. We do not have a formal policy of attendance for directors at our Annual Meeting of Shareholders. All of our directors attended the Annual Meeting of Shareholders in 2007.

Committees of the Board

The Board has four standing committees to facilitate and assist the Board in the execution of its responsibilities. The current committees are the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Share and Unit Option Committee. In accordance with New York Stock Exchange listing standards, all of the committees are comprised solely of non-employee, independent directors. Charters for audit, compensation, and nominating and corporate governance committees are available on the Company's website at www.tangeroutlet.com by first clicking on "INVESTOR RELATIONS" and then "CORPORATE GOVERNANCE". The table below shows current membership for each of the standing committees.

Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee	Share and Unit Option Committee
Jack Africk	Jack Africk (Chair)	Jack Africk	Jack Africk
William G. Benton (Chair)	William G. Benton	William G. Benton	William G. Benton
Allan L. Schuman	Thomas E. Robinson	Thomas E. Robinson (Chair)	Allan L. Schuman (Chair)
	Allan L. Schuman	Allan L. Schuman	

Audit Committee. The Board has established an Audit Committee consisting of three of our independent directors. The purpose of the Audit Committee is (i) to assist the Board in fulfilling its oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, the qualifications and independence of our independent registered public accountants and the performance of our independent registered public accountants and our internal audit function and (ii) to prepare any audit committee reports required by the SEC to be included in our annual proxy statement. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accountants and approves in advance, or adopts appropriate procedures to approve in advance, all audit and non-audit services provided by the independent registered public accountants. The Board has determined that each member of the Audit Committee is “financially literate”, as that term is defined in the listing requirements of the New York Stock Exchange, and that each member of the committee is an “audit committee financial expert”, as that term is defined in Item 401(h) of Regulation S-K. During 2007, there were five meetings of the Audit Committee.

Compensation Committee. The Board has established a Compensation Committee consisting of our four independent directors. The Compensation Committee is charged with determining compensation for our chief executive officer and making recommendations to the Board with respect to the compensation of other officers. During 2007, there were two meetings of the Compensation Committee.

Nominating and Corporate Governance Committee. The Board has established a Nominating and Corporate Governance Committee consisting of our four independent directors. The Nominating and Corporate Governance Committee makes recommendations to the Board of changes in the size of the Board or any committee of the Board, recommends individuals for the Board to nominate for election as directors, recommends individuals for appointment to committees of the Board, establishes procedures for the Board’s oversight of the evaluation of the Board and management, and develops and recommends corporate governance guidelines.

The Nominating and Corporate Governance Committee evaluates annually the effectiveness of the Board as a whole and identifies any areas in which the Board would be better served by adding new members with different skills, backgrounds or areas of experience. The Board considers director candidates based on a number of factors including: whether the Board member will be “independent” in accordance with our Corporate Governance Guidelines and as such term is defined by the New York Stock Exchange listing requirements; personal qualities and characteristics, accomplishments and reputation in the business community; experience with businesses and other organizations of comparable size and current knowledge and contacts in the Company’s industry or other industries relevant to the Company’s business; experience and understanding of the Company’s business and financial matters affecting its business; ability and willingness to commit adequate time to Board and committee matters; the fit of the individual’s skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company; and diversity of viewpoints, background, experience and other demographics. It is the policy of the Nominating and Corporate Governance Committee to consider nominees for the Board recommended by the Company’s shareholders in accordance with the procedures described under “Other Matters- Shareholder Proposals and Nominations” in this Proxy Statement. Shareholder nominees who are nominated in accordance with these procedures will be given the same consideration as nominees for director from other sources. During 2007, there were three meetings of the Nominating and Corporate Governance Committee.

Share and Unit Option Committee. The Board has established a Share and Unit Option Committee (referred to as the “Option Committee”) consisting of three of our independent directors. The Option Committee administers our Incentive Award Plan which provides for the issuance of equity-based awards to the Company’s employees and directors. The Option Committee selects the employees to whom equity-based awards under the Incentive Award Plan will be granted and establishes the terms and conditions of the awards based on recommendations and advice from the Compensation Committee. During 2007, there was one meeting of the Option Committee.

Communications with Directors

Any shareholder or interested party is welcome to communicate with any director, the non-management directors as a group or the Board of Directors as a whole by writing to the directors as follows: Tanger Factory Outlet Centers, Inc., Attention Lead Director, c/o the Corporate Secretary, 3200 Northline Drive, Suite 360, Greensboro, NC 27408.

Compensation of Directors

During 2007, our non-employee directors were paid an annual compensation fee of \$20,000 and a per meeting fee of \$1,500 (\$500 for telephone meetings) for each Board meeting and each committee meeting attended. In addition, the Lead Director and the chairman of the Audit Committee were each paid an annual compensation fee of \$10,000 and the chairman of each other committee was paid an annual compensation fee \$7,500. The Board decided not to increase any of their fees during 2008. Our employees who are also directors will not be paid any director fees for their services as directors of the Company. Our non-employee directors are reimbursed for their expenses incurred in attending Board meetings.

We may from time to time under the Incentive Award Plan grant to any non-employee director options, restricted or deferred shares, dividend equivalents or other awards upon approval of the entire Board. The Board selects the non-employee directors to whom equity-based awards under the Incentive Award Plan will be granted and establishes the terms and conditions of the awards based on recommendations and advice from the Compensation Committee. Based on the advice and recommendations of an independent compensation consultant retained by the Compensation Committee, the Board approved an award to each non-employee director of 2,500 restricted Common Shares during 2007 and 2006, and 2,000 restricted Common Shares during 2005. The restrictions on the shares shall cease to apply with respect to one-third of the shares which are the subject of each grant, and those shares will vest on each December 31st following the date of grant. Dividends are paid on the restricted Common Shares from the date of the grant. All future grants of restricted Common Shares to non-employee directors will be the subject of a separate grant by the Board.

The following table shows the total compensation for our non-employee directors for each of the fiscal years ended December 31, 2007 and 2006:

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The purposes and responsibilities of the Compensation Committee of the Board include the following:

- Review and approve corporate goals and objectives relevant to the compensation of the CEO, evaluate the CEO’s performance and determine and approve the CEO’s compensation level based on this evaluation,
- Make recommendation to the Board with respect to the compensation of non-employee directors and officers other than the CEO,
- Periodically review the Company’s incentive-compensation and equity-based plans and approve any new or materially amended equity-based plan, and
- Oversee, with management, regulatory compliance with respect to compensation matters including the Company’s compensation policies with respect to Section 162(m) of the Internal Revenue Code of 1986 (referred to as the “Code”).

