PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights information contained in or incorporated by reference in this prospectus supplement and the accompanying prospectus. This summary is not complete and does not contain all of the information that you should consider before investing in the notes. You should read the prospectus supplement and the accompanying prospectus, as well as the documents incorporated by reference, including the information set forth under the heading "Risk Factors" and the financial data and related notes. The Operating Partnership and the Company

The Operating Partnership

We are one of the largest owners and operators of outlet centers in the United States. We are controlled by the Company, a fully-integrated, self-administered and self-managed real estate investment trust, or REIT, and focus exclusively on developing, acquiring, owning and operating outlet centers. We provide all development, leasing and management services for our centers. As of September 30, 2014, we had 37 consolidated outlet centers in 24 states coast to coast, with a total gross leasable area of approximately 11.6 million square feet. These centers were, on average, 98% occupied and contained over 2,400 stores, representing approximately 380 store brands. We also had partial ownership interests in 8 outlet centers totaling approximately 2.1 million square feet, including three outlet centers in Canada.

Tanger GP Trust, the Company's wholly-owned subsidiary, serves as our general partner. The outlet centers and other assets of our business are owned by, and all of the Company's operations are conducted through, us. Accordingly, the descriptions of our business, employees and properties are also descriptions of the business, employees and properties of the Company.

We and the Company are both organized under the laws of the state of North Carolina and maintain our principal executive office at 3200 Northline Avenue, Suite 360, Greensboro, North Carolina 27408 and the telephone number at that address is (336) 292-3010. Our website can be accessed at www.tangeroutlet.com. A copy of our reports on Forms 10-K, 10-Q and 8-K can be obtained, free of charge, on our website. Information on our website is not, however, a part of this prospectus supplement or the accompanying prospectus.

Recent Developments

Financing Activities

In July 2014, we entered into an amendment of our \$250.0 million unsecured term loan which matures in February 2019. The amendment reduced the interest rate on the loan from LIBOR + 1.60% to LIBOR + 1.05%, and the prepayment penalty was removed. No other material terms of the loan were amended.

New Development of Consolidated Outlet Centers

In July 2014, we purchased land for approximately \$8.0 million to develop an approximately 358,000 square foot wholly-owned outlet center in Grand Rapids, Michigan. The site is located 11 miles south of downtown Grand Rapids at the southwest quadrant of US-131 and 84th Street in Byron Center, Michigan with visibility from both roads. The outlet center will be located approximately 30 miles east of Lake Michigan and its lakeside communities that are frequented by vacationers. Construction commenced in August 2014 and currently, we estimate the outlet center will open in the second half of 2015. Costs incurred as of September 30, 2014, which has been funded under our lines of credit, totaled approximately \$11.1 million.

Unconsolidated Real Estate Joint Ventures

Charlotte, North Carolina

In May 2013, we formed a 50/50 joint venture for the development of an outlet center in the Charlotte, North Carolina market. Subsequently, during the third quarter of 2013, the joint venture began construction on the outlet center which is located eight miles southwest of uptown Charlotte at the interchange of I-485 and Steele Creek Road (North Carolina Highway 160). The approximately 400,000 square foot project, opened on July 31, 2014. As of September 30, 2014, our investment in the venture, which was funded under our lines of credit, totaled approximately \$38.8 million.

RioCan Canada

In March of 2013, our 50/50 RioCan Joint Venture, or the RioCan JV, acquired the land adjacent to the existing Cookstown Outlet Mall for \$13.9 million. The land is being used for the RioCan JV's expansion of the Cookstown Outlet Mall which began in May 2013. The expansion opened on November 7, 2014, adding approximately 153,000 square feet, bringing the total square feet of the center to approximately 308,000 square feet. As of September 30, 2014, our share of the incurred costs related to the expansion, which was funded under our lines of credit, totaled approximately \$24.2 million.

Also, during the second quarter of 2013, the RioCan JV purchased land for \$28.7 million and broke ground on Tanger Outlets Ottawa, the first ground up development of a Tanger Outlet Center in Canada. Located in suburban Kanata off the TransCanada Highway (Highway 417) at Palladium Drive, this center opened on October 17, 2014 and contains approximately 316,000 square feet. As of September 30, 2014, our share of the costs incurred to date for the development of the center, which was funded under our lines of credit, totaled approximately \$41.8 million.

Savannah, Georgia

In January 2014, we announced our plans to develop Tanger Outlets Savannah through a 50/50 joint venture arrangement. The center will include approximately 377,000 square feet. The site is located on I-95, just north of I-16 in Pooler, Georgia, adjacent to the City of Savannah, and near the Savannah International Airport. As of September 30, 2014, our equity contributions totaled \$45.4 million and our partner's equity contribution totaled \$7.4 million. Contributions we make in excess of \$7.4 million will earn a preferred rate of return equal to 8% from the date the contributions are made until the outlet center's grand opening date, and then 10% annually thereafter. We are providing development, management and marketing services to the joint venture; and with our partner, are jointly providing leasing services to the center.

In May 2014, the joint venture closed on a \$97.7 million interest only mortgage loan with a rate of LIBOR + 1.65% and a maturity date of May 21, 2017, with the option for two, one year extensions. As of September 30, 2014, the balance on the loan was \$3.4 million.

Westgate, Glendale, Arizona

During the second quarter of 2014, Westgate began a 78,000 square foot expansion of the existing property which is expected to open in time for the 2014 holiday season. The expansion is being substantially funded by amounts available under the amended Westgate mortgage loan which had its maximum borrowing capacity increased from \$48.3 million to \$62.0 million in May 2014. We provide property management, construction supervision, leasing and marketing services to the joint venture. Upon completion of the expansion, the center is expected to contain approximately 410,000 square feet.

Risk Factors	<p>See “Risk Factors” on page S-5 of this prospectus supplement and on page 3 of the accompanying prospectus for other information you should consider before buying our notes.</p>

RISK FACTORS

An investment in the notes involves risks. In addition to the matters discussed under the heading “Risk Factors” on page 3 of the accompanying prospectus, on page 13 of our Annual Report on Form 10-K for the year ended December 31, 2013, and other information in this prospectus supplement, the accompanying prospectus, any related free writing prospectus filed by us and other documents that are incorporated by reference into this prospectus supplement and the accompanying prospectus, you should consider carefully the following risk factors before deciding to invest in the notes. If any of the risks below or included or incorporated by reference in the prospectus supplement or the accompanying prospectus were to occur, our business, financial condition, results of operations and liquidity could be materially adversely affected. This may affect our ability to pay interest on the notes or repay the principal when due, and you may lose all or part of your investment.

