Tanger Properties Limited Partnership	Yes ☐	No ☒

As of October 31, 2025, there were 115,110,004 common shares of Tanger Inc. outstanding, \$0.01 par value.

EXPLANATORY NOTE

This report combines the unaudited quarterly reports on Form 10-Q for the quarter ended September 30, 2025 of Tanger Inc., a North Carolina corporation, and Tanger Properties Limited Partnership, a North Carolina limited partnership. Unless the context indicates otherwise, the term “Company” refers to Tanger Inc. and subsidiaries and the term “Operating Partnership” refers to Tanger Properties Limited Partnership and subsidiaries. The terms “we”, “our” and “us” refer to the Company or the Company and the Operating Partnership together, as the context requires.

The Company is one of the leading owners and operators of outlet and open-air retail centers in the United States and Canada. The Company is a fully-integrated, self-administered and self-managed real estate investment trust (“REIT”), which, through its controlling interest in the Operating Partnership, focuses on developing, acquiring, owning, operating and managing outlet and open-air shopping centers. The shopping centers and other assets are held by, and all of the operations are conducted by, the Operating Partnership. Accordingly, the descriptions of the business, employees and properties of the Company are also descriptions of the business, employees and properties of the Operating Partnership. As the Operating Partnership is the issuer of our registered debt securities, we present a separate set of financial statements for this entity.

The Company, including its wholly-owned subsidiary, Tanger LP Trust, owns the majority of the units of partnership interest issued by the Operating Partnership. The Company controls the Operating Partnership as its sole general partner. Tanger LP Trust holds a limited partnership interest. As of September 30, 2025, the Company and its wholly owned subsidiaries owned 115,115,168 units of the Operating Partnership and other limited partners (the “Non-Company LPs”) collectively owned 4,662,904 Class A common limited partnership units. Each Class A common limited partnership unit held by the Non-Company LPs is exchangeable for one of the Company’s common shares, subject to certain limitations to preserve the Company’s status as a REIT. Class B common limited partnership units

of the Operating Partnership, which are held by Tanger LP Trust, are not exchangeable for common shares of the Company.

Management operates the Company and the Operating Partnership as one enterprise. The management of the Company consists of the same members as the management of the Operating Partnership. These individuals are officers of the Company and employees of the Operating Partnership.

We believe combining the Quarterly Reports on Form 10-Q of the Company and the Operating Partnership into this single Quarterly Report provides the following benefits:

- enhancing investors' understanding of the Company and the Operating Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminating duplicative disclosure and providing a more streamlined and readable presentation since a substantial portion of the disclosure applies to both the Company and the Operating Partnership; and
- creating time and cost efficiencies through the preparation of one combined Quarterly Report instead of two separate Quarterly Reports.

There are only a few differences between the Company and the Operating Partnership, which are reflected in the disclosure in this Quarterly Report. We believe it is important, however, to understand these differences between the Company and the Operating Partnership in the context of how the Company and the Operating Partnership operate as an interrelated consolidated company.

As stated above, the Company is a REIT, whose only material asset is its ownership of partnership interests of the Operating Partnership, including through its wholly-owned subsidiary, Tanger LP Trust. As a result, the Company does not conduct business itself, other than issuing public equity from time to time and incurring expenses required to operate as a public company. However, all operating expenses incurred by the Company are reimbursed by the Operating Partnership, thus the only material item on the Company's income statement is its equity in the earnings of the Operating Partnership. Therefore, the assets and liabilities and the revenues and expenses of the Company and the Operating Partnership are the same on their respective financial statements, except for immaterial differences related to cash, other assets and accrued liabilities that arise from public company expenses paid by the Company. The Company itself does not hold any indebtedness but does guarantee certain debt of the Operating Partnership, as disclosed in this Quarterly Report.

The Operating Partnership holds all of the shopping centers and other assets, either directly or through wholly owned subsidiaries, including the ownership interests in consolidated and unconsolidated joint ventures. The Operating Partnership conducts the operations of the business and is structured as a partnership with no publicly traded equity. Except for net proceeds from public equity issuances by the Company, which are contributed to the Operating Partnership in exchange for partnership units, the Operating Partnership generates the capital required through its operations, its incurrence of indebtedness or through the issuance of partnership units.

Noncontrolling interests, shareholders' equity and partners' capital are the main areas of difference between the consolidated financial statements of the Company and those of the Operating Partnership. The limited partnership interests in the Operating Partnership held by the Non-Company LPs are accounted for as partners' capital in the Operating Partnership's financial statements and as noncontrolling interests in the Company's financial statements.

To help investors understand the significant differences between the Company and the Operating Partnership, this Quarterly Report presents the following separate sections for each of the Company and the Operating Partnership:

- Consolidated financial statements;
- The following notes to the consolidated financial statements:
 - Debt of the Company and the Operating Partnership;
 - Shareholders' Equity and Partners' Equity;
 - Earnings Per Share and Earnings Per Unit;

- Accumulated Other Comprehensive Income of the Company and the Operating Partnership; and
- Liquidity and Capital Resources in the Management's Discussion and Analysis of Financial Condition and Results of Operations.

This Quarterly Report also includes separate Item 4. Controls and Procedures sections and separate Exhibit 31 and Exhibit 32 certifications for each of the Company and the Operating Partnership in order to establish that the Principal Executive Officer and the Principal Financial Officer of each entity have made the requisite certifications and that the Company and Operating Partnership are compliant with Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and 18 U.S.C. §1350.

The separate sections in this Quarterly Report for the Company and the Operating Partnership specifically refer to the Company and the Operating Partnership. In the sections that combine disclosure of the Company and the Operating Partnership, this Quarterly Report refers to actions or holdings as being actions or holdings of the Company. Although the Operating Partnership is generally the entity that enters into contracts and joint ventures and holds assets and debt, reference to the Company is appropriate because the business is one enterprise and the Company operates the business through the Operating Partnership.

The Company currently consolidates the Operating Partnership because it has (1) the power to direct the activities of the Operating Partnership that most significantly impact the Operating Partnership's economic performance and (2) the obligation to absorb losses and the right to receive the residual returns of the Operating Partnership that could be potentially significant. The separate discussions of the Company and the Operating Partnership in this Quarterly Report should be read in conjunction with each other to understand the results of the Company on a consolidated basis and how management operates the Company.

TANGER INC. AND SUBSIDIARIES
TANGER PROPERTIES LIMITED PARTNERSHIP AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Business

Tanger Inc. and its subsidiaries, which we refer to as the Company, is one of the leading owners and operators of outlet and open-air shopping centers in the United States and Canada. We are a fully-integrated, self-administered and self-managed real estate investment trust, which, through our controlling interest in Tanger Properties Limited Partnership and its subsidiaries, which we refer to as the Operating Partnership, focuses on developing, acquiring, owning, operating and managing outlet and open-air shopping centers. As of September 30, 2025, we owned and operated 31 consolidated outlet centers and three open-air lifestyle centers, with a total gross leasable area of approximately 14.0 million square feet, which were 97.4% occupied and contained over 2,600 stores representing approximately 750 store brands. We also had partial ownership interests in six unconsolidated centers totaling approximately 2.1 million square feet, including two centers in Canada. The portfolio also includes one managed center, totaling approximately 457,000 square feet. Each of our centers, except one joint venture center, features the Tanger brand name. All references to gross leasable area, square feet, occupancy, stores and store brands contained in the notes to the consolidated financial statements are unaudited.

Our shopping centers and other assets are held by, and all of our operations are conducted by the Operating Partnership. Accordingly, the descriptions of our business, employees and assets are also descriptions of the business, employees and assets of the Operating Partnership. Unless the context indicates otherwise, the term "Company" refers to Tanger Inc. and subsidiaries and the term "Operating Partnership" refers to Tanger Properties Limited Partnership and subsidiaries. The terms "we", "our" and "us" refer to the Company or the Company and the Operating Partnership together, as the text requires. On November 16, 2023, we changed our legal name from Tanger Factory Outlet Centers, Inc. to Tanger Inc. We refer to Tanger Inc.'s current legal name throughout this Quarterly Report on Form 10-Q.

The Company, including its wholly-owned subsidiary, Tanger LP Trust, owns the majority of the units of partnership interest issued by the Operating Partnership. The Company controls the Operating Partnership as its sole general partner. Tanger LP Trust holds a limited partnership interest in the Operating Partnership. As of September 30, 2025, the Company and its wholly-owned subsidiaries owned 115,115,168 units of the Operating Partnership and other limited partners (the "Non-Company LPs") collectively owned 4,662,904 Class A common limited partnership units. Each Class A common limited partnership unit held by the Non-Company LPs is exchangeable for one of the Company's common shares, subject to certain limitations to preserve the Company's REIT status. Class B common limited partnership units of the Operating Partnership, which are held by Tanger LP Trust, are not exchangeable for common shares of the Company.

2. Summary of Significant Accounting Policies

Basis of Presentation

The unaudited consolidated financial statements included herein have been prepared pursuant to accounting principles generally accepted in the United States of America ("GAAP") and should be read in conjunction with the consolidated financial statements and notes thereto of the Company's and the Operating Partnership's combined Annual Report on Form 10-K for the year ended December 31, 2024. The December 31, 2024 balance sheet data in this Form 10-Q was derived from the Company's audited financial statements. Certain information and note disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"), however management believes that the disclosures are adequate to make the information presented not misleading. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation of the financial statements for the interim periods have been made. The results of interim periods are not necessarily indicative of the results for a full year.

The Company currently consolidates the Operating Partnership because it has (1) the power to direct the activities of the Operating Partnership that most significantly impact the Operating Partnership's economic performance and (2) the obligation to absorb losses and the right to receive the residual returns of the Operating Partnership that could be potentially significant.

In February 2025, we entered into the Third Amended and Restated Limited Partnership Agreement, providing for the creation of long-term incentive plan units ("LTIP units"), entitled to the same non-liquidating distributions and allocations of profits and losses as the Class A Units on a per unit basis.

We consolidate properties that are wholly-owned and properties where we own less than 100% but control such properties. Control is determined using an evaluation based on accounting standards related to the consolidation of voting interest entities and variable interest entities ("VIE"). For joint ventures that are determined to be a VIE, we consolidate the entity where we are deemed to be the primary beneficiary. Determination of the primary beneficiary is based on whether an entity has (1) the power to direct the activities of the VIE that most significantly impact the entity's economic performance, and (2) the obligation to absorb losses of the entity that could potentially be significant to the VIE or the right to receive benefits from the entity that could potentially be significant to the VIE. Our determination of the primary beneficiary considers all relationships between us and the VIE, including management agreements and other contractual arrangements.