Compensation Program Objectives and Rewards

The objectives of the Company’s compensation program are as follows:

- To attract, retain and motivate qualified executive management who are enthusiastic about the Company’s mission and culture.
- Create a fair, reasonable and balanced compensation program that rewards management’s performance and contribution to the Company while closely aligning the interests of management with those of shareholders.
- Provide total compensation to executive officers which is competitive with total compensation paid by other REITs, and other private real estate firms similar to the Company.

What Our Compensation Program is Designed to Reward

The Company’s compensation program is designed to reward both teamwork and the individual officer’s contribution to the Company with respect to annual and longer-term goals. Annual cash performance-based incentives reward both Company financial and individual performance for the fiscal year. In measuring an individual executive officer’s and the overall team’s performance, the Compensation Committee considers numerous factors including the Company’s growth in funds from operations (referred to as “FFO”) from the prior year, its dividend payout ratio, the success in renewing a significant amount of the leases expiring during the year, increases obtained in tenant base rents upon executing renewals or new leases, overall occupancy rate maintained at year end, increases in tenant sales and the overall annual total return to shareholders. While the individual amounts of compensation incentives paid may vary among officers, the performance targets that are set are generally the same for all officers, thereby creating an environment where all officers work together to achieve a common goal. Equity-based awards provide long-term incentives designed to reward price appreciation of our Common Shares over a five-year period.

Elements of Compensation

Historically, the Company's primary components of compensation for its executive officers have been base salary, annual incentive cash bonuses and long-term equity-based incentive compensation. There is no pre-established policy or target for the allocation between cash and non-cash incentive compensation.

Within the framework of aligning total compensation with corporate and individual performance, each of the components are evaluated as follows:

- Annual base salaries are designed to provide the executive with a minimum compensation level consistent with the individual's position and duties relative to his or her peers.
- Annual incentive cash bonuses are designed to reward the executive for the achievement of strategic and financial goals of the Company during each fiscal year. In conjunction with the executive's base salary, the Company attempts to keep total cash compensation within the Company's fiscal year budget while reinforcing its pay-for-performance philosophy.
- Long-term incentives are designed to closely align the interests of management with those of shareholders. The long-term incentives granted to executives are evaluated on an annual basis and the terms of the awards are considered relevant to the length of the employment contract and/or performance period.
- The Company seeks to maintain a competitive total compensation package that aligns the economic interest of the executives with that of shareholders while maintaining sensitivity to multiple factors including the Company's fiscal year budget, annual accounting cost and the impact to share dilution.

Role of Compensation Consultants and Use of Aggregate Peer Group Data

Since 2004, the Compensation Committee has engaged the services of an outside compensation consultant, the SMG Advisory Group, LLC, (referred to as "SMG") to assist it in determining the proper amounts, types and mix of compensation to executive officers in order to achieve the overall objectives as described above. The Compensation Committee, with the help of SMG, annually reviews the compensation practices of other REITs. The Compensation Committee uses this data for informational purposes and does not utilize it to set specific targets or benchmarks. Based in part on this data and analysis provided by SMG, the Compensation Committee develops a compensation plan which is intended to maintain the link between corporate performance and shareholder wealth creation while being generally competitive within our industry and geographic location.

During each fiscal year, management prepares tally sheets that set forth the Company's total compensation obligations to the CEO and the other officers. These tally sheets, which include the executive's realized compensation from the prior year and targeted compensation for the coming year, are provided to SMG for the purpose of presenting the Compensation Committee with an analysis of the compensation of our executives compared to that of our peer companies. This analysis is then discussed and reviewed by the Compensation Committee.

The comparative data is useful in setting and adjusting executive compensation. The analysis compares both the base salary and incentive cash bonus together as a total and the total overall compensation to the average, 25th, 50th and 75th percentile of the targeted peer group. In general, the aim is to ensure the target compensation levels are competitive with our peer group, with an opportunity to earn above-market rewards when shareholders have achieved above-market returns. In some cases, the Committee has determined that setting and paying target compensation above this range is justified due to a number of factors, including the Company's or individual's overall performance relative to the peer group and the unique circumstances associated with any individual candidate.

In selecting the targeted peer group, the Company considers REITs based upon the following characteristics: (i) industry sector, (ii) market capitalization, (iii) peer group continuity from year to year and (iv) peer group utilized for Common Share performance measurement. The peer group that was selected for 2007 includes the following REITs:

Acadia Realty Trust	Ramco-Gershenson Properties Trust
CBL & Associates Properties, Inc.	Realty Income Corporation
Developers Diversified Realty Corporation	Regency Centers Corporation
Equity One, Inc.	Simon Properties Group, Inc.
Federal Realty Investment Trust	Taubman Centers, Inc.
Glimcher Realty Trust	The Macerich Company
Kimco Realty Corporation	Urstadt Biddle Properties, Inc.
National Retail Properties, Inc.	Weingarten Realty Investors
Pennsylvania Real Estate Investment Trust	

Role of Management and the Chief Executive Officer in Setting Executive Compensation

On an annual basis, management considers market competitiveness, business results, experience and individual performance in evaluating executive compensation. Our CEO, Mr. Stanley K. Tanger, is actively engaged in setting compensation for other executives through a variety of means, including recommending for Committee approval the financial performance goals for his executive team. He works closely with our Chief Operating Officer (referred to as the “COO”), Mr. Steven B. Tanger, in analyzing relevant market data to determine base salary, annual bonus targets and equity compensation awards for our senior management. Targets are set in order to drive both annual performance and long-term value creation for shareholders. The CEO and COO are subject to the same financial performance goals as the other officers, all of which are approved by the Compensation Committee. The Compensation Committee will consider, but is not bound by and does not always accept, the CEO and COO’s recommendations with respect to executive compensation.

Determination of Executive Compensation

A broad range of facts and circumstances is considered in setting executive compensation. Among the factors considered for our executives generally, and for the named executive officers (referred to as the “NEOs”) in particular, are market competitiveness, company results, internal equity, past practice, experience and individual performance. The weight given each factor may differ from year to year, and may differ among individual NEOs in any given year. In general, when determining year-over-year compensation for current NEOs, peer company metrics, business results and internal equity generally factor more heavily into the analysis, particularly when falling within the peer group range.