Risks Related to the Notes

The notes will not be guaranteed by the Company or any of our subsidiaries and will be effectively subordinated to all existing and future liabilities of our subsidiaries and our secured indebtedness.

The notes are exclusive obligations of the Operating Partnership. In the event of a bankruptcy, liquidation or similar proceedings involving any of our subsidiaries, the creditors of that subsidiary (including, in the case of any subsidiary that has guaranteed any of our existing or future indebtedness, our creditor with respect to the guaranteed indebtedness) will generally be entitled to payment of their claims from the assets of that subsidiary before any assets are made available for distribution to us.

The notes are unsecured and therefore will be effectively subordinated to any secured indebtedness we may incur to the extent of the value of the assets securing such indebtedness. In the event of any distribution or payment of our assets in any foreclosure, dissolution, winding-up, liquidation, administration, reorganization, or other insolvency or bankruptcy proceeding, holders of secured indebtedness will have prior claim to those of our assets that constitute their collateral. Holders of the notes will participate ratably with all holders of our unsecured indebtedness that is deemed to be of the same class as the notes, and potentially with all of our other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the notes. As a result, holders of the notes may receive less, ratably, than holders of the liabilities of our subsidiaries.

We are subject to the risks associated with debt financing.

We are subject to the risks associated with debt financing, including the risk that the cash provided by our operating activities will be insufficient to meet required payments of principal and interest. Disruptions in the capital and credit markets may adversely affect our operations, including the ability to fund the planned capital expenditures and potential new developments or acquisitions. Further, there is the risk that we will not be able to repay or refinance existing indebtedness or that the terms of any refinancing will not be as favorable as the terms of existing indebtedness. If we are unable to access capital markets to refinance our indebtedness on acceptable terms, we might be forced to dispose of properties on disadvantageous terms, which might result in losses.

As of September 30, 2014, we had \$257.5 million outstanding in unsecured term loans and \$139.8 million outstanding on our unsecured lines of credit which are subject to variable interest rates but are not hedged. While we mitigate some of the risk associated with variable interest rates through hedging, we do not mitigate all such risks. As a result, interest rate fluctuations that are not hedged could affect our operating results. We maintain unsecured lines of credit that provide for borrowings of up to \$520.0 million. Changes in economic conditions outside our control could result in higher interest expense and reduce the funds available for capital expenditures, potential new developments or acquisitions, operations or other purposes.

Table of Contents

The indenture permits us to incur additional debt.

The indenture under which the notes will be issued permits us to incur substantial additional debt. Our incurrence of additional debt may have important consequences for you as a holder of notes, including making it more difficult for us to satisfy our obligations with respect to the notes. As of September 30, 2014, our total indebtedness was approximately \$1.4 billion. In addition, between September 30, 2014 and November 10, 2014, we repaid approximately \$9.3 million under our unsecured lines of credit. The notes will be effectively subordinated to all existing and future indebtedness and other liabilities, including guarantees, of our subsidiaries.

There is no established trading market for the notes.

The notes are a new issue of securities with no established trading market. We do not intend to list the notes on any securities exchange or have the notes quoted on any automated dealer quotation system. The underwriters have advised us that they intend to make a market in the notes; however, the underwriters are not obligated to do so. The underwriters may discontinue any market-making at any time, and there is no assurance that an active public market for the notes will develop or, if it develops, that it will be maintained. Further, declines and volatility in the market for securities generally, as well as changes in our financial performance or prospects, may adversely affect the liquidity of, and trading market for, the notes.

The Company is required by law to make distributions to its shareholders and therefore we must make distributions to the Company.

To obtain the favorable tax treatment associated with its qualification as a REIT, generally, the Company is required to distribute to its common and any preferred shareholders at least 90% of its taxable income (excluding net capital gains) each year. The Company depends upon distributions or other payments from us to make distributions to its shareholders.

Our credit ratings may not reflect all risks of your investment in the notes.

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the notes. These credit ratings may not reflect the potential impact of risks relating to structure or marketing of the notes. Agency ratings are not a recommendation to buy, sell or hold any security, and may be revised or withdrawn at any time by the issuing organization. Each agency's rating should be evaluated independently of any other agency's rating.

We will require a significant amount of cash to service our debt. Our ability to generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our debt, including the notes, and to fund planned capital expenditures, will depend on our ability to generate cash in the future. This is subject to general economic, financial, competitive and other factors that may be beyond our control.

Based on our current operations, we believe our cash flow from operations, available cash and available borrowings under our credit facilities will be adequate to meet our future liquidity needs for the next several years barring any unforeseen circumstances which are beyond our control. We cannot assure you, however, that our business will generate sufficient cash flow from operations or that future borrowing will be available to us under our credit facilities or otherwise in an amount sufficient to enable us to pay our debt, including the notes, or to fund our other liquidity needs. We may need to refinance all or a portion of our debt, including the notes, before maturity. We cannot assure you that we will be able to refinance any of our debt, including our credit facilities, the existing senior notes or the notes, on commercially reasonable terms or at all.

USE OF PROCEEDS

We estimate the net proceeds of this offering will be approximately \$246.2 million, after deducting the underwriting discount and our estimated expenses related to this offering. We intend to use such net proceeds to redeem \$250.0 million in 6.15% Senior Notes due November 2015. However, as of the date hereof, we have not issued any notice of redemption in respect thereof.

DESCRIPTION OF NOTES

The following description of some of the particular terms of the notes offered by this prospectus supplement supplements and, to the extent inconsistent with the accompanying prospectus, replaces the description of the general terms and provisions of the debt securities set forth in the accompanying prospectus. The following statements relating to the notes and the Indenture (as defined below) are summaries of provisions contained in the notes and the Indenture and do not purport to be complete. These statements are qualified in their entirety by reference to the provisions of the notes and the Indenture. Copies of the Indenture are available upon request. Capitalized terms used under this caption, but not otherwise defined, shall have the meanings given to them in the accompanying prospectus or, if not defined in the prospectus, in the Indenture.