Investments in real estate joint ventures that we do not control, but may exercise significant influence on, are accounted for using the equity method of accounting. These investments are recorded initially at cost and subsequently adjusted for our equity in the joint venture's net income or loss, cash contributions, distributions and other adjustments required under the equity method of accounting.

For certain investments in real estate joint ventures, we record our equity in the venture's net income or loss under the hypothetical liquidation at book value method of accounting due to the structures and the preferences we receive on the distributions from our joint ventures pursuant to the respective joint venture agreements for those joint ventures. Under this method, we recognize income and loss in each period based on the change in liquidation proceeds we would receive from a hypothetical liquidation of our investment based on depreciated book value. Therefore, income or loss may be allocated disproportionately as compared to the ownership percentages due to specified preferred return rate thresholds and may be more or less than actual cash distributions received and more or less than what we may receive in the event of an actual liquidation.

We separately report investments in joint ventures for which accumulated distributions have exceeded investments in, and our share of net income or loss of, the joint ventures within other liabilities in the consolidated balance sheets because we are committed to provide further financial support to these joint ventures. The carrying amount of our investments in the Charlotte, Columbus, Galveston/Houston, and National Harbor joint ventures are less than zero because of financing or operating distributions that were greater than net income, as net income includes non-cash charges for depreciation and amortization.

"Noncontrolling interests in the Operating Partnership" reflects the Non-Company LPs' percentage ownership of the Operating Partnership's units. "Noncontrolling interests in other consolidated partnerships" consist of outside equity interests in partnerships or joint ventures not wholly-owned by the Company or the Operating Partnership that are consolidated with the financial results of the Company and Operating Partnership because the Operating Partnership exercises control over the entities that own the properties. Noncontrolling interests are initially recorded in the consolidated balance sheets at fair value based upon purchase price allocations. Income is allocated to the noncontrolling interests based on the allocation provisions within the partnership or joint venture agreements.

Accounts Receivable

Individual leases are assessed for collectability and upon the determination that the collection of rents is not probable, accrued rent and accounts receivable are written-off as an adjustment to rental revenue. Revenue from leases where collection is deemed to be less than probable is recorded on a cash basis until collectability is determined to be probable. Further, we assess whether operating lease receivables, at a portfolio level, are appropriately valued based upon an analysis of balances outstanding, historical bad debt levels and current economic trends including discussions with tenants for potential lease amendments. Our estimate of the collectability of accrued rents and accounts receivable is based on the best information available to us at the time of preparing the financial statements. Straight-line rent adjustments recorded as a receivable in prepaids and other assets on the consolidated balance sheets was approximately \$51.0 million as of September 30, 2025.

Impairment of Long-Lived Assets

Rental property held and used by us is reviewed for impairment in the event that facts and circumstances indicate the carrying amount of an asset may not be recoverable. In such an event, we compare the estimated future undiscounted cash flows associated with the asset to the asset's carrying amount, and if less than such carrying amount, recognize an impairment loss in an amount by which the carrying amount exceeds its fair value. The cash flow estimates used both for determining recoverability and estimating fair value are inherently judgmental and reflect current and projected trends in rental, occupancy, capitalization, and discount rates, and estimated holding periods for the applicable assets. Impairment analyses are based on our current plans, intended holding periods and available market information at the time the analyses are prepared. If our estimates of the projected future cash flows change based on uncertain market conditions or holding periods, our evaluation of impairment losses may be different and such differences could be material to our consolidated financial statements.

Due to the financial impacts from the COVID-19 pandemic, we began performing the above-described procedures on our Atlantic City, New Jersey center in 2020. While the center's performance has improved since that time, we have continued to perform those procedures and concluded each quarter that the carrying amount of the asset was recoverable. We evaluate different holding period scenarios and apply probabilities to those scenarios to determine an average holding period of 9 years. Management has the intent, and we have the ability, to hold the property for at least this period, and we believe this period is reasonable based on the center's performance and our history of being a long-term owner and operator of our centers. We believe the carrying value is recoverable because in our models the sum of the estimated future undiscounted cash flows, \$56.1 million, and the estimated potential disposition proceeds of the sale of the center, \$66.2 million (in aggregate totaling \$122.3 million) exceeds the carrying value of \$103.0 million by \$19.3 million. The recorded carrying amount includes intangible lease costs from our 2011 acquisition of the center.

We continue to monitor facts and circumstances and events in future periods that could affect inputs such as the expected holding period, operating cash flow forecasts and capitalization rates, utilized to determine whether an impairment charge is necessary. We can provide no assurance that material impairment charges with respect to our properties will not occur in future periods.

In April 2025, we sold the center in Howell, Michigan for \$17.0 million. As part of our quarterly impairment evaluation procedures, we recorded a \$4.2 million impairment charge in the first quarter of 2025 to lower the property's carrying value to the estimated fair value based on the purchase agreement.

3. Rental Property Acquisitions

2025 Acquisitions

Cleveland, Ohio

In February 2025, we purchased Pinecrest in Cleveland, Ohio, a 640,000-square-foot open-air, grocery-anchored, mixed-use center, for \$167.0 million using cash on hand and available liquidity. We accounted for the transaction as an asset acquisition and additionally capitalized approximately \$905,000 in transaction costs.

Kansas City, Kansas

In September 2025, we purchased the Legends Outlets in Kansas City, Kansas, a 690,000-square-foot open-air outlet center, for \$130.0 million, including the assumption of a \$115.0 million, 7.57% interest-only mortgage, with an effective rate of 6.0% (see Note 7), that matures in November 2027. We accounted for the transaction as an asset acquisition and additionally capitalized approximately \$1.5 million in transaction costs.

In conjunction with the loan assumption, we placed \$37.2 million into interest-bearing reserve accounts primarily to meet the loan to cost ratio as defined in the loan agreement as well as certain property tax and insurance escrows. The reserves are included within restricted cash on the consolidated balance sheets. The reserves can be accessed and used for qualifying tax, insurance and capital expenditures at the property and any remaining funds can be returned to us when the loan is repaid. The cash required for this acquisition was funded with a portion of the September 2025 settlement of previously issued forward equity from the fourth quarter of 2024 (see Note 10).

The assets acquired in the above acquisitions were recorded at relative fair value as determined by management, with the assistance of third-party valuation specialists, based on information available at the acquisition dates and on current assumptions as to future operations (See Note 2). The aggregate fair value purchase price of the properties acquired during the nine months ended September 30, 2025 has been allocated as follows:

	Fair value (in thousands)	Weighted-Average Amortization Period (in years)
Land	\$ 32,608	
Buildings, improvements and fixtures	243,573	34.9
Above market lease value	7,781	6.8
Below market lease value	(18,754)	12.2
Lease in place value	30,529	6.5
Lease and legal costs	7,451	5.3
Total deferred lease costs and other intangibles, net	27,007	
Debt premium	(3,833)	
Total fair value of net assets acquired	\$ 299,355	

There was no contingent consideration associated with these acquisitions.

4. Disposition of Property

In April 2025, we sold the center in Howell, Michigan for \$17.0 million. As part of our quarterly impairment evaluation procedures, we recorded a \$4.2 million impairment charge in the first quarter of 2025 to lower the property's carrying value to the estimated fair value based on the purchase agreement.

The following table sets forth the property sold during the nine months ended September 30, 2025 (in thousands):

Property	Location	Date Sold	Square Feet	Net Sales Proceeds	Gain on Sale
Howell	Howell, MI	April 2025	314	\$16,628	—

5. Investments in Unconsolidated Real Estate Joint Ventures

The equity method of accounting is used to account for each of the individual joint ventures. We have an ownership interest in the following unconsolidated real estate joint ventures:

As of September 30, 2025					
Joint Venture	Center Location	Ownership %	Square Feet (in 000's)	Carrying Value of Investment (in millions)	Total Joint Venture Debt, Net (in millions) ⁽¹⁾
Investments included in investments in unconsolidated joint ventures:					
RioCan Canada	Ontario, Canada	50.0 %	665	\$ 65.7	—
Investments included in other liabilities:					
Charlotte ⁽²⁾	Charlotte, NC	50.0 %	399	(20.5)	\$ 96.2
National Harbor ⁽²⁾	National Harbor, MD	50.0 %	341	(12.1)	90.6
Galveston/Houston ⁽²⁾	Texas City, TX	50.0 %	353	(13.7)	59.2
Columbus ⁽²⁾	Columbus, OH	50.0 %	355	(5.7)	70.5
		50.0 %	1,448	\$(52.0)	\$ 316.5

As of December 31, 2024					
Joint Venture	Center Location	Ownership %	Square Feet (in 000's)	Carrying Value of Investment (in millions)	Total Joint Venture Debt, Net (in millions) ⁽¹⁾
Investments included in investments in unconsolidated joint ventures:					
RioCan Canada	Ontario, Canada	50.0 %	665	\$ 65.7	—
Investments included in other liabilities:					
Charlotte ⁽²⁾	Charlotte, NC	50.0 %	399	(21.3)	\$ 97.6
National Harbor ⁽²⁾	National Harbor, MD	50.0 %	341	(11.1)	91.8
Galveston/Houston ⁽²⁾	Texas City, TX	50.0 %	353	(13.3)	57.4
Columbus ⁽²⁾	Columbus, OH	50.0 %	355	(5.0)	70.4
		50.0 %	1,448	\$(50.7)	\$ 317.2

(1) Net of debt origination costs of \$1.7 million as of September 30, 2025 and \$1.6 million as of December 31, 2024.

(2) We separately report investments in joint ventures for which accumulated distributions have exceeded investments in and our share of net income or loss of the joint ventures within other liabilities in the consolidated balance sheets because we are committed and intend to provide further financial support to these joint ventures. The negative carrying value is due to the distributions of proceeds from mortgage loans and quarterly distributions of excess cash flow exceeding the original contributions from the partners and equity in earnings of the joint ventures.

Galveston Outlets LLC

In June 2025, the Galveston/Houston joint venture refinanced its mortgage loan to extend the maturity from June 2026 to June 2030, which included an increase in principal balance from \$58.0 million to \$60.0 million, and reduced the interest rate from the Daily Secured Overnight Financing Rate ("Daily SOFR") + 3.0% to Daily SOFR + 1.65%. In conjunction with this refinancing, the joint venture entered into a \$60.0 million interest rate swap that fixes Daily SOFR at 3.4% until June 2029.