Business results from the most recently completed fiscal year factor heavily in setting executive compensation. These results are reviewed and discussed by the Compensation Committee and its compensation consultants. The financial results against the targets approved by the Compensation Committee under our incentive compensation plans generally determine payouts under those plans for the fiscal year just ended. In addition, these results typically form the basis for setting performance targets for the next fiscal year. Based on the financial results presented by management, the Committee reviews the individual performance of the NEOs (other than the CEO) as reported by the CEO and approves their compensation for the current fiscal year.

In evaluating the performance of the CEO and setting his compensation, the Compensation Committee takes into account corporate financial performance, as well as performance on a range of non-financial factors, including accomplishment of strategic goals, workforce development and succession planning, and the working relationship with the Board. Overall, the Compensation Committee and the Board believe that the Company, under the CEO’s leadership in 2007, achieved superior financial results, as well as significant achievement on a broad range of non-financial goals.

2007 Compensation

When determining the specific amounts of compensation to be provided to the executive officers during 2007, in addition to all of the factors and elements described above, the Compensation Committee noted that the Company had achieved a number of its specific goals for the 2006 fiscal year. For the year ending December 31, 2006, our shareholders were rewarded with outstanding returns on their investment:

- During 2006, our shareholders received a 41.5% total return on their investment, up from 14.3% in 2005 and 38.1% in 2004
- Over the 5 year period ending in 2006, our shareholders received a total return of 413.50%, representing a compound annual return of approximately 39% per year
- We outperformed the S&P 500 for the 7th consecutive year and the NAREIT All Equity REIT Index for the 5th consecutive year
- We ranked 1st among 9 mall REITs and 5th out of 104 equity REITs in total return to shareholders during the last five years

During 2006, our FFO for the year, excluding non-recurring charges, increased 14.9% on a per share basis as compared to the prior year. This compares to an increase in FFO per share of 11%, excluding non-recurring charges, during 2005 as compared to 2004. FFO represents income before extraordinary items and gains (losses) on sale or disposal of depreciable operating properties, plus depreciation and amortization uniquely significant to real estate and after adjustments for unconsolidated partnerships and joint ventures. For a further discussion of FFO, please see our 2007 Annual Report under the section "Management Discussion and Analysis of Financial Condition and Results of Operations-Funds from Operations".

Our market capitalization increased 24% during 2006 to \$2.2 billion, average tenant sales per square foot, on a comparable basis, increased 4.8% to \$338, and average base rental rates on leases released and renewed during the year increased 22.9% and 11.4%, respectively. We opened two new outlet centers during the year, a 352,300 square foot center in Charleston, South Carolina and a 264,900 square foot outlet center in Wisconsin Dells, Wisconsin. Our year end occupancy rate was 97.5%, marking the 26th consecutive year we have achieved a year end occupancy rate at or above 95%.

Base Salary: Description and Analysis

Consistent with the Company's philosophy of tying pay to performance, executives receive a significant percentage of their overall targeted compensation in a form other than base pay. Although the Compensation Committee does not determine base salary levels on any specific percentile of base salaries paid to comparable officers in the targeted peer group, the NEOs are paid an amount in the form of base pay within the peer group range, and sufficient to attract competent executive talent and maintain a stable management team.

For 2007, the Company provided, in varying degrees, a base pay increase to the vast majority of its employees; likewise, all of the NEOs received base pay increases in various degrees in 2007. The amount of the increases, if any, varied primarily based on market competitiveness, with the base salary increases being effective January 1, 2007.

Given the Company's success during 2006, the Compensation Committee recommended that the salary of the CEO, be increased during 2007 by 10%, the salary of the COO be increased by 8%, the salary of the Chief Financial Officer (referred to as the "CFO") be increased 7% and that the salaries of all other executive officers be increased up to 5% at the discretion of the CEO and COO. Based upon the recommendations of the compensation consultants, the CEO and COO determined it was appropriate to increase the salaries of each of the other NEOs by 5% in order to reward these officers uniformly based on the Company's performance. The Compensation Committee believes that the base salary increases for the CEO, COO and CFO reflect the importance and critical nature of these positions as they relate to the success of the Company. The difference in the amounts of compensation paid to the CEO and the rest of the named executive officers is primarily the result of the consideration of aggregate market data that reflects the differing roles and responsibilities of the NEOs. The Compensation Committee believed that each executive officer's base salary compensation was fair compared to his or her comparable position within the peer group.

Each of the NEO's has an employment agreement with the Company that includes a provision whereby the executive's base salary shall not be less than certain previous amounts. See "Employment Contracts" in this Proxy Statement.

Annual Cash Incentives: Description and Analysis

During 2007, all executive officers were eligible for an annual incentive cash bonus payment based upon achieving certain performance criteria during the year. The performance criteria were approved and set by the Compensation Committee at the beginning of the fiscal year. The annual incentive cash bonus for a fiscal year is typically paid in the first quarter of the following year once the results for the year have been completed.

Each executive's annual incentive cash bonus amount is based upon Threshold, Target, Maximum, and in the case of the CEO, COO and CFO, Minimum, percentages of base salary. See the 2007 Grant of Plan Based Awards on page 16 for the dollar amounts payable under each of these categories. Generally, executives must be employed as of the last day of the year to receive payment under the annual incentive cash bonus plan for that year.