The notes constitute debt securities (which are more fully described in the accompanying prospectus) to be issued pursuant to an indenture dated as of March 1, 1996, between the Operating Partnership, the Company and U.S. Bank National Association, as Trustee, and supplemented by the Ninth Supplemental Indenture dated November 21, 2014, which we refer to collectively in this prospectus supplement as the Indenture. The terms of the notes include those provisions contained in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended, or the TIA. The notes are subject to all those terms, and investors are referred to the Indenture and the TIA for a statement of those terms.

General

The notes will be a separate series of debt securities under the Indenture, limited initially in aggregate principal amount to \$250.0 million. The Indenture does not limit the amount of debt securities that we may issue under the Indenture, and we may issue debt securities in one or more series up to the aggregate amount authorized by us for each series. We may, without the consent of the holders of the notes, re-open this series of notes and issue additional notes of this series under the Indenture in addition to the \$250.0 million of notes authorized as of the date of this prospectus supplement. Any such additional notes shall be part of the same series of debt securities issued under the Indenture as the notes offered by this prospectus supplement.

The notes will be issued only in fully registered form, without interest coupons, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The principal of, and premium, if any, and interest on, the notes will be payable in U.S. dollars. The notes will be evidenced by a global note, the Global Note, in book-entry form, except under the limited circumstances described below under “— Book-Entry System.” Notices or demands to or upon the Operating Partnership in respect of the notes and the Indenture may be served and, if notes are issued in definitive certificated form, notes may be surrendered for payment, registration of transfer or exchange, at the office or agency of the Operating Partnership maintained for such purpose in the Borough of Manhattan, The City of New York, which shall initially be the office of the Trustee, which on the date of this prospectus supplement is located at U.S. Bank National Association, Attention: Corporate Trust, 60 Livingston Street, St. Paul, MN 55107.

Reference is made to the section titled “Description of Debt Securities and Guarantees — Certain Covenants” in the accompanying prospectus, as supplemented and modified by “— Additional Covenants of the Operating Partnership” below for a description of certain covenants applicable to the notes. Compliance with these covenants generally may be waived if the holders of a majority in principal amount of the outstanding notes consent to such waiver. In addition, the defeasance and covenant defeasance provisions of the Indenture described under “Description of Debt Securities and Guarantees — Discharge, Defeasance and Covenant Defeasance” in the accompanying prospectus will apply to the notes; covenant defeasance will be applicable with respect to the covenants described in the accompanying prospectus under “Description of Debt Securities and Guarantees — Certain Covenants” (except the covenant requiring the Operating Partnership to preserve and keep in full force and effect its corporate existence) and the covenants described below under “— Additional Covenants of the Operating Partnership.”

Table of Contents

Except as described under “Description of Debt Securities and Guarantees — Merger, Consolidation or Sale” in the accompanying prospectus or “— Additional Covenants of the Operating Partnership” below, the Indenture does not contain any provisions that would afford holders of the notes protection in the event of

- a highly leveraged or similar transaction involving the Operating Partnership,
- a change of control, or
- a reorganization, restructuring, merger or similar transaction involving the Operating Partnership that may adversely affect the holders of the notes.

In addition, subject to the limitations set forth under “Description of Debt Securities and Guarantees — Merger, Consolidation or Sale” in the accompanying prospectus, the Operating Partnership may, in the future, enter into certain transactions such as the sale of all or substantially all of its assets or the merger or consolidation of the Operating Partnership with another entity that would increase the amount of the Operating Partnership’s indebtedness or substantially reduce or eliminate the Operating Partnership’s assets, which may have an adverse effect on the Operating Partnership’s ability to service its indebtedness, including the notes.

The Company has no present intention of engaging in a highly leveraged or similar transaction involving the Operating Partnership. In addition, certain restrictions on ownership and transfers of the Company’s stock designed to preserve its qualification as a REIT may act to prevent or hinder any such transaction or change of control.

Ranking

The notes will be our direct, senior unsecured obligations and will rank equally with all of our other existing and future senior unsecured and unsubordinated indebtedness from time to time outstanding. The notes will be effectively subordinated to all indebtedness and other liabilities (including guarantees) of our subsidiaries from time to time outstanding, will be effectively subordinated to all of our existing and future indebtedness that is guaranteed by our subsidiaries to the extent of those guarantees, and will also be subordinated to any secured indebtedness we may issue to the extent of any collateral pledged as security therefor. As of September 30, 2014, the Operating Partnership had outstanding indebtedness and other liabilities aggregating approximately \$1.6 billion, of which approximately \$206.5 million is secured indebtedness or unsecured indebtedness of our consolidated subsidiaries. See “Risk Factors — The notes will not be guaranteed by the Company or any of our subsidiaries and will be effectively subordinated to all existing and future liabilities of our subsidiaries and our secured indebtedness.” Although the Indenture and other debt instruments to which we are a party limit our ability and the ability of our subsidiaries to incur additional indebtedness, both we and our subsidiaries have the right to incur substantial additional secured and unsecured indebtedness.

Interest and Maturity

The entire principal amount of the notes will mature and become payable on December 1, 2024, or the Maturity Date, together with accrued and unpaid interest unless earlier redeemed. The notes are not entitled to the benefit of any sinking fund payments and will not be convertible into or exchangeable for any of our equity interests. The notes are subject to redemption at the Operating Partnership’s option and are not subject to repayment or repurchase by the Operating Partnership at the option of the Holders (as defined below). See “— Optional Redemption” below.

The notes will bear interest at the rate per year set forth on the cover page of this prospectus supplement from November 21, 2014 or from the most recent Interest Payment Date (as defined below) to which interest has been paid, payable semi-annually in arrears on June 1 and December 1 of each year, or the Interest Payment Dates, commencing June 1, 2015, and on the Maturity Date, to the persons or “holders” in whose names the notes are registered in the security register applicable to the notes, or the Holders, at the close of business on May 15 or November 15, or the Regular Record Dates, as the case may be, immediately before the related Interest Payment Dates, regardless of whether such Regular Record Date is a business day. Interest on the notes will be computed on the basis of a 360-day year of twelve 30-day months.