Fees we received for various services provided to our unconsolidated joint ventures were recognized in management, leasing and other services as follows (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Fee:				
Management and marketing	\$ 610	\$ 575	\$ 1,749	\$ 1,702
Leasing and other fees	143	81	277	293
Expense reimbursements from unconsolidated joint ventures	1,388	1,369	3,928	3,677
Total Fees	\$ 2,141	\$ 2,025	\$ 5,954	\$ 5,672

Our investments in real estate joint ventures are reduced by the percentage of the profits earned for leasing and development services associated with our ownership interest in each joint venture. Our carrying value of investments in unconsolidated joint ventures differs from our share of the assets reported in the "Condensed Combined Balance Sheets - Unconsolidated Joint Ventures" shown below due to adjustments to the book basis, including intercompany profits on sales of services that are capitalized by the unconsolidated joint ventures. The differences in basis (totaling \$1.9 million and \$2.4 million as of September 30, 2025 and December 31, 2024, respectively) are amortized over the various useful lives of the related assets.

Condensed combined summary financial information of unconsolidated joint ventures accounted for using the equity method is as follows (in thousands):

	September 30, 2025	December 31, 2024
Assets		
Land	\$ 79,108	\$ 79,920
Buildings, improvements and fixtures	468,874	459,148
Construction in progress	630	1,051

6. Debt Guaranteed by the Company

All of the Company's debt is incurred by the Operating Partnership and its consolidated subsidiaries.

The Company guarantees the Operating Partnership's obligations with respect to its unsecured lines of credit, which have a total borrowing capacity of \$620.0 million, of which \$560.0 million remains available as of September 30, 2025. The Company also guarantees the Operating Partnership's \$325.0 million unsecured term loan.

The Operating Partnership had the following principal amounts outstanding on the debt guaranteed by the Company (in thousands):

	As of	
	September 30, 2025	December 31, 2024
Unsecured lines of credit	\$ 60,000	\$ —
Unsecured term loan	\$ 325,000	\$ 325,000

7. Debt of the Operating Partnership

The debt of the Operating Partnership consisted of the following (in thousands):

					As of September 30, 2025		As of December 31, 2024	
	Stated Interest Rate(s)	Effective Rate (1)	Maturity Date	Maturity Date With Extension Option	Principal	Book Value(2)	Principal	Book Value(2)
Senior, unsecured notes:								
Senior notes	3.125%	3.2%	Sept. 2026		\$ 350,000	\$ 349,484	\$ 350,000	\$ 349,045
Senior notes	3.875%	3.9%	July 2027		300,000	299,266	300,000	298,956
Senior notes	2.750%	2.9%	Sept. 2031		400,000	394,381	400,000	393,710
Unsecured term loan (3)	Adj SOFR+ 0.94%	4.9%	Jan. 2027	Jan. 2028	325,000	323,831	325,000	323,182
Mortgages payable:								
Atlantic City (3) (4)	6.44%	5.1%	Dec. 2026		6,090	6,165	7,206	7,341
Kansas City (5)	7.57%	6.0%	Nov. 2027		115,000	118,760	—	—
Southaven (3) (6)	Adj SOFR+ 2.00%	5.6%	April 2030		61,700	61,125	51,700	51,525
Unsecured lines of credit	Adj SOFR+ 0.85%	5.1%	April 2028	April 2029	60,000	60,000	—	—
Total					\$ 1,617,790	\$ 1,613,012	\$ 1,433,906	\$ 1,423,759

- (1) Includes the impact of discounts and premiums, mark-to-market adjustments for mortgages assumed in conjunction with property acquisitions and interest rate swap agreements, as applicable.
- (2) Includes premiums, discounts and unamortized debt origination costs. These costs were \$4.8 million and \$10.1 million as of September 30, 2025 and December 31, 2024, respectively. This excludes \$6.1 million and \$7.4 million of unamortized debt origination costs related to the unsecured lines of credit at September 30, 2025 and December 31, 2024, respectively, recorded in prepaids and other assets in the consolidated balance sheet.
- (3) We have entered into various interest rate swap agreements to effectively fix variable interest costs (see Note 8).
- (4) Principal and interest due monthly with remaining principal due at maturity.
- (5) The effective interest rate assigned during the purchase price allocation to the Atlantic City mortgage assumed during the acquisition in 2011 was 5.1%. The effective interest rate assigned during the purchase price allocation to the Kansas City mortgage assumed as part of the acquisition in 2025 was 6.0%.
- (6) The Operating Partnership provides a 10% guarantee of this mortgage, which is held at a joint venture that is consolidated for financial reporting purposes.

In April 2025, the Southaven, Mississippi consolidated joint venture amended its mortgage increasing the outstanding borrowings from \$51.7 million to \$61.7 million and extending the maturity date from October 2026 to April 2030 with no extension options. The stated interest rate remained unchanged at the Adjusted Secured Overnight Financing Rate ("Adjusted SOFR") + 2.0%.

In September 2025, we assumed a \$115.0 million 7.57% interest only mortgage that matures in November 2027 in conjunction with the acquisition of the Legends Outlets in Kansas City, Kansas. The effective interest rate calculated as part of the purchase price allocation was 6.0%.

Certain of our properties, which had a net book value of approximately \$258.7 million at September 30, 2025, serve as collateral for mortgages payable. As of September 30, 2025, we maintained unsecured lines of credit that provided for borrowings of up to \$620.0 million which had \$60.0 million borrowed. The unsecured lines of credit as of September 30, 2025 included a \$20.0 million liquidity line and a \$600.0 million syndicated line. The syndicated line may be increased up to \$1.2 billion through an accordion feature in certain circumstances.

The unsecured lines of credit and senior unsecured notes include covenants that require the maintenance of certain ratios, including debt service coverage and leverage, and limit the payment of dividends such that dividends and distributions will not exceed FFO, as defined in the agreements, for the prior fiscal year on an annual basis or 95% of FFO on a cumulative basis. As of September 30, 2025, we believe we were in compliance with all of our debt covenants.

Debt Maturities

Maturities and principal amortization of the existing long-term debt as of September 30, 2025 for the next five years and thereafter are as follows (in thousands):

Calendar Year	Amount
For the remainder of 2025	\$ 385
2026	355,705
2027 ⁽¹⁾	740,000
2028 ⁽¹⁾	60,000
2029	—
Thereafter	461,700
Subtotal	1,617,790
Net discount and debt origination costs	(4,778)
Total	\$ 1,613,012

(1) Excludes one year extension options on our \$325.0 million unsecured term loan which matures in 2027 and our \$620.0 million unsecured lines of credit which has \$60.0 million outstanding at September 30, 2025 which matures in 2028. With extension options, these debt maturities would mature in 2028 and 2029, respectively.

We have considered our short-term (one-year or less from the date of filing these financial statements) liquidity needs and the adequacy of our estimated cash flows from operating activities and other financing sources to meet these needs. These other sources include but are not limited to: existing cash, ongoing relationships with certain financial institutions, our ability to sell debt or issue equity subject to market conditions, and proceeds from the potential sale of non-core assets. We believe that we have access to the necessary financing to fund our short-term liquidity needs.

8. Derivative Financial Instruments

The following table summarizes the terms and fair values of our derivative financial instruments, as well as their classifications within the consolidated balance sheets (notional amounts and fair values in thousands):

Effective Date	Maturity Date	Notional Amount	Bank Pay Rate	Company Fixed Pay Rate	Fair Value	
					September 30, 2025	December 31, 2024
Assets (Liabilities) ⁽¹⁾ :						
Current Derivatives						
February 1, 2024	February 1, 2026	75,000	Daily SOFR	3.5 %	\$ 122	\$ 510
February 1, 2024	August 1, 2026	75,000	Daily SOFR	3.7 %	(37)	364
February 1, 2024	January 1, 2027	175,000	Daily SOFR	4.2 %	(1,446)	(554)
May 1, 2025	April 24, 2029	61,700	Daily SOFR	3.5 %	(448)	—
Total		\$ 386,700		3.8 %	\$ (1,809)	\$ 320
Forward Starting Derivatives						
February 1, 2026	April 1, 2028	75,000	Daily SOFR	3.3 %	(154)	—
August 1, 2026	October 1, 2027	50,000	Daily SOFR	3.1 %	(8)	—
August 1, 2026	April 1, 2028	25,000	Daily SOFR	3.1 %	8	—
Total		\$ 150,000		3.2 %	\$ (154)	\$ —

(1) Asset balances are recorded in prepaids and other assets on the consolidated balance sheets and liabilities are recorded in other liabilities on the consolidated balance sheets.

The derivative financial instruments are comprised of interest rate swaps, which are designated and qualify as cash flow hedges, with various counterparties. We do not use derivatives for trading or speculative purposes and currently do not have any derivatives that are not designated as hedges.

Changes in the fair value of derivatives designated and qualifying as cash flow hedges is recorded in accumulated other comprehensive loss and subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings.

The following table represents the effect of the derivative financial instruments on the accompanying consolidated financial statements (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Interest Rate Swaps (Effective Portion):				
Amount of gain (loss) recognized in other comprehensive income (loss)	\$ (186)	\$ (6,894)	\$ (2,284)	\$ (3,007)

9. Fair Value Measurements

Fair value guidance establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers are defined as follows:

Tier	Description
Level 1	Observable inputs such as quoted prices in active markets
Level 2	Inputs other than quoted prices in active markets that are either directly or indirectly observable
Level 3	Unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions

Fair Value Measurements on a Recurring Basis

The following table sets forth our assets and liabilities that are measured at fair value within the fair value hierarchy (in thousands):

		Level 1	Level 2	Level 3
	Total	Quoted Prices in Active Markets for Identical Assets or Liabilities	Significant Observable Inputs	Significant Unobservable Inputs
Fair value as of September 30, 2025:				
Assets:				
Interest rate swaps (prepaids and other assets)	\$ 322	\$ —	\$ 322	\$ —
Total assets	\$ 322	\$ —	\$ 322	\$ —
Liabilities:				
Interest rate swaps (other liabilities)	\$ (2,285)	\$ —	\$ (2,285)	\$ —
Total liabilities	\$ (2,285)	\$ —	\$ (2,285)	\$ —

		Level 1	Level 2	Level 3
	Total	Quoted Prices in Active Markets for Identical Assets or Liabilities	Significant Observable Inputs	Significant Unobservable Inputs
Fair value as of December 31, 2024:				
Asset:				
Interest rate swaps (prepaids and other assets)	\$ 1,288	\$ —	\$ 1,288	\$ —
Total assets	\$ 1,288	\$ —	\$ 1,288	\$ —
Liabilities:				
Interest rate swaps (other liabilities)	\$ (968)	\$ —	\$ (968)	\$ —
Total liabilities	\$ (968)	\$ —	\$ (968)	\$ —

Fair values of interest rate swaps are estimated using Level 2 inputs based on current market data received from financial sources that trade such instruments and are based on prevailing market data and derived from third party proprietary models based on well recognized financial principles including counterparty risks, credit spreads and interest rate projections, as well as reasonable estimates about relevant future market conditions.