The Minimum, Threshold, Target and Maximum amounts for 2007 were as follows (as a percentage of base salary):

Named Executive Officer	Minimum	Threshold	Target	Maximum
Stanley K. Tanger, CEO	75%	100%	125%	175%
Steven B. Tanger, COO	75%	100%	125%	160%
Frank C. Marchisello, Jr., CFO	75%	100%	125%	150%
Joseph H. Nehmen, Senior Vice President – Operations	---	5%	10%	20%
Lisa J. Morrison, Senior Vice President – Leasing	---	5%	10%	20%

The annual incentive cash bonuses payable to NEOs are based on achievement of several company performance measures that incentivize such officers to focus on the achievement of strategic and financial goals of the Company. The corporate performance measures and the target levels required to achieve the incentive bonus for 2007 approved by the Compensation Committee included:

Performance Measure	2007 Target Levels				
	Minimum	Threshold	Target	Maximum	% of total award
Growth in FFO per share	7%	8%	9.5%	11%	20%
Achievement of Company's business plan:					
· Lease renewal rate	90%	92%	94%	96%	5%
· Average increase in base rental rates: upon lease renewals leased to new tenants	7%	8%	9%	11%	5%
· Average year-end occupancy rate	8%	10%	15%	20%	5%
· Average increase in tenant sales	95%	96%	97%	98%	5%
	2%	3.5%	4.5%	5%	5%
Payout ratios:					
· FFO payout ratio	61%	60%	59%	58%	10%
· Funds available for distribution (FAD) payout ratio	85%	84%	83%	82%	10%
Total shareholder return:					
· Total return to shareholders	8%	10%	12%	14%	10%
· Total return relative to NAREIT All Equity Index	equal to index	5%	10%	20%	10%
Achievement of portfolio growth objectives	2 out of 5 objectives	3 of 5 objectives	4 of 5 objectives	5 of 5 objectives	15%

The Compensation Committee, at its discretion, may adjust the predetermined FFO targets to exclude significant non-recurring charges.

The Compensation Committee believes that these strategic and financial goals are key drivers in ultimately increasing the equity value of the Company and thus that these goals ultimately help align the interests of our NEOs and our shareholders. If minimum performance measure targets are not met, no bonuses are paid. If maximum targets are met or exceeded, bonuses may be substantial but are capped as set forth in the table above.

In 2007, the Company surpassed some of the minimum target levels but did not surpass all of the maximum performance targets. With respect to the achievement of portfolio growth objectives, the Company met 4 of the 5 objectives during 2007. At the time the growth objectives were set, the Compensation Committee believed the targets would be challenging and difficult, but achievable with significant effort and skill.

Ms. Morrison also participates in a separate incentive cash bonus program designed to reward the Company's leasing employees for successfully executing new leases and renewing existing leases with our tenants. Management believes it is desirable for all leasing employees to participate in this plan in order to provide incentives for maximizing and growing the Company's revenues. Per the terms of her employment contract, Ms. Morrison is eligible to receive an annual incentive cash bonus equal to the lesser of (1) 75% of her salary or (2) the average of the bonuses received by certain leasing employees who report directly to her. Ms. Morrison receives the higher of the bonus as calculated under the Company's incentive cash bonus plan for executive officers or the bonus calculated under the terms of her employment contract, but not both. Ms. Morrison also participated in a separate bonus program during 2007 where she is eligible to receive a bonus based on her leasing team reaching certain goals with respect to achieving minimum overall occupancy rates and minimum average rental rate increases on existing leases renewed or new leases executed during that year. In addition, Ms. Morrison is eligible to receive a bonus for leases that were executed prior to 2007 relating to new development projects, but which the Company did not consider earned and payable until construction actually began on those new developments.

The actual annual bonus payments kept total cash compensation within the Company's fiscal year budget and reinforced its pay-for-performance philosophy.

Long-Term Incentives: Description and Analysis

Long term incentives are determined based on peer group compensation practices combined with recommendations of management and the Compensation Committee. The Company's long-term incentive compensation consists of equity-based awards under its Incentive Award Plan, either in the form of restricted Common Shares or options to acquire Common Shares at a predetermined price. Equity-based awards deliver increased value only when the value of our Common Shares increases.

The Option Committee administers our Incentive Award Plan, which provides for the issuance of equity-based awards to our officers and employees. The Compensation Committee makes recommendations and provides advice and information to the Option Committee with respect to equity-based awards. The Option Committee makes the awards and establishes the terms and conditions of the awards, including voting, as it deems appropriate.

Restricted Common Share Awards

The awards of restricted Common Shares focus on aligning the interests of management with those of our shareholders.

On February 20, 2007, the Option Committee awarded 72,000 restricted Common Shares to Mr. Stanley K. Tanger, 48,000 restricted Common Shares to Mr. Steven B. Tanger and 20,000 restricted Common Shares to Mr. Frank C. Marchisello, Jr. These awards were identical to the awards made in 2006. In addition, the Compensation Committee recommended that the Option Committee make awards of restricted Common Shares to other executive officers based upon the recommendations of the CEO and COO. Based on such recommendations and consistent with the advice of the Compensation Committee and its outside compensation consultants, the Option Committee awarded 2,000 restricted Common Shares to each of the other executive officers.

In setting the amounts and terms of the restricted Common Shares, the Compensation Committee and the Option Committee consider the value of previous grants of restricted Common Shares and the total compensation expense recognized in the Company's financial statements with respect to all previous grants of restricted Common Shares. The total annual expense recognized during 2007 for all such grants is included in the Summary Compensation Table below. However, the Option Committee does not necessarily limit the number of shares to be granted based on the total value or annual expense recognized in the financial statements because the Committees generally consider grants of restricted Common Shares to represent both an annual reward for individual and Company performance achieved for the most recently completed fiscal year as well as a longer-term incentive for future performance. Restricted Common Shares are generally granted during the first quarter of the current year once the results from the previous year are finalized.

The restricted Common Shares granted to the executive officers during 2007 vest and the restrictions cease to apply on twenty percent of the award on February 28 of each year over a five-year period, beginning on February 28, 2008. Dividends are paid on all restricted Common Shares whether vested or unvested. The Option Committee believes that restricted Common Share grants with time-based vesting features provide the desired incentive to increase the Company's share price and therefore the wealth of our shareholders over a 5-year period. If the Company has poor relative performance that results in poor shareholder returns, then the value of the restricted Common Shares, and likewise the executive's total compensation, will be reduced. If the Company has superior relative performance that results in superior shareholder returns, then the value of the restricted Common Shares, and likewise the executive officer's total compensation, will be significantly increased.

The Company measures the fair value under FAS 123(R) of all restricted Common Share awards with time-based vesting features based on the provisions of the Incentive Award Plan. Under those provisions, fair value is considered to be the closing price of our Common Shares on the last trading day prior to the grant date.

Common Share Option Awards

During 2007, the Compensation Committee considered a recommendation from the compensation consultants to grant options to acquire Common Shares to each of the executive officers. The Compensation Committee decided that no options should be awarded since all of the executive officers were being awarded restricted Common Shares.

Options have not been utilized as a means of executive compensation since 2004. The Compensation Committee does consider them, however, as a form of compensation and includes them in its annual assessment of executive compensation.