Table of Contents

The principal of each note payable at maturity will be paid against presentation and surrender of the note at the corporate trust office of the Trustee, located initially at U.S. Bank National Association, Attention: Corporate Trust, 60 Livingston Street, St. Paul, MN 55107, in coin or currency of the United States that at the time of payment is legal tender for payment of public and private debt.

If any Interest Payment Date, the Maturity Date, any date fixed for redemption or any other day on which the principal of, premium, if any, or interest on a note becomes due and payable falls on a day that is not a business day, the required payment shall be made on the next business day as if it were made on the date the payment was due and no interest will accrue on the amount so payable for the period from and after such Interest Payment Date, Maturity Date, redemption date or other date, as the case may be. For purposes of the notes, “business day” means any day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions in New York City are authorized or required by law, regulation or executive order to close.

Ratings

The rating of the notes should be evaluated independently from similar ratings on other types of securities. In addition, the credit ratings on the notes are subject to ongoing evaluation by credit rating agencies, and we cannot assure you that any such rating will not be changed or withdrawn by a rating agency in the future if, in its judgment, circumstances warrant. Moreover, a rating is not a recommendation to buy, sell or hold the notes, inasmuch as such rating does not comment as to market price or suitability for a particular investor.

Additional Covenants of the Operating Partnership

Reference is made to the section titled “Description of Debt Securities and Guarantees — Certain Covenants” in the accompanying prospectus for a description of certain covenants applicable to the notes. In addition to the foregoing, the following covenants of the Operating Partnership will apply to the notes for the benefit of the holders of the notes:

Limitations on Incurrence of Indebtedness

The Operating Partnership will not, and will not permit any Subsidiary to, incur any Indebtedness, other than Permitted Indebtedness, if, immediately after giving effect to the incurrence of such additional Indebtedness, the aggregate principal amount of all outstanding Indebtedness of the Operating Partnership and its Subsidiaries on a consolidated basis determined in accordance with accounting principles generally accepted in the United States of America, or GAAP, is greater than 60% of the sum of (i) the Operating Partnership’s Total Assets as of the end of the calendar quarter covered in the Operating Partnership’s Annual Report on Form 10-K or Quarterly Report on Form 10-Q, as the case may be, most recently filed with the SEC (or, if such filing is not permitted under the Exchange Act, with the Trustee) prior to the incurrence of such additional Indebtedness; and (ii) any increase in the Total Assets since the end of such quarter including, without limitation, any increase in Total Assets resulting from the incurrence of such additional Indebtedness (such increase together with the Total Assets being referred to as the Adjusted Total Assets).

Limitation on Incurrence of Secured Indebtedness

In addition to the other limitations on the incurrence of Indebtedness, the Operating Partnership will not, and will not permit any Subsidiary to, incur any Secured Indebtedness, whether owned at the date of the indenture or thereafter acquired, if, immediately after giving effect to the incurrence of such additional Secured Indebtedness, the aggregate principal amount of all outstanding Secured Indebtedness of the Operating Partnership and its Subsidiaries on a consolidated basis is greater than 40% of the Operating Partnership’s Adjusted Total Assets.

For purposes of this covenant, Indebtedness is deemed to be “incurred” by the Operating Partnership or its Subsidiaries on a consolidated basis whenever the Operating Partnership and its Subsidiaries on a consolidated basis shall create, assume, guarantee or otherwise become liable in respect thereof.

Table of Contents

Maintenance of Total Unencumbered Assets

The Operating Partnership will maintain at all times Total Unencumbered Assets of not less than 150% of the aggregate outstanding principal amount of the Unsecured Indebtedness of the Operating Partnership and its Subsidiaries, computed on a consolidated basis in accordance with GAAP.

Debt Service Income Ratio

In addition to the other limitations on the incurrence of Indebtedness, the Operating Partnership will not, and will not permit any Subsidiary to, incur any Indebtedness if, for the period consisting of the four consecutive fiscal quarters most recently ended prior to the date on which such additional Indebtedness is to be incurred, the ratio of Consolidated Income Available for Debt Service to the Annual Service Charge shall have been less than 1.5 to 1, on a pro forma basis after giving effect to the incurrence of such Indebtedness and to the application of the proceeds therefrom, and calculated on the assumption that (i) such Indebtedness and any other Indebtedness incurred by the Operating Partnership or its Subsidiaries since the first day of such four-quarter period and the application of the proceeds therefrom, including to refinance other Indebtedness, had occurred at the beginning of such period; (ii) the repayment or retirement of any other Indebtedness by the Operating Partnership or its Subsidiaries since the first day of such four-quarter period had been incurred, repaid or retired at the beginning of such period (except that, in making such computation, the amount of Indebtedness under any revolving credit facility shall be computed based upon the average daily balance of such Indebtedness during such period); (iii) any income earned as a result of any increase in Adjusted Total Assets since the end of such four-quarter period had been earned, on an annualized basis, during such period; and (iv) in the case of an acquisition or disposition by the Operating Partnership or any Subsidiary or any asset or group of assets since the first day of such four-quarter period, including, without limitation, by merger, stock purchase or sale, or asset purchase or sale, such acquisition or disposition or any related repayment of Indebtedness had incurred as of the first day of such period with the appropriate adjustments with respect to such acquisition or disposition being included in such pro forma calculation.

Restrictions on Dividends and Other Distributions

The Operating Partnership will not make any distribution, by reduction of capital or otherwise (other than distributions payable in securities evidencing interests in the Operating Partnership's capital for the purpose of acquiring interests in real property or otherwise) unless, immediately after giving pro forma effect to such distribution (i) no default under the Indenture shall have occurred or be continuing and (ii) the aggregate sum of all distributions made after the date of the Indenture shall not exceed the sum of (y) 95% of the aggregate cumulative Funds From Operations of the Operating Partnership accrued on a cumulative basis from the date of the Indenture until the end of the last fiscal quarter prior to the contemplated payment, and (z) the aggregate Net Cash Proceeds received by the Operating Partnership after the date of the Indenture from the issuance and sale of Capital Stock of the Operating Partnership or the Company to the extent such proceeds are contributed to the Operating Partnership; provided, however, that the foregoing limitation shall not apply to any distribution or other action which is necessary to maintain the Company's status as a REIT under the Code, if the aggregate principal amount of all outstanding Indebtedness of the Operating Partnership and the Company on a consolidated basis at such time is less than 60% of Adjusted Total Assets.