Other Fair Value Disclosures

The estimated fair value within the fair value hierarchy and recorded value of our debt consisting of senior unsecured notes, unsecured term loans, secured mortgages and unsecured lines of credit were as follows (in thousands):

	September 30, 2025	December 31, 2024
Level 1 Quoted Prices in Active Markets for Identical Assets or Liabilities	\$ —	\$ —
Level 2 Significant Observable Inputs	1,001,902	961,783
Level 3 Significant Unobservable Inputs	568,931	387,048
Total fair value of debt	\$ 1,570,833	\$ 1,348,831
Recorded value of debt	\$ 1,613,012	\$ 1,423,759

Our senior unsecured notes are publicly-traded which provides quoted market rates. However, due to the limited trading volume of these notes, we have classified these instruments as Level 2 in the fair value hierarchy. Our other debt is classified as Level 3 in the fair value hierarchy given the unobservable inputs utilized in the valuation. Our unsecured term loan, unsecured lines of credit and variable interest rate mortgages are all SOFR based instruments. When selecting the discount rates for purposes of estimating the fair value of these instruments, we evaluated the original credit spreads and do not believe that the use of them differs materially from current credit spreads for similar instruments and therefore the recorded values of these debt instruments is considered their fair value.

The carrying values of cash and cash equivalents, short-term investments, receivables, accounts payable, accrued expenses and other assets and liabilities are reasonable estimates of their fair values because of the short maturities of these instruments. Short-term government securities and our certificates of deposit included in short-term investments are highly liquid investments, which are classified as Level 1 in the fair value hierarchy because they are valued using quoted market prices in an active market.

10. Shareholders' Equity of the Company

Dividend Declaration

In July 2025, the Company's Board of Directors (the "Board") declared a \$0.2925 cash dividend per common share payable on August 15, 2025 to each shareholder of record on July 31, 2025, and in its capacity as General Partner of the Operating Partnership, authorized a \$0.2925 cash distribution per Operating Partnership unit to the Operating Partnership's unitholders.

At-the-Market Offering

Under our at-the-market stock offering ("ATM Offering") program, we may offer and sell our common shares, \$0.01 par value per share, having an aggregate gross sales price of up to \$400 million. The ATM Offering includes forward sales capability detailed in the "Forward Sale Agreements" section below. We may sell the common shares in amounts and at times to be determined by us but we have no obligation to sell any of the common shares. Actual sales, if any, will depend on a variety of factors to be determined by us from time to time, including, among other things, market conditions, the trading price of the common shares, capital needs and determinations by us of the appropriate sources of its funding. We currently intend to use the net proceeds from the sale of common shares pursuant to the ATM Offering Program for working capital and general corporate expenses. As of September 30, 2025, we had approximately \$400.0 million remaining available for sales of shares under the ATM Offering program.

There were no sales of our common shares during the nine months ended September 30, 2025. During the third quarter of 2025, we settled all of the previously sold forward shares that were sold during 2024, as discussed in the Forward Sale Agreements section below. For the three and nine months ended September 30, 2024, we sold 818,943 shares under the ATM Offering Program at an average share price of \$30.53 for total gross proceeds of \$25.0 million. In the fourth quarter of 2024, we also sold 2.6 million shares at an average price of \$35.57 for total gross proceeds of \$90.9 million and 1.9 million shares subject to forward sale agreements at an initial forward sale price of \$36.40 for estimated aggregate gross value of \$69.7 million as outlined below.

Forward Sale Agreements

During the fourth quarter of 2024, we sold an aggregate of 1.9 million shares under the ATM Offering program which were subject to forward sale agreements, for an estimated aggregate gross value of \$69.7 million based on the initial forward sale price of \$36.40 with respect to each forward sale agreement. In September 2025, we settled all of these shares for total proceeds of \$69.3 million. A portion of the proceeds were used to fund the acquisition of the Legends Outlets in Kansas City, Kansas.

Share Repurchase Program

In May 2025, the Board authorized the repurchase of up to \$200.0 million of the Company's outstanding common shares, replacing the previously authorized share repurchase program to repurchase up to \$100.0 million of the Company's outstanding common shares that expired May 31, 2025. Repurchases may be made from time to time through open market, privately-negotiated, structured or derivative transactions (including accelerated share repurchase transactions), or other methods of acquiring common shares. The Company intends to structure open market purchases to occur within pricing and volume requirements of Rule 10b-18 of the Exchange Act. The Company may, from time to time, enter into Rule 10b5-1 plans to facilitate the repurchase of its common shares under this authorization. The Company did not repurchase any common shares in both the three and nine months ended September 30, 2025 and September 30, 2024. The remaining amount of common shares authorized to be repurchased under the share repurchase program as of September 30, 2025 was approximately \$200.0 million.

11. Partners' Equity of the Operating Partnership

All operating partnership units issued by the Operating Partnership have equal rights with respect to earnings, dividends and net assets. When the Company issues common shares upon the exercise of options, the grant of restricted common share awards, or the exchange of Class A common limited partnership units, the Operating Partnership issues a corresponding Class B common limited partnership unit to Tanger LP Trust, a wholly-owned subsidiary of the Company. Likewise, when the Company repurchases its outstanding common shares, the Operating Partnership repurchases a corresponding amount of Class B common limited partnership units held by Tanger LP Trust.

The following table sets forth the changes in outstanding partnership units for the three and nine months ended September 30, 2025 and September 30, 2024:

	General Partnership Units	Limited Partnership Units		
		Class A	Class B	Total

12. Earnings Per Share of the Company

The following table sets forth a reconciliation of the numerators and denominators in computing the Company's earnings per share (in thousands, except per share amounts):

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Numerator:				
Net income attributable to Tanger Inc.	\$ 32,027	\$ 24,856	\$ 81,314	\$ 72,109
Less allocation of earnings to participating securities	(224)	(232)	(651)	(692)
Net income available to common shareholders of Tanger Inc.	\$ 31,803	\$ 24,624	\$ 80,663	\$ 71,417
Denominator:				
Basic weighted average common shares	113,005	108,972	112,689	108,675
Effect of dilutive securities:				
Equity awards	1,564	1,732	1,539	1,671
Diluted weighted average common shares	114,569	110,704	114,228	110,346
Basic earnings per common share:				
Net income	\$ 0.28	\$ 0.23	\$ 0.72	\$ 0.66
Diluted earnings per common share:				
Net income	\$ 0.28	\$ 0.22	\$ 0.71	\$ 0.65

We determine diluted earnings per share based on the weighted average number of common shares outstanding combined with the incremental weighted average shares that would have been outstanding assuming all potentially dilutive securities were converted into common shares at the earliest date possible.

Notional units granted under our equity compensation plan are considered contingently issuable common shares and are included in earnings per share if the effect is dilutive using the treasury stock method and the common shares would be issuable if the end of the reporting period were the end of the contingency period. For the three and nine months ended September 30, 2025, approximately 99,000 notional units were excluded from the computation because these notional units either would not have been issuable if the end of the reporting period were the end of the contingency period or because they were anti-dilutive. For the three and nine months ended September 30, 2024, approximately 120,000 notional units were excluded from the computation.

With respect to outstanding options, the effect of dilutive common shares is determined using the treasury stock method, whereby outstanding options are assumed exercised at the beginning of the reporting period and the exercise proceeds from such options and the average measured but unrecognized compensation cost during the period are assumed to be used to repurchase our common shares at the average market price during the period. For the three and nine months ended September 30, 2025, and September 30, 2024, no options were excluded from the computation.

The assumed exchange of the partnership units held by the Non-Company LPs as of the beginning of the year, which would result in the elimination of earnings allocated to the noncontrolling interest in the Operating Partnership, would have no impact on earnings per share since the allocation of earnings to a common limited partnership unit, as if exchanged, is equivalent to earnings allocated to a common share.

Certain of the Company's unvested restricted common share awards and LTIP units contain non-forfeitable rights to dividends or dividend equivalents. The impact of these unvested restricted common share awards and LTIP units on earnings per share has been calculated using the two-class method whereby earnings are allocated to the unvested restricted common share awards and LTIP units based on dividends declared and the unvested restricted common shares' and LTIP units' participation rights in undistributed earnings. Unvested restricted common shares and LTIP units that do not contain non-forfeitable rights to dividends or dividend equivalents are included in the diluted earnings per share computation if the effect is dilutive, using the treasury stock method.

13. Earnings Per Unit of the Operating Partnership

The following table sets forth a reconciliation of the numerators and denominators in computing earnings per unit (in thousands, except per unit amounts):

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Numerator:				
Net income attributable to partners of the Operating Partnership	\$ 33,348	\$ 25,930	\$ 84,677	\$ 75,231
Less allocation of earnings to participating securities	(224)	(232)	(651)	(692)
Net income available to common unitholders of the Operating Partnership	\$ 33,124	\$ 25,698	\$ 84,026	\$ 74,539
Denominator:				
Basic weighted average common units	117,668	113,680	117,356	113,383
Effect of dilutive securities:				
Equity awards	1,564	1,732	1,539	1,671
Diluted weighted average common units	119,232	115,412	118,895	115,054
Basic earnings per common unit:				
Net income	\$ 0.28	\$ 0.23	\$ 0.72	\$ 0.66
Diluted earnings per common unit:				
Net income	\$ 0.28	\$ 0.22	\$ 0.71	\$ 0.65

We determine diluted earnings per common unit based on the weighted average number of common units outstanding combined with the incremental weighted average units that would have been outstanding assuming all potentially dilutive securities were converted into common units at the earliest date possible.