When awarded in the past, options were granted with an exercise price equal to the fair market value of our Common Shares. Under the terms of the Incentive Award Plan, the fair market value of our Common Shares is considered to be the closing price on the last trading day prior to the grant date. The Company does not backdate options, grant options retroactively, or coordinate grants of options so that they are made before announcements of favorable information, or after announcements of unfavorable information.

Retirement Benefits

The Company does not provide any retirement benefits to its executive officers, other than matching a portion of employee contributions to a 401(k) plan. Employee contributions are matched by us at a rate of compensation to be determined annually at our discretion. This benefit is generally available to all employees of the Company.

Employment Contracts and Change in Control

The Company's business is competitive and the Compensation Committee believes that it is extremely desirable for the Company to maintain employment contracts with its senior executives. The employment contracts generally provide for severance pay if the executive terminates his employment for Good Reason or is terminated by the Company without Cause, as defined in each agreement. The severance arrangements provided in the contracts are designed to promote stability and continuity of senior management. For certain executives, the employment contracts consider a change in control as Good Reason for an executive to terminate his or her employment, and thus would entitle him or her to certain severance pay.

The Company currently has employment contracts with each of the NEOs on page 19 of this Proxy Statement. See "Employment Contracts" in this Proxy Statement.

Perquisites

The Company does not provide significant perquisites or personal benefits to executive officers, except that Mr. Stanley K. Tanger and Mr. Steven B. Tanger are each given a monthly car allowance of \$800 and the Company pays the premiums on life insurance policies for each executive which totaled \$6,814 for Mr. Stanley K. Tanger and \$12,970 for Mr. Steven B. Tanger during 2007.

The Company leases a fractional ownership in a corporate aircraft. The corporate aircraft is made available for the personal use of Mr. Stanley K. Tanger because the Company believes the security and efficiency benefits clearly outweigh the expense. However, Mr. Stanley K. Tanger maintains a cash deposit with the Company which is used to fully reimburse us for all related costs of his personal use, including costs that are charged based on usage, such as flight costs and fuel costs, as well as a pro rata portion of any related fixed costs, such as monthly management fees and lease rental payments. In addition, depending on seat availability, Mr. Stanley K. Tanger's family members occasionally accompany him on the corporate aircraft during business trips, at no incremental cost to the Company.

Deductibility of Executive Compensation

Subject to certain limited exemptions, Section 162(m) of the Code denies an income tax deduction to any publicly held corporation for compensation paid to a "covered employee" (which is defined as the CEO and each of the Company's other four most highly compensated officers, excluding the CEO) to the extent that such compensation in any taxable year of the employee exceeds \$1 million. In addition to salaries, bonuses payable to the Company's executives under their present employment contracts and compensation attributable to the exercise of options and other share-based awards that may be granted under the Incentive Award Plan constitute compensation subject to the Section 162(m) limitation. The Incentive Award Plan permits, but does not require, share-based awards to qualify as "performance-based compensation" which is exempt from application of the Section 162(m) limitation. It is the Company's policy to take account of the implications of Section 162(m) among all factors reviewed in making compensation decisions. However, the Compensation Committee, while considering tax deductibility as one of its factors in determining compensation, will not limit compensation to those levels or types of compensation that will be deductible if it determines that such award is consistent with its philosophy and is in the Company's and the shareholders' best interests, and accordingly, some portion of the compensation paid to a Company executive may not be tax deductible by the Company under Section 162(m). The Compensation Committee will, of course, consider alternative forms of compensation, consistent with its compensation goals, that preserve deductibility.

Section 280G, Section 4999 and Section 409A of the Code impose certain taxes under specified circumstances. Section 280G and Section 4999 provides that any executives, directors who hold significant shareholder interests, and certain other service providers could be subject to significant additional taxes if they receive certain payments or benefits in connection with a change in control of the Company, and that the Company could lose a deduction on the amounts subject to additional tax. The Company has no policy or commitment to provide any executive or director with any gross-up or other reimbursement for tax amounts that such executive might pay pursuant to these laws. Section 409A imposes additional significant taxes in the event that an executive, director or other service provider receives deferred compensation that does not meet the requirements of Section 409A. The impact of Section 409A of the Code is considered by the Compensation Committee and the Company's executive plans and programs are generally designed to comply with or be exempt from Section 409A in order to avoid potential adverse tax consequences that may result from noncompliance.

REPORT OF THE COMPENSATION COMMITTEE

We have reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, we recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) The date approved by the Board's Compensation Committee or Option Committee with respect to equity-based awards. Under the terms of our Incentive Award Plan, the grant date fair value is considered to be the closing price of the Company's Common Shares on the day prior to the grant date, which for the 2007 awards was \$42.31.
- (2) These columns show the range of estimated payouts targeted for 2007 performance under our annual incentive cash bonus plan for our executive officers as described in the section titled "Annual Cash Incentives" in the Compensation Discussion and Analysis. The actual cash bonus payment made in 2008 for 2007 performance, based on the metrics described, amounted to 135.68% of base salary for Mr. Stanley K. Tanger, 126.82% for Mr. Steven B. Tanger, 120.91% for Mr. Marchisello and 14.39% for Mr. Nehmen.
- (3) Restricted Common Shares granted under our Incentive Award Plan are described in the Outstanding Equity Awards at Fiscal Year-End Table below. Dividends are paid on unvested restricted Common Shares.
- (4) Per the terms of her contract, Ms. Morrison is eligible to receive a cash bonus equal to the lesser of (1) 75% of her salary or (2) the average of the bonuses received by certain leasing employees who report directly to her. Ms. Morrison receives the higher of the bonus as calculated under our annual incentive cash bonus plan for executive officers or the bonus calculated under the terms of her employment contract, but not both. During 2007, Ms. Morrison received a cash bonus based on the terms of her employment contract in the amount of \$158,340. Ms. Morrison also participated in a separate bonus program during 2007 where she received a \$12,000 bonus due to her leasing team reaching certain goals with respect to achieving minimum overall occupancy rates and minimum average rental rate increases on existing leases renewed or new leases executed during that year. In addition, Ms. Morrison was paid \$22,264 as a bonus for leases that were executed prior to 2007 relating to new development projects, but which the Company did not consider earned and payable until construction actually began on those new developments.