Existence

Except as permitted under "Merger, Consolidation or Sale," each of the Operating Partnership and the Company will be required to do or cause to be done all things necessary to preserve and keep in full force and effect its existence, rights and franchises; provided, however, that neither the Operating Partnership nor the Company shall be required to preserve any right or franchise if it determines that the preservation thereof is no longer desirable in the conduct of its business and that the loss thereof is not disadvantageous in any material respect to the Holders of the Debt Securities.

- (c) if the Operating Partnership obtains only one such Reference Treasury Dealer Quotation for such redemption or acceleration date, that Reference Treasury Dealer Quotation.

“Reference Treasury Dealer” means with respect to any redemption or acceleration date for the notes, Jefferies LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and a Primary Treasury Dealer (defined herein) selected by each of, SunTrust Robinson Humphrey, Inc., U.S. Bancorp Investments, Inc., and Wells Fargo Securities, LLC (and their respective successors provided, however, that if any such firm or any such successor, as the case may be, ceases to be a primary U.S. Government securities dealer in The City of New York, or a Primary Treasury Dealer, the Operating Partnership shall substitute therefor another Primary Treasury Dealer) and one other Primary Treasury Dealers selected by the Operating Partnership.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption or acceleration date for the notes, the average, as determined by the Operating Partnership, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Operating Partnership by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption or acceleration date.

“Final Maturity Date” means December 1, 2024.

Notice of any redemption by the Operating Partnership will be mailed at least 30 days but not more than 60 days before any redemption date to each holder of notes to be redeemed. The notice of redemption will specify, among other items, the redemption price and the principal amount of the notes held by the holder to be redeemed.

If we choose to redeem less than all of the notes of a series, we will notify the Trustee at least 40 days prior to the redemption date, or a shorter period as may be satisfactory to the Trustee, of the aggregate principal amount of notes of the series to be redeemed, if less than all of the notes of that series are to be redeemed, and their redemption date. The Trustee will select, based on a method that most nearly approximates a pro rata selection unless otherwise required by law or applicable stock exchange or depositary requirements, no less than 30 days nor more than 60 days prior to the redemption date, the notes of that series to be redeemed in whole or in part.

Unless the Operating Partnership defaults in payment of the redemption price, on and after any redemption date interest will cease to accrue on the notes or portions thereof called for redemption.

No Guarantees

Neither Tanger Factory Outlet Centers, Inc. nor any of our subsidiaries will guarantee the payment of principal, interest or other amounts due under the notes.

Governing Law

The Indenture is governed by, and construed in accordance with, the laws of the State of New York, and once issued the notes will be as well.

Book-Entry System

The following are summaries of certain rules and operating procedures of The Depository Trust Company, or DTC, that affect the payment of principal, premium, if any, and interest and transfers of interests in the Global Note. Upon issuance, the notes will only be issued in the form of a Global Note which will be deposited with, or on behalf of, DTC and registered in the name of Cede & Co., as nominee of DTC. Unless and until it is exchanged in whole or in part for notes in definitive form under the limited circumstances described below, a Global Note may not be transferred except as a whole (1) by DTC to a nominee of DTC, (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

Table of Contents

Ownership of beneficial interests in a Global Note will be limited to persons that have accounts with DTC, or participants, or persons that may hold interests through participants. Upon the issuance of a Global Note, DTC will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal amounts of the notes represented by such Global Note beneficially owned by participants. Ownership of beneficial interests in the Global Note will be shown on, and the transfer of such ownership interests will be effected only through, records maintained by DTC (with respect to interests of participants) and on the records of participants (with respect to interests of persons holding through participants). The laws of some states may require that certain purchasers of securities take physical delivery of the securities in definitive form. These laws may limit or impair the ability to own, transfer or pledge beneficial interests in the Global Note.

So long as DTC or its nominee is the registered owner of a Global Note, DTC or its nominee, as the case may be, will be considered the sole owner or Holder of the notes represented by the Global Note for all purposes under the Indenture. Except as set forth below, owners of beneficial interests in a Global Note will not be entitled to have notes represented by the Global Note registered in their names, will not receive or be entitled to receive physical delivery of the notes in certificated form and will not be considered the registered owners or Holders thereof under the Indenture. Accordingly, each person owning a beneficial interest in a Global Note must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a Holder under the Indenture. The Operating Partnership understands that under existing industry practices, if the Operating Partnership requests any action of Holders or if an owner of a beneficial interest in a Global Note desires to give or take any action that a Holder is entitled to give or take under the Indenture, DTC would authorize the participants holding the relevant beneficial interests to give or take such action, and such participants would authorize beneficial owners owning through such participants to give or take such action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on interests represented by a Global Note will be made to DTC or its nominee, as the case may be, as the registered owner of such Global Note. None of the Operating Partnership, the Trustee or any other agent of the Operating Partnership or agent of the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership of interests in the Global Note or for maintaining, supervising or reviewing any records relating to beneficial ownership interests. The Operating Partnership expects that DTC, upon receipt of any payment of principal, premium, if any, or interest in respect of a Global Note, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in such Global Note as shown on the records of DTC. The Operating Partnership also expects that payments by participants to owners of beneficial interests in the Global Note held through such participants will be governed by standing customer instructions and customary practice, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such participants.

The Ninth Supplemental Indenture will provide that if (1) DTC notifies the Operating Partnership that it is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered as such under the Exchange Act at any time when the depository is required to be so registered in order to act as depository for the notes and a successor depository is not appointed within 90 days after the Operating Partnership receives such notice or learns of such ineligibility, (2) the Operating Partnership determines that the notes shall no longer be represented by a Global Note and executes and delivers to the Trustee an officers' certificate to that effect or (3) an Event of Default with respect to the notes has occurred and is continuing and beneficial owners representing a majority in aggregate principal amount of the outstanding notes advise DTC to cease acting as depository for the notes, the Operating Partnership will issue the notes in definitive form in exchange for interests in the Global Note. Any notes issued in definitive form in exchange for interests in the Global Note will be registered in such name or names, and will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. It is expected that such instructions will be based upon directions received by DTC from participants with respect to ownership of beneficial interests in the Global Note.