Notional units granted under our equity compensation plan are considered contingently issuable common units and are included in earnings per unit if the effect is dilutive using the treasury stock method and the common units would be issuable if the end of the reporting period were the end of the contingency period. For the three and nine months ended September 30, 2025, approximately 99,000 notional units were excluded from the computation because these notional units either would not have been issuable if the end of the reporting period were the end of the contingency period or because they were anti-dilutive. For the three and nine months ended September 30, 2024, approximately 120,000 notional units were excluded from the computation.

With respect to outstanding options, the effect of dilutive common units is determined using the treasury stock method, whereby outstanding options are assumed exercised at the beginning of the reporting period and the exercise proceeds from such options and the average measured but unrecognized compensation cost during the period are assumed to be used to repurchase our common units at the average market price during the period. The market price of a common unit is considered to be equivalent to the market price of a Company common share. For the three and nine months ended September 30, 2025 and September 30, 2024, no options were excluded from the computation.

Certain of the Company's unvested restricted common share awards and LTIP units contain non-forfeitable rights to distributions or distribution equivalents. The impact of the corresponding unvested restricted unit awards and LTIP units on earnings per unit has been calculated using the two-class method whereby earnings are allocated to the unvested restricted unit awards and LTIP unit awards based on distributions declared and the unvested restricted units' and LTIP units' participation rights in undistributed earnings. Unvested restricted common units and LTIP units that do not contain non-forfeitable rights to dividends or dividend equivalents are included in the diluted earnings per common unit computation if the effect is dilutive, using the treasury stock method.

14. Equity-Based Compensation of the Company

We have a shareholder approved equity-based compensation plan, the Incentive Award Plan of Tanger Inc. and Tanger Properties Limited Partnership, as amended (the "Plan"), which covers our non-employee directors, officers, employees and consultants. Under the Plan, we may grant equity-based awards in the form of (among other things) restricted common shares of the Company, restricted share units with respect to common shares of the Company (which we sometimes refer to as "notional units") and LTIP units of the Operating Partnership.

Per the Operating Partnership's limited partnership agreement, when a common share is issued by the Company, the Operating Partnership issues one corresponding operating partnership unit to the Company's wholly-owned subsidiary, Tanger LP Trust. Therefore, when the Company grants an equity-based award in respect of its common shares, the Operating Partnership treats each award as having been granted by the Operating Partnership.

Each LTIP unit, if and upon vesting, is convertible, upon the satisfaction of minimum allocations to the capital account of the LTIP unit for federal income tax purposes, into a non-voting Class C common unit of the Operating Partnership. Each such Class C common unit may be exchanged by the holder for one common share of the Company. LTIP units are intended to qualify as profits interests for US federal income tax purposes.

In the discussion below, the term "we" refers to the Company and the Operating Partnership together and the term "shares" is meant to also include corresponding units of the Operating Partnership.

We recorded equity-based compensation expense in general and administrative expenses in our consolidated statements of operations as follows (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Restricted common shares and time-based LTIP awards	\$ 1,814	\$ 1,748	\$ 5,357	\$ 5,690
Performance-based notional unit awards and performance-based LTIP awards	1,359	1,038	3,857	3,030
Options	85	89	257	260
Total equity-based compensation	\$ 3,258	\$ 2,875	\$ 9,471	\$ 8,980

Equity-based compensation expense capitalized as a part of rental property and deferred lease costs were as follows (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Equity-based compensation expense capitalized	\$ 63	\$ 26	\$ 182	\$ 179

Restricted Common Share Awards

During February 2025, the Company granted to its non-employee directors and executive officers, approximately 30,000 and 169,000 restricted common shares, respectively. The grant date fair values of the awards were \$34.59 and \$35.30 per share, respectively. The restricted common shares vest ratably over a three-year period on February 15th of each year for executive officers and over a one-year period on February 15th for non-employee directors. Compensation expense related to the amortization of the deferred compensation is being recognized in accordance with the vesting schedule of the restricted shares.

For certain restricted shares that vest and restricted share units that are settled during the period, we withhold shares with value equivalent up to the employees' maximum statutory obligation for the applicable income and other employment taxes, and remit cash to the appropriate taxing authorities. The total number of shares withheld upon vesting or settlement were approximately 212,000 and 381,000 for the nine months ended September 30, 2025 and 2024, respectively. The total number of shares withheld was based on the value of the common shares on the vesting or settlement date as determined by our closing share price on the prior day. Total amounts paid for the employees' tax obligation to taxing authorities were \$7.3 million and \$10.7 million for the nine months ended September 30, 2025 and 2024, respectively. These amounts are reflected as financing activities within the consolidated statements of cash flows.

Basic Long Term Incentive Plan Units

During 2025, the Company granted to certain non-employee directors 15,180 LTIP units with time-based vesting requirements and a grant date fair value of \$34.59 per unit that vest ratably over one year subject to continued service. Compensation expense for these units is being recognized over a one-year period.

2025 Performance Share Plan

During 2025, the Compensation Committee of the Company approved the general terms of the Tanger Inc. 2025 Performance Share Plan (the "2025 PSP") covering the Company's executive officers whereby a maximum of approximately 62,000 restricted common shares and 234,000 LTIP units may be earned if certain share price appreciation goals are achieved over a three-year measurement period. The 2025 PSP is a long-term incentive compensation plan. Recipients may earn notional units which may convert into restricted common shares of the Company or LTIP units, based on the Company's absolute total shareholder return and its total shareholder return relative to its peer group over a three-year measurement period. Any shares or LTIP units earned at the end of the three-year measurement period are subject to a time-based vesting schedule, with 50% of the shares and units vesting immediately following the measurement period, and the remaining 50% vesting one-year thereafter, contingent upon continued employment with the Company through the vesting date (unless accelerated due to termination prior thereto (a) by the Company without cause, (b) by participant for good reason or, (c) due to death or disability).

The following table sets forth 2025 PSP performance targets and other relevant information about the 2025 PSP:

Performance targets ⁽¹⁾		
Absolute portion of award:		
Percent of total award		33.3%
Absolute total shareholder return range	26%	- 40.5%
Percentage of units to be earned	20%	- 100%
Relative portion of award:		
Percent of total award		66.7%
Percentile rank of peer group range ⁽²⁾	30th	- 80th
Percentage of units to be earned	20%	- 100%
Maximum number of restricted common shares that may be earned		62,000
February grant date fair value per LTIP unit		\$22.33
February grant date fair value per share		\$22.22

(1) The number of restricted common shares received and LTIP units earned under the 2025 PSP will be determined on a pro-rata basis by linear interpolation between total shareholder return thresholds, both for absolute total shareholder return and for relative total shareholder return amongst the Company's peer group.

(2) The peer group is based on companies included in the FTSE Nareit Retail Index.

The fair values of the 2025 PSP awards granted during the nine months ended September 30, 2025, were determined at the grant dates using a Monte Carlo simulation pricing model and the following assumptions:

Risk free interest rate ⁽¹⁾	4.0 %
Expected dividend yield ⁽²⁾	4.0 %
Expected volatility ⁽³⁾	29 %

- (1) Represents the interest rate as of the grant date on U.S. treasury bonds having the same life as the estimated life of the restricted unit grants.
(2) The dividend yield is calculated utilizing the average dividend yield over the previous three-year period and the current dividend yield as of the valuation date.
(3) Based on a mix of historical and implied volatility for our common shares and the common shares of our peer index companies over the measurement period.

2022 Performance Share Plan

In February 2025, the measurement period for the 2022 Performance Share Plan concluded. Based on the Company's absolute and relative total shareholder return over the three-year measurement period, we issued 401,613 restricted common shares in February 2025, with 258,532 vesting immediately and the remaining 143,081 vesting in February 2026. The vesting of those 143,081 shares is contingent upon continued employment with the Company through the vesting date (unless terminated prior thereto (a) by the Company without cause, (b) by participant for good reason or (c) due to death or disability, in which cases vesting will accelerate).

15. Accumulated Other Comprehensive Income (Loss) of the Company

The following table presents changes in the balances of each component of accumulated other comprehensive income (loss) for the three and nine months ended September 30, 2025 and 2024 (in thousands):

	Tanger Inc. Accumulated Other Comprehensive Income (Loss)			Noncontrolling Interest in Operating Partnership Accumulated Other Comprehensive Income (Loss)		
	Foreign Currency	Cash flow hedges	Total	Foreign Currency	Cash flow hedges	Total

Balance September 30, 2024	\$ (25,429)	\$ (3,424)	\$ (28,853)

We expect within the next twelve months to reclassify into earnings as a decrease to interest expense approximately \$638,000 of the amounts recorded within accumulated other comprehensive income related to the interest rate swap agreements in effect as of September 30, 2025.

17. Segment Reporting

We focus on developing, acquiring, owning, operating, and managing shopping centers. We consider each shopping center an operating segment. We aggregate the financial information of all centers into one reportable segment because the centers all have similar economic characteristics and provide similar products and services to similar types and classes of customers and tenants.

Our Chief Operating Decision Maker ("CODM"), the President and Chief Executive Officer, reviews operating and financial information using Net Operating Income ("NOI") as the key measure to assess performance and allocate resources. The CODM also uses NOI and its components to monitor budget versus actual results. Our resources are allocated by evaluating the operating results of the business as well as considering capital needs and future projections, and deploying them across the various business functions as deemed necessary while ensuring the uses align with our overall business strategy.

The following table provides the components of Portfolio Net Operating Income, a non-GAAP metric, related to our business for three and nine months ended September 30, 2025 and September 30, 2024:

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Property Revenues:				
Rental revenue	\$ 137,225	\$ 125,221	\$ 399,945	\$ 365,349
Other revenues	5,476	5,295	14,168	12,884
Total Revenues	\$ 142,701	\$ 130,516	\$ 414,113	\$ 378,233
Property Operating Expenses:				
Advertising and promotion	\$ 5,079	\$ 4,923	\$ 11,767	\$ 12,160
Common area maintenance	18,236	16,703	53,818	49,113
Real estate taxes	10,238	8,883	30,692	26,560
Other operating expense	9,862	7,985	26,471	20,142
Total Operating Expenses	\$ 43,415	\$ 38,494	\$ 122,748	\$ 107,975
Portfolio Net Operating Income - Consolidated	\$ 99,286	\$ 92,022	\$ 291,365	\$ 270,258
Equity in earnings of unconsolidated joint ventures	\$ 4,221	\$ 2,312	\$ 9,654	\$ 7,803
Interest expense	(16,439)	(15,493)	(48,610)	(45,546)
Impairment charges	—	—	(4,249)	—
Other income	(116)	(52)	75	755
Depreciation and amortization	(37,103)	(35,376)	(110,857)	(103,410)
Other non-property (income) expenses	323	199	831	1,000
Corporate general and administrative expenses	(18,614)	(18,231)	(56,622)	(56,556)
Non-cash adjustments	1,705	214	2,284	(28)
Lease termination fees	85	335	806	875
Net Income	\$ 33,348	\$ 25,930	\$ 84,677	\$ 75,151

18. Lease Agreements

As of September 30, 2025, we were the lessor to over 2,600 stores in our 34 consolidated centers, under operating leases with initial terms that expire from 2025 to 2039, with certain agreements containing extension options. Also, certain of our lease agreements require tenants to pay their portion of reimbursable expenses such as common area expenses, utilities, insurance and real estate taxes.