OUTSTANDING EQUITY AWARDS AT YEAR END 2007

Employment Contracts

Each of Stanley K. Tanger and Steven B. Tanger will receive annual cash compensation in the form of salary and bonus pursuant to a three-year employment contract effective as of January 1, 2004. The employment contracts will be automatically extended for one additional year on January 1 of each year unless the executive's employment is terminated, or we give written notice to the executive within 180 days prior to such January 1 that the contract term will not be automatically extended. The base salary provided for in such contracts may be increased but not decreased each year.

Upon termination of employment, Stanley K. Tanger has agreed not to compete with us for the remainder of his life. Upon termination of employment, Steven B. Tanger has agreed not to compete with us for one year (or three years if severance compensation is received) within a 50 mile radius of the site of any commercial property owned, leased or operated by us or within a 50 mile radius of any commercial property which we negotiated to acquire, lease or operate within the six month period prior to termination. Each executive's covenant not to compete mandates that, during the term of his employment contract and during the effective period of the covenant, such executive direct his commercial real estate activities through us, with exceptions for development of properties which were owned collectively or individually by them, by members of their families or by any entity in which any of them owned an interest or which was for the benefit of any of them prior to the Company's initial public offering (including the one factory outlet center with a total of 64,288 square feet in which Stanley K. Tanger, prior to the sale to a third party in February 2007, was a 50% partner and a single shopping center in Greensboro, North Carolina with a total of 24,440 square feet (referred to as the "Excluded Properties")). In no event will either of the Tangers engage in the development, construction or management of factory outlet shopping centers or other competing retail commercial property outside of the Company or the Operating Partnership during the effective period of the covenant not to compete (with the exception of the Excluded Properties).

In addition, the Tangers will not engage in any active or passive investment in property relating to factory outlet centers or other competing retail commercial property, with the exception of the ownership of up to one percent of the securities of any publicly traded company.

If the employment of either of the Tangers terminates without Cause, as defined in the agreement, or such employment is terminated by the executive with Good Reason, as defined in the agreement, the terminated executive shall receive a severance benefit equal to 300% of the sum of (a) his annual base salary, (b) the higher of (i) the prior year's annual bonus or (ii) the average annual bonus for the preceding three years, and (c) his automobile allowance for the current year. Share based awards under our Incentive Award Plan are included in the calculation of the prior year's annual bonus and average annual bonus. If employment terminates by reason of death or disability, the executive or his estate shall receive a lump sum amount equal to (a) his annual base salary that would have been paid for the remaining contract term if employment had not terminated, plus (b) the executive's annual bonus which would have been paid during the year of termination had employment not terminated, multiplied by a fraction the numerator of which is the number of days in the year prior to termination and the denominator of which is 365.

The employment contracts with Stanley K. Tanger and Steven B. Tanger also grant them certain registration rights with respect to the Common Shares that they beneficially own.

Frank C. Marchisello, Jr. has a three-year employment contract effective January 1, 2004. Mr. Marchisello's contract will be automatically extended for one additional year on January 1 of each year unless the executive's employment is terminated, or we give written notice to the executive within 180 days prior to such January 1 that the contract term will not be automatically extended. The base salary provided for in Mr. Marchisello's contract may be increased but not decreased each year.

If Mr. Marchisello's employment is terminated by reason of death or disability, he or his estate will receive as additional compensation an amount equal to his annual base salary and a pro rata portion of the annual bonus earned for the contract year in which the termination occurs. Further, if Mr. Marchisello's employment is terminated by us without Cause, or by Mr. Marchisello for Good Reason, as those terms are defined in the agreement, Mr. Marchisello will receive a severance payment equal to 300% of the sum of (a) his annual base salary for the current contract year and (b) the higher of (i) the prior year's annual bonus or (ii) the average annual bonus for the preceding three years, to be paid monthly over the succeeding 36 months. Share based awards under our Incentive Award Plan are included in the calculation of the prior year's annual bonus and average annual bonus.

Joseph H. Nehmen has a three year employment contract effective January 1, 2003. Mr. Nehmen's contract will be automatically extended for one additional year on January 1 of each year unless the executive's employment is terminated, or we give written notice to the executive within 180 days prior to such January 1 that the contract term will not be automatically extended. Mr. Nehmen's base salary for subsequent years in no event may be less than his annual base salary for the previous contract year.

If Mr. Nehmen's employment is terminated by reason of death or disability, he or his estate will receive as additional compensation an amount equal to his annual base salary for the contract year in which the termination occurs. Further, if Mr. Nehmen's employment is terminated by us without Cause, or by Mr. Nehmen for Good Reason, as those terms are defined in the agreement, Mr. Nehmen will receive a severance payment equal to 300% of his annual base salary for the current contract year, to be paid monthly over the succeeding 36 months.

Lisa J. Morrison's employment contract expired December 31, 2007. Ms. Morrison's contract may be extended for additional one year periods by written agreement by both parties prior to the end of the initial term or any extended term. We are currently negotiating, but we have not finalized, a renewal of Ms. Morrison's employment contract. The contract established a base salary for calendar year 2006 of \$210,000. Ms. Morrison's base salary for subsequent years shall not be less than \$210,000. In addition, Ms. Morrison will be paid a bonus each year equal to the lesser of (i) seventy-five percent (75%) of her base salary in effect on the last day of such calendar year and (ii) the average bonus, as defined in the agreement, paid to our employees who are leasing representatives.

During the respective term of employment and for a period of one year thereafter (three years in the case of Mr. Marchisello and Mr. Nehmen if the executive receives a severance payment of 300% of his annual base salary), each of Mr. Marchisello and Mr. Nehmen is prohibited from engaging directly or indirectly in any aspect of the factory outlet business within a radius of 50 miles of, or in the same state as, any factory outlet center owned or operated by us. Ms. Morrison, during the term of her employment and for a period of three months thereafter, is prohibited from engaging in any activities involving developing or operating a factory outlet shopping facility within a radius of 50 miles of any retail shopping facility owned, operated or managed by us at any time during her employment.

Stanley K. Tanger, Steven B. Tanger and, effective January 1, 2008, Frank C. Marchisello, Jr., are employed and compensated by both the Operating Partnership and the Company. The Compensation Committee believes that the allocation of such persons' compensation between the Company and the Operating Partnership reflects the services provided by such persons with respect to each entity. All other employees are employed solely by the Operating Partnership.