Table of Contents

DTC has advised the Operating Partnership that DTC is a limited-purpose trust company organized under the Banking Law of the State of New York, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of transactions among its participants in these securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC’s participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of which (and/or their representatives) own DTC. Access to the DTC book-entry system is also available to others, such as banks, brokers and dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Same-Day Settlement and Payment

Settlement for the notes will be made by the underwriters in immediately available funds. All payments of principal, premium, if any, and interest in respect of the Global Note will be made by the Operating Partnership by wire transfer of immediately available funds to an account maintained in the United States.

If notes are issued in definitive certificated form under the limited circumstances described above, payments of interest on the certificated notes may be made, at our option, by check mailed to the addresses of the persons entitled thereto, as such addresses appear in the register for the notes, or by wire transfer to accounts maintained by the payees in the United States; provided, however, that a Holder of \$5 million or more in aggregate principal amount of notes in definitive certificated form will be entitled to receive payments of interest due on any Interest Payment Date by wire transfer of immediately available funds to an account maintained by such Holder in the United States so long as such Holder has given appropriate wire transfer instructions to the Trustee or a paying agent at least 15 calendar days prior to the applicable Interest Payment Date. Any such wire transfer instructions will remain in effect until revoked by such Holder or until such person ceases to be a Holder of \$5 million or more in aggregate principal amount of notes in definitive certificated form.

Payments of principal of and premium, if any, and interest on notes in definitive certificated form that are due and payable on the Maturity Date, any redemption date or any other date on which principal of such notes is due and payable will be made by wire transfer of immediately available funds to accounts maintained by the Holders thereof in the United States, so long as such Holders have given appropriate wire transfer instructions to the Trustee or a paying agent, against surrender of such notes to the Trustee or a paying agent; provided that installments of interest that are due and payable on any Interest Payment Date falling on or prior to such Maturity Date, redemption date or other date on which principal of such notes is payable will be paid in the manner described in the preceding paragraph to the persons who were the Holders of such notes registered as such at the close of business on the relevant Regular Record Dates according to the terms and provisions of the Indenture.

The notes will trade in DTC’s Same-Day Funds Settlement System until maturity or until the notes are issued in certificated form, and secondary market trading activity in the notes will therefore be required by DTC to settle in immediately available funds. The Operating Partnership expects that secondary trading in the certificated notes, if any, will also be settled in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the notes.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS TO HOLDERS OF OUR NOTES

The following general discussion summarizes certain U.S. federal income tax considerations of the purchase, ownership and disposition of the notes by holders who purchase notes for cash at their original issuance at their “issue price” (i.e., the first price at which a substantial amount of the notes is sold for money, excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). This discussion is based upon the Internal Revenue Code of 1986, as amended, or the Code, applicable Treasury regulations, Internal Revenue Service, or the IRS, rulings and pronouncements and judicial decisions now in effect, all of which are subject to change, possibly on a retroactive basis. We have not and will not seek any rulings from the IRS regarding the matters discussed below. There can be no assurance that the IRS will not take positions concerning the tax consequences of the purchase, ownership or disposition of the notes which are different from those discussed below, or that the IRS’s positions will not ultimately be sustained.

This discussion is a summary for general information only and does not consider all aspects of U.S. federal income taxation that may be relevant to the purchase, ownership and disposition of the notes. In addition, this discussion is limited to the U.S. federal income tax consequences to initial holders who hold the notes as capital assets (generally, property held for investment). It does not describe any tax consequences arising under the tax laws of any state, local or foreign jurisdiction, any estate or gift tax consequences or the U.S. federal income tax consequences to investors subject to special treatment under the U.S. federal income tax laws, such as:

- dealers in securities or foreign currency;
- tax-exempt entities;
- banks and other financial institutions;
- thrifts;
- regulated investment companies;
- real estate investment trusts;
- traders in securities that have elected the mark-to-market method of accounting for their securities;
- insurance companies;
- persons that hold notes as part of a “straddle,” a “hedge” or a “conversion transaction” or other risk-reduction transaction;
- persons that hold our 2015 notes whose 2015 notes are redeemed as contemplated above under “Use of Proceeds”;
- persons liable for alternative minimum tax;
- expatriates;
- U.S. Holders (defined below) that have a “functional currency” other than the U.S. dollar;
- pass-through entities (e.g., partnerships) or investors who hold the notes through pass-through entities;
- passive foreign investment companies; and
- controlled foreign corporations.

If a partnership, including any entity or arrangement that is treated as a partnership for U.S. federal income tax purposes, is a beneficial owner of notes, the treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. If a holder is a partner in a partnership that is considering purchasing notes, such holder should consult with its tax advisor.

[Table of Contents](#)

U.S. Holders

As used in this discussion, a “U.S. Holder” is a beneficial owner of notes that, for U.S. federal income tax purposes, is:

- an individual who is a citizen or resident of the United States;
- a corporation or other entity taxable as a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate if its income is subject to U.S. federal income taxation regardless of its source; or
- a trust if (i) a U.S. court is able to exercise primary supervision over administration of the trust and one or more U.S. persons have authority to control all substantial decisions of the trust, or (ii) the trust has validly elected to be treated as a domestic trust.

Interest

Stated interest on the notes is generally taxable to a U.S. Holder as ordinary income when it accrues or when the U.S. Holder receives it, in accordance with the U.S. Holder’s regular method of accounting for tax purposes. It is anticipated, and this discussion assumes, that the notes will not be issued with more than a de minimis amount of original issue discount.

Sale or Other Taxable Disposition

Upon the sale, exchange, redemption, retirement or other taxable disposition of notes, a U.S. Holder will generally recognize capital gain or loss equal to the difference between the amount of cash proceeds and the fair market value of any property received on such disposition (less any amount attributable to accrued and unpaid interest on the notes to the extent not previously included in income, which will generally be taxable as ordinary income) and such holder’s adjusted tax basis in the notes. A U.S. Holder’s adjusted tax basis in a note generally will equal the cost of the note to such holder. Any capital gain or loss recognized on the disposition of notes will be long-term capital gain or loss if the U.S. Holder has held the relevant notes for more than one year at the time of disposition. For certain non-corporate holders, net long-term capital gain is currently subject to tax at a reduced rate. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding

Information reporting will generally apply to payments of interest on, or the proceeds of the sale or other disposition (including a retirement or redemption) of, notes held by a U.S. Holder, unless such holder is an exempt recipient. If the U.S. Holder does not establish that it is an exempt recipient, backup withholding generally will apply to such payments unless a U.S. Holder provides us or the appropriate intermediary with a taxpayer identification number and complies with certain certification procedures.