The components of rental revenues are as follows (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Rental revenues - fixed	\$ 111,113	\$ 98,879	\$ 326,786	\$ 294,031
Rental revenues - variable ⁽¹⁾	26,112	26,342	73,159	71,318
Rental revenues	\$ 137,225	\$ 125,221	\$ 399,945	\$ 365,349

(1) Primarily includes rents based on a percentage of tenant sales volume and reimbursable expenses such as common area expenses, utilities, insurance and real estate taxes.

19. Supplemental Cash Flow Information

We purchase capital equipment and incur costs relating to construction of facilities, including tenant finishing allowances. Expenditures included in accounts payable and accrued expenses were as follows (in thousands):

	As of September 30, 2025	As of September 30, 2024
Costs relating to construction included in accounts payable and accrued expenses	\$ 16,187	\$ 19,059

Interest paid, net of interest capitalized was as follows (in thousands):

	Nine months ended September 30,	
	2025	2024
Interest paid	\$ 53,088	\$ 49,370

Non-cash financing activities that occurred during the third quarter of 2025 include the assumption of mortgage debt in the amount of \$115.0 million, including net premiums of \$3.8 million, related to the acquisition of our center in Kansas City, KS.

The following table summarizes cash, cash equivalents and restricted cash (in thousands) for the Company:

	Nine months ended September 30,	
	2025	2024
Beginning of period:		
Cash and cash equivalents	\$ 46,992	\$ 12,778
Restricted cash	—	—
Cash, cash equivalents, and restricted cash	\$ 46,992	\$ 12,778
End of period:		
Cash and cash equivalents	\$ 13,029	\$ 11,053
Restricted cash	37,199	—
Cash, cash equivalents, and restricted cash	\$ 50,228	\$ 11,053

The following table summarizes cash, cash equivalents and restricted cash (in thousands) for the Operating Partnership:

	Nine months ended September 30,	
	2025	2024
Beginning of period:		
Cash and cash equivalents	\$ 46,700	\$ 12,572
Restricted cash	—	—
Cash, cash equivalents, and restricted cash	\$ 46,700	\$ 12,572
End of period:		
Cash and cash equivalents	\$ 12,761	\$ 10,830
Restricted cash	37,199	—
Cash, cash equivalents, and restricted cash	\$ 49,960	\$ 10,830

20. New Accounting Pronouncements

The following table provides a brief description of recent accounting pronouncements and the expected impact on our financial statements:

Standard	Description	Date of Adoption	Effect on the financial statements or other significant matters
ASU 2023-07, <i>Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures</i>	ASU 2023-07 requires, among other updates, enhanced disclosures about significant segment expenses that are regularly provided to the chief operating decision maker. ASU 2023-07 also clarifies that entities with a single reportable segment are subject to both new and existing reporting requirements under Topic 280. This guidance is effective for fiscal years beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024, and requires retrospective adoption. Early adoption is permitted.	January 1, 2024	We adopted ASU 2023-07 in our Form 10-K covering the fiscal year ended December 31, 2024, and for this interim period beginning ending March 31, 2025. ASU 2023-07 is applied retrospectively to all prior periods presented in the accompanying unaudited consolidated financial statements.
ASU 2023-09, <i>Income Taxes (Topic 740): Improvements to Income Tax Disclosures</i>	ASU 2023-09 requires disclosure of a reconciliation between the amount of reported income tax expense (or benefit) from continuing operations and the amount computed by multiplying the income (or loss) from continuing operations before income taxes. This guidance is effective for fiscal years beginning after December 15, 2024	January 1, 2025	Adopting this guidance is not expected to have a material impact on our financial statement disclosures.
ASU 2024-03, <i>Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses</i>	ASU 2024-03 requires disclosure in the notes to the financial statements of specified information about certain costs and expenses. ASU 2024-03 is effective beginning with the Form 10-K for the year ended December 31, 2027, and subsequent interim periods beginning in 2028.	January 1, 2027	We are currently evaluating the impact adopting this guidance will have on our financial statement disclosures.
ASU 2025-06, <i>Intangibles-Goodwill and Other-Internal-Use Software (Subtopic 350-40)</i>	ASU 2025-06 requires companies capitalize internal use software costs when management has authorized and committed to funding the software project and when it has been determined that it is probable that the project will be completed and the software will be suited to perform the function intended. This guidance is effective for fiscal years beginning after December 15, 2027, and interim periods beginning in 2028.	January 1, 2028	We are currently evaluating the impact adopting this guidance will have on our financial statement disclosures.

21. Subsequent Events

Dividend Declaration

In October 2025, the Board declared a \$0.2925 quarterly cash dividend per common share payable on November 14, 2025 to each shareholder of record on October 31, 2025, and, in its capacity as General Partner of the Operating Partnership, authorized a \$0.2925 cash distribution per Operating Partnership unit to the Operating Partnership's unitholders.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The discussion of our results of operations reported in the unaudited, consolidated statements of operations compares the three and nine months ended September 30, 2025 with the three and nine months ended September 30, 2024. The results of operations discussion is combined for Tanger Inc. and Tanger Properties Limited Partnership because the results are virtually the same for both entities. The following discussion should be read in conjunction with the unaudited consolidated financial statements appearing elsewhere in this report. Historical results and percentage relationships set forth in the unaudited, consolidated statements of operations, including trends which might appear, are not necessarily indicative of future operations. Unless the context indicates otherwise, the term "Company" refers to Tanger Inc. and subsidiaries and the term "Operating Partnership" refers to Tanger Properties Limited Partnership and subsidiaries. The terms "we", "our" and "us" refer to the Company or the Company and the Operating Partnership together, as the text requires.

Cautionary Statements

Certain statements made in this Quarterly Report contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. We intend such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and include this statement for purposes of complying with these safe harbor provisions. Forward-looking statements are generally identifiable by use of the words "anticipate," "believe," "can," "continue," "could," "designed," "estimate," "expect," "forecast," "goal," "intend," "may," "might," "plan," "possible," "potential," "predict," "project," "should," "target," "will," "would," and similar expressions that do not report historical matters. Such statements are based on assumptions and expectations that may not be realized and are inherently subject to risks, uncertainties and other factors, many of which cannot be predicted with accuracy and some of which might not even be anticipated. Although we believe the expectations reflected in these forward-looking statements are based on reasonable assumptions, future events and actual results, performance, transactions or achievements, financial and otherwise, may differ materially from the results, performance, transactions or achievements expressed or implied by the forward-looking statements. As a result, you should not rely on or construe any forward-looking statements in this Quarterly Report as predictions of future events or as guarantees of future performance. We caution you not to place undue reliance on forward-looking statements, which speak only as of the date of this Quarterly Report. All of our forward-looking statements are qualified in their entirety by this statement.

There are a number of risks, uncertainties and other factors that could cause our actual results to differ materially from the forward-looking statements contained in or contemplated by this Quarterly Report. Any forward-looking statements should be considered in light of the risks, uncertainties and other factors referred to in Item 1A. "Risk Factors" in our Annual Report on Form 10-K and in this Quarterly Report. Such risks and uncertainties include, but are not limited to: risks associated with general economic and financial conditions, including inflationary pressures and recessionary fears, newly-imposed and potentially additional U.S. tariffs and responsive non-U.S. tariffs, increased capital costs and capital markets volatility, increases in unemployment and reduced consumer confidence and spending; risks related to our ability to develop new retail centers or expand existing retail centers successfully; risks related to the financial performance and market value of our retail centers and the potential for reductions in asset valuations and related impairment charges; our dependence on rental income from real property; the relative illiquidity of real property investments; failure of our acquisitions or dispositions of retail centers to achieve anticipated results; competition for the acquisition and development of retail centers, and our inability to complete the acquisitions of retail centers we may identify; competition for tenants with competing retail centers and our inability to execute leases with tenants on terms consistent with our expectations; the diversification of our tenant mix and our entry into the operation of full price retail may not achieve our expected results; risks associated with environmental regulations; risks associated with possible terrorist activity or other acts or threats of violence and threats to public safety; risks related to international military conflicts, international trade disputes and foreign currency volatility; the fact that certain of our leases include co-tenancy and/or sales-based provisions that may allow a tenant to pay reduced rent and/or terminate a lease prior to its natural expiration; our dependence on the results of operations of our retailers and their bankruptcy, early termination or closing could adversely affect us; the impact of geopolitical conflicts; the impact of a prolonged government shutdown; the immediate and long-term impact of the outbreak of a highly infectious or contagious disease on our tenants and on our business (including the impact of actions taken to contain the outbreak or mitigate its impact); the fact that certain of our properties are subject to ownership interests held by third parties, whose interests may conflict with ours; risks related to climate change; risks related to uninsured losses; the risk that consumer, travel, shopping and spending habits may change; risks associated with our Canadian investments; risks associated with attracting and retaining key personnel; risks associated with debt financing; risks associated with our guarantees of debt for, or other support we may provide to, joint venture properties; the effectiveness of our interest rate hedging arrangements; our potential failure to qualify as a REIT; our legal obligation to pay dividends to our shareholders; legislative or regulatory actions that could adversely affect our shareholders; our dependence on distributions from the Operating Partnership to meet our financial obligations, including dividends; risks of costs and disruptions from cyber-attacks or acts of cyber-terrorism on our information systems or on third party systems that we use; unanticipated threats to our business from changes in information and other technologies, including artificial intelligence; and the uncertainties of costs to comply with regulatory changes and other important factors which may cause actual results to differ materially from current expectations include, but are not limited to, those set forth under Item 1A - "Risk Factors" in the Company's and the Operating Partnership's Annual Report on Form 10-K for the year ended December 31, 2024, and in this Quarterly Report.