Potential Payments on Termination or Change in Control

The table below reflects the amount of compensation payable to each of our named executive officers in the event of termination of such executive's employment. The amount of compensation payable to each named executive officer is shown in the table below (1) upon termination by the Company without Cause or by the executive for Good Reason, (2) termination as a result of a Change in Control, (3) termination as a result of death, (4) termination as result of Disability, and (5) termination by the Company for Cause or by the executive without Good Reason. The terms "Cause", "Change in Control", "Disability" and "Good Reason" are defined in the employment contracts of Mr. Stanley K. Tanger, Mr. Steven B. Tanger, Mr. Marchisello and Mr. Nehmen, and are generally as stated below.

"Cause" - The Company shall have "Cause" to terminate the executive's employment upon the executive's (i) causing material harm to the Company through a material act of dishonesty in the performance of his or her duties, (ii) conviction of a felony involving moral turpitude, fraud or embezzlement, or (iii) willful failure to perform his or her material duties (other than a failure due to disability) after written notice and a reasonable opportunity to cure.

"Change of Control" - shall mean (A) the sale, lease, exchange or other transfer (other than pursuant to internal reorganization) by the Company or the Operating Partnership of more than 50% of its assets to a single purchaser or to a group of associated purchasers; (B) a merger, consolidation or similar transaction in which the Company or the Operating Partnership does not survive as an independent, publicly owned corporation or the Company ceases to be the sole general partner of the Partnership; or (C) the acquisition of securities of the Company or the Operating Partnership in one or a related series of transactions (other than pursuant to an internal reorganization) by a single purchaser or a group of associated purchasers (other than the executive or any of his or her lineal descendants, lineal ancestors or siblings) which results in their ownership of twenty-five (25%) percent or more of the

number of Common Shares of the Company (treating any Operating Partnership Units or Preferred Shares acquired by such purchaser or purchasers as if they had been converted to Common Shares) that would be outstanding if all of the Operating Partnership Units and Preferred Shares were converted into Common Shares; (D) a merger involving the Company if, immediately following the merger, the holders of the Company's shares immediately prior to the merger own less than fifty (50%) of the surviving company's outstanding shares having unlimited voting rights or less than fifty percent (50%) of the value of all of the surviving company's outstanding shares; or (E) a majority of the members of the Company's Board of Directors are replaced during any twelve month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election.

"Disability" - shall mean the absence of the executive from the executive's duties to the Operating Partnership and/or the Company on a full-time basis for a total of 16 consecutive weeks during any 12 month period as a result of incapacity due to mental or physical illness which is determined to be total and permanent by a physician selected by the Partnership or the Company and acceptable to the executive or the executive's legal representative.

"Good Reason" - The executive shall have Good Reason to terminate his or her employment upon the occurrence of any of the following events:

- any material adverse change in job titles, duties, responsibilities, perquisites, or authority without his or her consent;
- if, after a Change of Control, either (i) the principal duties of the executive are required to be performed at a location other than the Greensboro, North Carolina metropolitan area (or New York, New York in the case of Mr. Steven B. Tanger) without his or her consent or (ii) in the case of Mr. Stanley K. Tanger and Mr. Steven B. Tanger, the executive no longer reports directly to the Board of Directors;
- a material breach of the employment agreement by the Operating Partnership or Company, including without limitation, the failure to pay compensation or benefits when due if such failure is not cured within 30 days after written demand for payment thereof;
- the executive's election to terminate employment within the 180 day period following a Change of Control; or
- in the case of Mr. Stanley K. Tanger and Mr. Nehmen, the relocation of the Company and/or the Operating Partnership headquarters outside of the Greensboro, North Carolina metropolitan area without his consent;
- in the case of Mr. Stanley K. Tanger and Mr. Steven B. Tanger, if the executive is removed, or is not re-elected as a Director of the Company.

The employment contracts of Mr. Stanley K. Tanger, Mr. Steven B. Tanger, Mr. Marchisello and Mr. Nehmen consider a change in control as Good Reason for an executive to terminate his or her employment, and thus would entitle him to certain severance benefits. For purposes of the table below, however, we consider the caption representing the termination by the Company without Cause or by the executive for Good Reason to exclude an event of a change in control. In addition, any severance benefits or additional compensation that these four executives are eligible to receive upon termination will be reduced to the extent necessary to prevent the executive from having any liability for the federal excise tax levied on certain "excess parachute payments" under section 4999 of the Code. The amounts shown in the table below show the maximum amounts the executives would be eligible to receive upon termination assuming no such reduction in compensation or benefits would be required.

The amounts shown below assume that such termination was effective December 31, 2007, and thus amounts earned through such time are estimates of the amounts which would be paid out to the executives upon termination. In addition, the amounts shown below assume that the annual incentive cash bonus each executive was eligible to receive for the 2007 fiscal year would have been earned but unpaid at December 31, 2007. The actual amounts to be paid can only be determined at the time of such executive's separation from the Company.

Certain Relationships and Related Party Transactions

The Company, through its majority owned subsidiaries, owns the majority of the units of partnership interest issued by the Operating Partnership and controls the Operating Partnership as its general partner. The Tanger Family Limited Partnership (referred to as “TFLP”) holds a limited partnership interest in and is the minority owner of the Operating Partnership. Stanley K. Tanger, the Company’s Chairman of the Board and Chief Executive Officer, is the sole general partner of TFLP. During 2007, the Operating Partnership made quarterly distributions to TFLP totaling \$8.6 million. Such distributions were made on the same pro rata basis as distributions made by the Operating Partnership to the Company.

In 2004, the Company adopted a Code of Business Conduct and Ethics (the “Code of Conduct”), which is posted on the Company’s website at www.tangeroutlet.com and is available by clicking on “INVESTOR RELATIONS”, then “CORPORATE GOVERNANCE” and then “CODE OF BUSINESS CONDUCT AND ETHICS” or by writing to our Director of Administration at our principal executive offices. The Code of Conduct states that conflicts of interest should be avoided wherever possible. Conflicts of interest are broadly defined to include any situation where a person’s private interest interferes in any way with the interests of the Company. Any material transaction or relationship that could reasonably be expected to give rise to a conflict of interest should be discussed with the applicable Code of Ethics Contact Person.