Backup withholding is not an additional tax. Amounts withheld under the backup withholding rules are allowable as a credit against a U.S. Holder’s U.S. federal income tax liability, if any, and the U.S. Holder may qualify for a refund if it timely provides the required information to the IRS.

Non-U.S. Holders

For purposes of this discussion, a “Non-U.S. Holder” is a beneficial owner of notes that is not a U.S. Holder.

Interest

Subject to the discussion under “Information Reporting and Backup Withholding” below, a Non-U.S. Holder will generally not be subject to U.S. federal income tax or withholding tax on payments of interest on a note, provided that:

- the Non-U.S. Holder is not a direct, indirect or constructive owner of 10% or more of our capital or profits interests;

Table of Contents

- the Non-U.S. Holder is not a “controlled foreign corporation” related to us directly, indirectly or constructively through stock or other equity ownership;
- payments of interest are not effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States; and
- we or our paying agent receives (i) from the Non-U.S. Holder, a properly completed IRS Form W-8BEN or IRS Form W-8BEN-E (or substitute IRS Form W-8BEN or IRS Form W-8BEN-E or appropriate successor form) signed under penalties of perjury, which provides its name and address and certifies that it is a Non-U.S. Holder or (ii) from a security clearing organization, bank or other financial institution that holds the notes in the ordinary course of its trade or business, or a financial institution, on behalf of the Non-U.S. Holder, certification under penalties of perjury that such an IRS Form W-8BEN or IRS Form W-8BEN-E (or substitute IRS Form W-8BEN or IRS Form W-8BEN-E or appropriate successor form) has been received by it, or by another such financial institution, from the Non-U.S. Holder, and, in the case of certain financial institutions (including “non-qualified intermediaries”), a copy of the IRS Form W-8BEN or IRS Form W-8BEN-E (or substitute IRS Form W-8BEN or IRS Form W-8BEN-E or appropriate successor form) has been attached to such certification.

Special rules apply to Non-U.S. Holders who hold notes through “qualified intermediaries” within the meaning of U.S. federal income tax laws.

If interest on a note is effectively connected with a Non-U.S. Holder’s conduct of a trade or business in the United States and, if the Non-U.S. Holder is entitled to benefits under an applicable tax treaty, is attributable to a permanent establishment or fixed base maintained by it in the United States, then such income generally will be subject to U.S. federal income tax on a net basis at the rates applicable to U.S. persons generally (and, if the Non-U.S. Holder is a corporate holder, it may also be subject to a branch profits tax on its effectively connected earnings and profits attributable to such income at a rate of 30% or such lower rate as may be available under an applicable income tax treaty). If interest is effectively connected with a Non-U.S. Holder’s conduct of a trade or business in the United States, payments of such interest will not be subject to U.S. withholding tax so long as the Non-U.S. Holder provides us or our paying agent with a properly completed Form W-8ECI or other applicable certification, signed under penalties of perjury.

A Non-U.S. Holder that does not qualify for exemption from withholding under the preceding paragraphs generally will be subject to withholding of U.S. federal income tax at a 30% rate (or lower applicable treaty rate) on payments of interest on the notes.

Sale or Other Taxable Disposition

Subject to the discussion under “Information Reporting and Backup Withholding” below, any gain (other than amounts attributable to accrued and unpaid interest, which would be treated as discussed above under “Non-U.S. Holders — Interest”) realized by a Non-U.S. Holder on the sale, exchange, redemption, retirement or other taxable disposition of a note generally will not be subject to U.S. federal income or withholding tax, unless:

- the Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are satisfied; or
- such gain is effectively connected with the Non-U.S. Holder’s conduct of a trade or business in the United States and, if the Non-U.S. Holder is entitled to benefits under an applicable tax treaty, is attributable to a permanent establishment or fixed base maintained by it in the United States.

If the first bullet point applies, the Non-U.S. Holder generally will be subject to U.S. federal income tax at a rate of 30% (or a reduced rate under an applicable income tax treaty) on the amount by which its capital gains from U.S. sources exceed capital losses allocable to U.S. sources (without taking into account any capital loss carryovers). If the second bullet point applies, the Non-U.S. Holder generally will be subject to U.S. federal income tax with respect to such gain in the same manner as U.S. Holders, as described above, unless an applicable income tax treaty provides otherwise (and, if it is a corporation, the Non-U.S. Holder may also be subject to the branch profits tax described above).

Information Reporting and Backup Withholding

Payments to a Non-U.S. Holder of interest on a note, and amounts withheld from such payments, if any, generally will be required to be reported to the IRS and to the Non-U.S. Holder. U.S. backup withholding generally will not apply to payments of interest on a note if a Non-U.S. Holder duly provides a certification as to its foreign status, or otherwise establishes an exemption, provided that we or our paying agent do not have actual knowledge or reason to know that the Non-U.S. Holder is a U.S. person.

Payment of the proceeds on the sale or other disposition (including a retirement or redemption) of a note by a Non-U.S. Holder effected by the U.S. office of a U.S. or foreign broker generally will be subject to information reporting requirements and backup withholding unless the Non-U.S. Holder properly certifies its foreign status under penalties of perjury and certain other conditions are met, or otherwise establishes an exemption. Payments of the proceeds on the sale or other disposition (including a retirement or redemption) by a Non-U.S. Holder made to or through a foreign office of a broker will not be subject to information reporting or backup withholding, except that information reporting (but generally not backup withholding) may apply to such payments if the broker is a U.S. person or has certain connections to the United States.

Backup withholding is not an additional tax. Amounts withheld under the backup withholding rules may be credited against a Non-U.S. Holder's U.S. federal income tax liability, if any, and the Non-U.S. Holder may qualify for a refund if it timely provides the required information to the IRS.