Except as required by applicable law, we do not plan to publicly update or revise any forward-looking statements contained herein, whether as a result of any new information, future events, changed circumstances or otherwise.

The following discussion should be read in conjunction with the consolidated financial statements appearing elsewhere in this report. Historical results and percentage relationships set forth in the consolidated statements of operations, including trends which might appear, are not necessarily indicative of future operations.

This Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is intended to provide a reader of our financial statements with a narrative from the perspective of our management regarding our financial condition and results of operations, liquidity and certain other factors that may affect our future results. Our MD&A is presented in the following sections:

- General Overview
- Leasing Activity
- Results of Operations
- Liquidity and Capital Resources of the Company
- Liquidity and Capital Resources of the Operating Partnership
- Critical Accounting Estimates
- Recent Accounting Pronouncements
- Non-GAAP Supplemental Measures
- Economic Conditions and Outlook

General Overview

As of September 30, 2025, we owned and operated 31 consolidated outlet centers and three open-air lifestyle centers, with a total gross leasable area of approximately 14.0 million square feet. We also had partial ownership interests in six unconsolidated centers totaling approximately 2.1 million square feet, including two centers in Canada. Our portfolio also includes one managed center totaling approximately 457,000 square feet. The table below details our acquisitions, new developments, expansions and dispositions of consolidated and unconsolidated centers that significantly impacted our results of operations and liquidity from January 1, 2024 to September 30, 2025 (square feet in thousands):

Center	Quarter Acquired/Developed/Disposed	Consolidated Centers		Unconsolidated Joint Venture Centers		Managed Centers	
		Square Feet	Number of Centers	Square Feet	Number of Centers	Square Feet	Number of Centers
As of January 1, 2024		12,690	32	2,113	6	758	2
Additions:							
Little Rock, AR	Fourth Quarter	270	1	—	—	—	—
Other		—	—	—	—	—	—
As of December 31, 2024		12,960	33	2,113	6	758	2
Dispositions							
Howell, MI	Second Quarter	(314)	(1)				
Additions:							
Cleveland, OH	First Quarter	639	1	—	—	—	—
Kansas City, KS	Third Quarter	690	1	—	—	—	—
Other		13				(301)	(1)
As of September 30, 2025		13,988	34	2,113	6	457	1

The following table summarizes certain information for our existing consolidated centers in which we have an ownership interest as of September 30, 2025. Except as noted, all properties are owned in fee simple.

Consolidated Centers		Legal	Square

			13,988,893	97.4

(1) Excludes square footage and occupancy associated with ground leases to tenants.

(2) These properties or a portion thereof are subject to a ground lease.

(3) Property encumbered by mortgage. See Notes 6 and 7 to the consolidated financial statements for further details of our debt obligations.

(4) Based on the capital contribution and distribution provisions in the joint venture agreement, we expect our economic interest in this venture's cash flow to exceed our legal ownership percentage. We currently receive substantially all the economic interest of the property.

Unconsolidated joint venture properties

Property Name	Location	Legal Ownership %	Square Feet ⁽¹⁾	% Occupied ⁽¹⁾
Charlotte Premium Outlets ⁽²⁾	Charlotte, NC	50	398,674	98.9
Tanger Outlets Ottawa	Ottawa, Ontario	50	357,213	99.6
Tanger Outlets Columbus ⁽²⁾	Columbus, OH	50	355,245	99.7
Tanger Outlets Houston ⁽²⁾	Texas City, TX	50	352,705	94.7

Tanger Outlets Cookstown	Cookstown, Ontario	50	307,883	96.7
Totals			2,112,876	98.3

(1) Excludes square footage and occupancy associated with ground leases to tenants.

(2) Property encumbered by a mortgage. See Note 5 to the consolidated financial statements for further details of the joint venture debt obligations.

Managed Property	Location	Square Feet
Tanger Outlets Palm Beach	Palm Beach, FL	457,326

Leasing Activity

The following table provides information for our consolidated centers related to leases for new stores that opened or renewals that were executed during the respective trailing twelve-month periods ended September 30, 2025 and 2024:

Comparable Space for Executed Leases ^{(1) (2)}

	Leasing Transactions	Square Feet (in 000's)	New Initial Rent (psf) ⁽³⁾	Rent Spread % ⁽⁴⁾	Tenant Allowance (psf) ⁽⁵⁾	Average Initial Term (in years)
Total space						
2025	479	2,466	\$39.20	10.3 %	\$6.97	4.1
2024	409	2,175	\$35.25	15.0 %	\$4.29	3.2

Comparable and Non-Comparable Space for Executed Leases ^{(1) (2)}

	Leasing Transactions	Square Feet (in 000's)	New Initial Rent (psf) ⁽³⁾	Tenant Allowance (psf) ⁽⁵⁾	Average Initial Term (in years)
Total space					
2025	540	2,766	\$39.53	\$12.13	4.6
2024	459	2,416	\$35.83	\$9.94	3.7

(1) For consolidated properties owned as of the period-end date. Represents leases for new stores or renewals that were executed during the respective trailing 12-month periods and excludes license agreements, seasonal tenants, month-to-month leases and new developments.

(2) Comparable space excludes leases for space that was vacant for more than 12 months (non-comparable space).

(3) Represents average initial cash rent (base rent and common area maintenance ("CAM")).

(4) Represents change in average initial and expiring cash rent (base rent and CAM).

(5) Includes other landlord costs.

RESULTS OF OPERATIONS

Comparison of the three months ended September 30, 2025 to the three months ended September 30, 2024

NET INCOME

Net income increased approximately \$7.4 million in the 2025 period to \$33.3 million as compared to net income of \$25.9 million for the 2024 period. Significant items impacting the comparability of the two periods include the following:

- higher rental revenues from a strengthened tenant mix and higher new and renewal rental rates related to the same center portfolio;
- higher rental revenues, operating expenses, depreciation and amortization from the acquisition of our center in Little Rock, AR during the fourth quarter of 2024, the Cleveland, OH center during the first quarter of 2025 and the Kansas City, KS center during the third quarter of 2025;
- decrease in net income from the sale of the Howell, MI center during the second quarter of 2025; and
- higher interest expense due to the increased balance on our unsecured lines of credit that were used to partially fund our acquisitions.

In the tables below, information set forth for acquired properties includes our centers in Little Rock, AR, Cleveland, OH and Kansas City, KS that were acquired in December 2024, February 2025 and September 2025, respectively. Properties disposed includes the center in Howell, MI that was sold in April 2025.

RENTAL REVENUES

Rental revenues increased approximately \$12.0 million in the 2025 period compared to the 2024 period. The following table sets forth the changes in various components of rental revenues (in thousands):

	2025	2024	Increase/(Decrease)
Rental revenues from existing properties	\$ 126,014	\$ 122,973	\$ 3,041
Rental revenues from acquired properties and property disposed	9,337	1,612	7,725
Straight-line rent adjustments	1,774	374	1,400
Lease termination fees	85	335	(250)
Amortization of above and below market rent adjustments, net	15	(73)	88
	<u>\$ 137,225</u>	<u>\$ 125,221</u>	<u>\$ 12,004</u>

Rental revenues at existing properties were positively impacted by obtaining higher rents from new and existing tenants during the last twelve months and strengthening our tenant mix. Straight-line rent adjustment income has increased in conjunction with the additional properties added to the portfolio and the stronger lease execution results.

MANAGEMENT, LEASING AND OTHER SERVICE REVENUES

Management, leasing and other service revenues increased approximately \$22,000 in the 2025 period compared to the 2024 period. The following table sets forth the changes in various components of management, leasing and other services (in thousands):

	2025	2024	Increase/(Decrease)
Management and marketing fees	\$ 867	\$ 879	\$ (12)
Leasing and other fees	252	237	15
Expense reimbursements from unconsolidated joint ventures	1,388	1,369	19
	<u>\$ 2,507</u>	<u>\$ 2,485</u>	<u>\$ 22</u>

OTHER REVENUES

Other revenues increased approximately \$181,000 in the 2025 period as compared to the 2024 period. The following table sets forth the changes in various components of other revenues (in thousands):

	2025	2024	Increase/(Decrease)
Other revenues from existing properties	\$ 5,299	\$ 5,212	\$ 87
Other revenues from acquired properties and property disposed	177	83	94
	\$ 5,476	\$ 5,295	\$ 181

Other revenues from existing properties increased in the 2025 period due to an increase in other revenue streams, such as paid media sponsorships and onsite signage, on a local and national level.

PROPERTY OPERATING EXPENSES

Property operating expenses increased approximately \$3.6 million in the 2025 period compared to the 2024 period. The following table sets forth the changes in various components of property operating expenses (in thousands):

	2025	2024	Increase/(Decrease)
Property operating expenses from existing properties	\$ 37,719	\$ 37,861	\$ (142)
Property operating expenses from acquired properties and property disposed	4,321	713	3,608
Expenses related to unconsolidated joint ventures	1,388	1,369	19
Other property operating expenses	381	304	77
	\$ 43,809	\$ 40,247	\$ 3,562

GENERAL AND ADMINISTRATIVE EXPENSES

General and administrative expenses increased approximately \$399,000 from \$18.2 million to \$18.6 million in the 2025 period compared to the 2024 period. The increase is primarily related to higher healthcare related costs, cybersecurity, and other professional fees.

DEPRECIATION AND AMORTIZATION

Depreciation and amortization costs increased approximately \$1.7 million in the 2025 period compared to the 2024 period.

	2025	2024	Increase/(Decrease)
Depreciation and amortization from existing properties	\$ 33,181	\$ 34,922	\$ (1,741)
Depreciation and amortization from acquired properties and property disposed	3,922	454	3,468
	\$ 37,103	\$ 35,376	\$ 1,727

The decrease in depreciation and amortization from existing properties was primarily due to lease cost related acquisition intangibles that became fully depreciated from prior acquisitions between the comparative periods.

INTEREST EXPENSE

Interest expense increased approximately \$946,000 to \$16.4 million in the 2025 period from \$15.5 million in the 2024 period. We had outstanding balances averaging approximately \$81.8 million on our unsecured lines of credit during the 2025 period compared to \$14.9 million for the 2024 period. In addition, we assumed a \$115.0 million interest-only mortgage with the acquisition of the Kansas City, KS center.