PROPOSAL 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed the firm of PricewaterhouseCoopers LLP to audit the accounts of the Company for the fiscal year ending on December 31, 2008 and to perform such other services as may be required. The submission of this matter for approval by shareholders is not legally required; however, the Board of Directors believes that such submission is consistent with best practices in corporate governance and is an opportunity for shareholders to provide direct feedback to the Board of Directors on an important issue of corporate governance. If the shareholders do not approve the selection of PricewaterhouseCoopers LLP, the selection of such firm as our independent registered public accounting firm will be reconsidered. Should the firm be unable to perform these services for any reason, the Audit Committee will appoint other independent registered public accountants to perform these services.

PricewaterhouseCoopers LLP served as our independent registered public accountants for the fiscal year ended December 31, 2007. There are no affiliations between the Company and PricewaterhouseCoopers LLP, its partners, associates or employees, other than its engagement as an independent registered public accounting firm for the Company. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders. See the Report of the Audit Committee, included below, for information relating to the fees billed to the Company by PricewaterhouseCoopers LLP for the fiscal years ended December 31, 2007 and 2006.

Vote Required. Approval of the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered accounting firm requires approval by the affirmative vote of the holders of a majority of those votes cast at the meeting; provided that a quorum is present. Accordingly, abstentions, broker non-votes and Common Shares present at the meeting for any other purpose but which are not voted on this proposal will not affect the outcome of the vote on the proposal.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has provided the following report:

During 2007, we reviewed with the Company's Chief Financial Officer, Director of Internal Audit and the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP (referred to as "PwC"), the scope of the annual audit and audit plans, the results of internal and external audit examinations, the evaluation by the auditors of the Company's system of internal control, the quality of the Company's financial reporting and the Company's process for legal and regulatory compliance. We also monitored the progress and results of the testing of internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

Management is responsible for the Company's system of internal control, the financial reporting process and the assessment of the effectiveness of internal control over financial reporting. PwC is responsible for performing an integrated audit and issuing reports and opinions on the following:

1. the Company's consolidated financial statements; and
2. the Company's internal control over financial reporting.

As provided in our Charter, our responsibilities include monitoring and overseeing these processes.

Consistent with this oversight responsibility, PwC reports directly to us. We appointed PwC as the Company's independent registered public accounting firm and approved the compensation of the firm. We reviewed and approved all non-audit services performed by PwC during 2007 and determined that the provision of the services was compatible with maintaining PwC's independence. Each year we pre-approve certain specific non-audit services and associated fees to be performed by PwC, including certain tax consulting services for which any one service would be \$30,000 or less, or for all such services which would be less than \$200,000 in the aggregate. In addition, we have delegated to the chairman of the Audit Committee the authority to pre-approve other non-audit services to be performed by PwC and associated fees, provided that the chairman reports all such decisions at the Audit Committee's next regularly scheduled meeting.

PwC provided to us the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and we discussed with PwC its independence.

We reviewed and discussed the 2007 consolidated financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting with management and PwC. We also discussed the certification process with the Chief Executive Officer and Chief Financial Officer. Management represented to us that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America and that the Company's internal control over financial reporting was effective. We discussed with PwC the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Based on these discussions and reviews, we recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 for filing with the SEC.

The following is a summary of the fees billed to the Company by PwC for the fiscal years ended December 31, 2007 and 2006:

	2007	2006
Audit fees	\$355,500	\$389,529
Audit-related fees	14,333	32,169
Tax fees-tax compliance and preparation fees	265,930	342,086
Subtotal	635,763	763,784
Tax Fees-other	42,407	187,353
All other fees	---	---
Subtotal	42,407	187,353
Total	\$678,170	\$951,137

The audit fees for the years ended December 31, 2007 and 2006, respectively, were for professional services rendered for the integrated audits of our consolidated financial statements and internal controls over financial reporting. Also included for the year ended December 31, 2007 are services rendered for the separate audits of a small wholly owned subsidiary and the previously consolidated real estate joint venture. Also included for the year ended December 31, 2006 are services related to the issuance of comfort letters, assistance with the review of documents filed with the SEC and the audit of the previously consolidated real estate joint venture.

The audit-related fees for the year ended December 31, 2007 were for consultations on accounting standards and derivative transactions. The audit-related fees for the year ended December 31, 2006 were for consultation and special audit work for a potential acquisition and for accounting standards consultations.

The tax fees for the year ended December 31, 2007 and 2006 were for tax compliance and preparation including tax return preparation and review.

The tax fees – other for the year ended December 31, 2007 and 2006 were for tax planning, advice, and consulting.

The percentage of tax fees and tax fees-other approved pursuant to the pre-approved policies was 9% during 2007 and 24% during 2006.

Officers, directors and beneficial owners of more than ten percent of our Common Shares are required by the SEC's regulations to furnish us with copies of all such forms which they file.

Based solely on our review of the copies of Forms 3, 4 and 5 and the amendments thereto received by us for the period ended December 31, 2007, or written representations from certain reporting persons, we believe that no Forms 3, 4 or 5 were filed delinquent, with the exception of: one late filing by Mr. Africk of a report on Form 4 reporting the exercise of options to acquire 10,000 Common Shares and the one late filing by Mr. Benton of a report on Form 4 reporting the exercise of options to acquire 2,000 Common Shares and the sale of those 2,000 Common Shares.

Householding

The SEC permits a single set of annual reports, proxy statements, and Notice of Internet Availability of Proxy Materials to be sent to any household at which two or more shareholders reside, if it is believed the shareholders are members of the same family. Each shareholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information shareholders receive and reduces mailing and printing costs. A number of brokerage firms have instituted householding. Only one copy of the Notice will be sent to certain beneficial shareholders who share a single address, unless any shareholder residing at that address gave contrary instructions.

Depending upon the practices of your broker, bank or other nominee, you may be required to contact them directly to discontinue duplicate mailings to your household. If you wish to revoke your consent to householding, you must contact your broker, bank or other nominee. If you hold Common Shares in your own name as a shareholder of record, householding will not apply to you. Extra copies of any annual report, proxy statement, information statement or Notice of Internet Availability of Proxy Materials may be obtained free of charge by calling our Investor Relations Department at (336) 834-6825 or sending your request to the attention of the Secretary of the Company at 3200 Northline Avenue, Suite 360, Greensboro, NC 27408.

Other Business.

All Common Shares represented by the accompanying proxy will be voted in accordance with the proxy. We know of no other business which will come before the meeting for action. However, as to any such business, the persons designated as proxies will have authority to act in their discretion.