Additional Withholding Tax on Payments Made to Foreign Accounts

Withholding taxes may be imposed under the Foreign Account Tax Compliance Act, or FATCA, on certain types of payments made to "foreign financial institutions" and certain other non-U.S. entities. Specifically, a 30% withholding tax may be imposed on payments of interest on, and payments of gross proceeds from the sale or other disposition of, notes made to a "foreign financial institution" or a "non-financial foreign entity" (in each case, as defined in the Code), regardless of whether such foreign institution or entity is a beneficial owner or an intermediary, unless (1) in the case of a foreign financial institution, the foreign financial institution undertakes certain diligence and reporting obligations, (2) in the case of a non-financial foreign entity, the non-financial foreign entity either certifies it does not have any "substantial United States owners" (as defined in the Code) or furnishes identifying information regarding each substantial United States owner and satisfies certain other requirements or (3) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements described in clause (1) above, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain "U.S. persons" or "U.S.-owned foreign entities" (in each case, as defined in the Code), annually report certain information about such accounts and withhold 30% on certain payments to non-compliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

Withholding under FATCA generally will apply to payments of interest on a note regardless of when they are made. However, under the applicable Treasury Regulations and IRS guidance, withholding under FATCA generally will only apply to payments of gross proceeds from the sale or other disposition of a note on or after January 1, 2017. Prospective investors should consult their tax advisors regarding the consequences and application of the rules under FATCA.

THE PRECEDING DISCUSSION OF CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS IS FOR GENERAL INFORMATION ONLY AND IS NOT TAX ADVICE. EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS OWN TAX ADVISOR REGARDING THE PARTICULAR FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF THE NOTES, INCLUDING THE CONSEQUENCES OF ANY PROPOSED CHANGE IN APPLICABLE LAWS.

**UPDATED INFORMATION REGARDING U.S. FEDERAL INCOME TAX-RELATED
DISCLOSURE IN BASE PROSPECTUS**

The following information supersedes the disclosure referenced below regarding specified U.S. Federal income tax matters.

Under the heading “Material Federal Income Tax Considerations to Tanger Factory Outlet Centers, Inc. of its REIT Election — Taxation of Tanger Factory Outlet Centers, Inc. — Ownership of Interests in Taxable REIT Subsidiaries” on page 46 of the accompanying prospectus, the first sentence is hereby replaced with the following sentence:

“We own interests in three taxable REIT subsidiaries and may acquire securities in additional taxable REIT subsidiaries in the future.”

UNDERWRITING (CONFLICTS OF INTEREST)

We are offering the notes described in this prospectus supplement through a number of underwriters. Jefferies LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, SunTrust Robinson Humphrey, Inc., U.S. Bancorp Investments, Inc., and Wells Fargo Securities, LLC are the representatives of the underwriters. We have entered into a firm commitment underwriting agreement with the representatives. Subject to the terms and conditions of the underwriting agreement, we have agreed to sell to the underwriters, and each underwriter has agreed severally, and not jointly, to purchase, the aggregate principal amount of notes listed next to its name in the following table:

<u>Underwriter</u>	<u>Principal Amount of Notes</u>
Jefferies LLC	\$ 40,000,000
Merrill Lynch, Pierce, Fenner & Smith Incorporated	40,000,000
SunTrust Robinson Humphrey, Inc.	40,000,000
U.S. Bancorp Investments, Inc.	40,000,000
Wells Fargo Securities, LLC	40,000,000
BB&T Capital Markets, a division of BB&T Securities, LLC	12,500,000
RBC Capital Markets, LLC	12,500,000
Regions Securities LLC	12,500,000
Scotia Capital (USA) Inc.	12,500,000
Total	<u>\$ 250,000,000</u>

The underwriting agreement is subject to a number of terms and conditions and provides that the underwriters must buy all of the notes if they buy any of them. The underwriters will sell the notes to the public when and if the underwriters buy the notes from us.

The underwriters have advised us that they propose initially to offer the notes to the public at the public offering prices set forth on the cover of this prospectus supplement, and to certain dealers at such price less a concession not in excess of 0.40% of the principal amount of the notes. The underwriters may allow, and such dealers may realow, a concession not in excess of 0.25% of the principal amount of the notes to certain other dealers. After the public offering of the notes, the public offering price and other selling terms may be changed.

We estimate that our share of the total expenses of the offering, excluding the underwriting discount, will be approximately \$700,000.

We have agreed to indemnify the underwriters against, or contribute to payments that the underwriters may be required to make in respect of, certain liabilities, including liabilities under the Securities Act of 1933.

The notes are a new issue of securities with no established trading market. We do not intend to list the notes on any securities exchange or have the notes quoted on any automated dealer quotation system. The underwriters may make a market in the notes after completion of the offering, but will not be obligated to do so and may discontinue any market-making activities at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

We expect that the delivery of the notes will be made against payment therefor on or about November 21, 2014, which is the seventh business day following the date of this prospectus supplement (the settlement cycle being referred to as “T+ 7”). Under Rule 15c6-1 of the SEC promulgated under the Exchange Act trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise at the time of the trade. Accordingly, purchasers who wish to trade the notes prior to the third business day preceding the closing date for the notes will be required, by virtue of the fact that the notes initially will settle in T+ 7, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own adviser.

Table of Contents

In connection with the offering of the notes, certain of the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriters may overallocate in connection with the offering, creating a short position. In addition, the underwriters may bid for, and purchase, the notes in the open market to cover short positions or to stabilize the price of the notes. Any of these activities may stabilize or maintain the market price of the notes above independent market levels, but no representation is made hereby of the magnitude of any effect that the transactions described above may have on the market price of the notes. The underwriters will not be required to engage in these activities, and may engage in these activities, and may end any of these activities, at any time without notice.

The underwriters and their respective affiliates have provided and may in the future provide commercial, financial advisory or investment banking services for us and our subsidiaries for which they have received or will receive customary compensation. U.S. Bancorp Investments, Inc. is an affiliate of the Trustee.

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and instruments of ours or our affiliates. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or financial instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

Conflicts of Interest

Affiliates of certain of the underwriters own a portion of the 2015 notes. As described in “Use of Proceeds,” the net proceeds from this offering will be used to redeem \$250.0 million in the 2015 notes and as a result affiliates of certain underwriters will receive a pro rata portion of net proceeds from this offering.