OTHER INCOME (EXPENSE)

Other income (expense) increased approximately \$64,000 from (\$52,000) to (\$116,000) in the 2025 period compared to the 2024 period. The 2025 period included higher corporate tax related expenses.

EQUITY IN EARNINGS OF UNCONSOLIDATED JOINT VENTURES

Equity in earnings of unconsolidated joint ventures increased approximately \$1.9 million to \$4.2 million from \$2.3 million in the 2025 period compared to the 2024 period. The increase was due to the refinance of the Galveston joint venture mortgage during the second quarter of 2025 that resulted in a lower interest rate and stronger comparative leasing results at our Charlotte joint venture.

Comparison of the nine months ended September 30, 2025 to the nine months ended September 30, 2024

NET INCOME

Net income increased approximately \$9.5 million in the 2025 period to \$84.7 million as compared to net income of \$75.2 million for the 2024 period. Significant items impacting the comparability of the two periods include the following:

- higher rental revenues from a strengthened tenant mix and higher new and renewal rental rates related to the same center portfolio;
- higher rental revenues, operating expenses, depreciation and amortization from the acquisition of our center in Little Rock, AR during the fourth quarter of 2024, the Cleveland, OH center during the first quarter of 2025 and the Kansas City, KS center during the third quarter of 2025;
- decrease in net income from the sale of the Howell, MI center during the second quarter of 2025;
- higher interest expense due to the increased balance on our unsecured lines of credit that were used to partially fund our acquisitions; and
- an impairment charge of \$4.2 million recorded in the first quarter of 2025 related to our Howell, Michigan center.

In the tables below, information set forth for acquired properties includes our centers in Little Rock, AR, Cleveland, OH and Kansas City, KS that were acquired in December 2024, February 2025 and September 2025, respectively. Properties disposed includes the center in Howell, MI that sold in April 2025.

RENTAL REVENUES

Rental revenues increased approximately \$34.6 million in the 2025 period compared to the 2024 period. The following table sets forth the changes in various components of rental revenues (in thousands):

	2025	2024	Increase/(Decrease)
Rental revenues from existing properties	\$ 371,877	\$ 359,511	\$ 12,366
Revenues from acquired properties and property disposed	24,729	4,717	20,012
Straight-line rent adjustments	2,069	361	1,708
Lease termination fees	806	875	(69)
Amortization of above and below market rent adjustments, net	464	(115)	579
	<u>\$ 399,945</u>	<u>\$ 365,349</u>	<u>\$ 34,596</u>

Rental revenues at existing properties were positively impacted by obtaining higher rents from new and existing tenants during the last twelve months and strengthening our tenant mix. Straight-line rent adjustment income has increased in conjunction with the additional properties added to the portfolio and the stronger lease execution results.

MANAGEMENT, LEASING AND OTHER SERVICE REVENUES

Management, leasing and other service revenues increased approximately \$57,000 in the 2025 period compared to the 2024 period. The following table sets forth the changes in various components of management, leasing and other services (in thousands):

	2025	2024	Increase/(Decrease)
Management and marketing fees	\$ 2,621	\$ 2,597	\$ 24
Leasing and other fees	603	821	(218)
Expense reimbursements from unconsolidated joint ventures	3,928	3,677	251
	<u>\$ 7,152</u>	<u>\$ 7,095</u>	<u>\$ 57</u>

Leasing fees from unconsolidated joint ventures and managed-only properties decreased due to the timing of leases eligible for renewal and re-tenanting between the 2024 period and the 2025 period.

OTHER REVENUES

Other revenues increased approximately \$1.3 million in the 2025 period as compared to the 2024 period. The following table sets forth the changes in various components of other revenues (in thousands):

	2025	2024	Increase/(Decrease)
Other revenues from existing properties	\$ 13,715	\$ 12,648	\$ 1,067
Other revenues from acquired properties and property disposed	453	236	217
	<u>\$ 14,168</u>	<u>\$ 12,884</u>	<u>\$ 1,284</u>

Other revenues from existing properties increased in the 2025 period due to an increase in other revenue streams, such as paid media sponsorships and onsite signage, on a local and national level.

PROPERTY OPERATING EXPENSES

Property operating expenses increased approximately \$12.7 million in the 2025 period compared to the 2024 period. The following table sets forth the changes in various components of property operating expenses (in thousands):

	2025	2024	Increase/(Decrease)
Property operating expenses from existing properties	\$ 109,711	\$ 105,997	\$ 3,714
Property operating expenses from acquired properties and property disposed	11,022	2,086	8,936
Expenses related to unconsolidated joint ventures	3,928	3,677	251
Other property operating expenses	1,341	1,501	(160)
	<u>\$ 126,002</u>	<u>\$ 113,261</u>	<u>\$ 12,741</u>

Property operating expenses from existing properties increased due to higher snow removal costs in the first quarter of 2025 and a benefit from certain expense refunds in the first quarter of 2024.

GENERAL AND ADMINISTRATIVE EXPENSES

General and administrative expenses increased approximately \$81,000 from \$56.5 million to \$56.6 million in the 2025 period compared to the 2024 period.

IMPAIRMENT CHARGES

In April 2025, we sold the Howell, Michigan outlet center for \$17.0 million. As part of our quarterly impairment evaluation procedures, we recorded a \$4.2 million impairment charge in the first quarter of 2025 to lower the property's carrying value to the estimated fair value based on the purchase agreement.

DEPRECIATION AND AMORTIZATION

Depreciation and amortization costs increased approximately \$7.4 million from \$103.4 million to \$110.9 million in the 2025 period compared to the 2024 period.

	2025	2024	Increase/(Decrease)
Depreciation and amortization from existing properties	\$ 100,338	\$ 102,056	\$ (1,718)
Depreciation and amortization from acquired properties and property disposed	10,519	1,354	9,165
	<u>\$ 110,857</u>	<u>\$ 103,410</u>	<u>\$ 7,447</u>

The decrease in depreciation and amortization from existing properties was primarily due to lease cost related acquisition intangibles that became fully depreciated from prior acquisitions between the comparative periods.

INTEREST EXPENSE

Interest expense increased approximately \$3.1 million to \$48.6 million in the 2025 period from \$45.5 million in the 2024 period. We had outstanding balances averaging approximately \$86.5 million on our unsecured lines of credit during the 2025 period compared to \$28.9 million for the 2024 period. In addition, \$325.0 million of Daily SOFR interest rate swaps became effective on February 1, 2024 at an average fixed pay rate of 3.90%. These swaps replaced \$300.0 million of existing swaps that expired on February 1, 2024 which had an average fixed pay rate of 0.40%. In addition, we assumed a \$115.0 million interest-only mortgage with the acquisition of the Kansas City, KS center.

OTHER INCOME (EXPENSE)

Other income (expense) decreased approximately \$680,000 from \$755,000 to \$75,000 in the 2025 period compared to the 2024 period. The 2025 period included higher corporate tax related expenses.

EQUITY IN EARNINGS OF UNCONSOLIDATED JOINT VENTURES

Equity in earnings of unconsolidated joint ventures increased approximately \$1.9 million from \$7.8 million to \$9.7 million in the 2025 period compared to the 2024 period. The increase was due to the refinance of the Galveston joint venture mortgage during the second quarter of 2025 that resulted in a lower interest rate and stronger comparative leasing results at our Charlotte joint venture.

LIQUIDITY AND CAPITAL RESOURCES OF THE COMPANY

In this "Liquidity and Capital Resources of the Company" section, the term "the Company" refers only to Tanger Inc. on an unconsolidated basis, excluding the Operating Partnership.

The Company's business is operated primarily through the Operating Partnership. The Company issues public equity from time to time, but does not otherwise generate any capital itself or conduct any business itself, other than incurring certain expenses in operating as a public company, which are fully reimbursed by the Operating Partnership. The Company does not hold any indebtedness, and its only material asset is its ownership of partnership interests of the Operating Partnership. The Company's principal funding requirement is the payment of dividends on its common shares. The Company's principal source of funding for its dividend payments is distributions it receives from the Operating Partnership.

Through its status as the sole general partner of the Operating Partnership, the Company has the full, exclusive and complete responsibility for the Operating Partnership's day-to-day management and control. The Company causes the Operating Partnership to distribute all, or such portion as the Company may in its discretion determine, of its available cash in the manner provided in the Operating Partnership's partnership agreement. The Company receives proceeds from equity issuances from time to time, but is required by the Operating Partnership's partnership agreement to contribute the proceeds from its equity issuances to the Operating Partnership in exchange for partnership units of the Operating Partnership.

We are a well-known seasoned issuer (as defined in the Securities Act) with a shelf registration that expires in December 2026 that allows the Company to register unspecified, various classes of equity securities and the Operating Partnership to register unspecified, various classes of debt securities. We expect to file a new joint shelf registration statement on Form S-3 prior to the expiration of the current registration statement. As circumstances warrant, the Company may issue equity from time to time on an opportunistic basis, dependent upon market conditions and available pricing. The Operating Partnership may use the proceeds to repay debt, including borrowings under its lines of credit, to develop new or existing properties, to make acquisitions of properties or portfolios of properties, to invest in existing or newly created joint ventures or for general corporate purposes.

The liquidity of the Company is dependent on the Operating Partnership's ability to make sufficient distributions to the Company. The Operating Partnership is a party to loan agreements with various bank lenders that require the Operating Partnership to comply with various financial and other covenants before it may make distributions to the Company. The Company also guarantees some of the Operating Partnership's debt. If the Operating Partnership fails to fulfill its debt requirements, which trigger the Company's guarantee obligations, then the Company may be required to fulfill its cash payment commitments under such guarantees. However, the Company's only material asset is its investment in the Operating Partnership.

The Company believes the Operating Partnership's sources of working capital, specifically its cash flow from operations, cash on hand and, if necessary from time to time, borrowings available under its unsecured credit facilities, are adequate for it to make its distribution payments to the Company and, in turn, for the Company to make its dividend payments to its shareholders and to finance its continued operations, investment and growth strategy and additional expenses we expect to incur for at least the next twelve months. However, there can be no assurance that the Operating Partnership's sources of capital will continue to be available at all or in amounts sufficient to meet its needs, including its ability to make distribution payments to the Company. The unavailability of capital could adversely affect the Operating Partnership's ability to pay its distributions to the Company, which will in turn, adversely affect the Company's ability to pay cash dividends to its shareholders. Risks are detailed in "Risk Factors" section of our Annual Report on Form 10-K for the year ended December 31, 2024 and this Quarterly Report.

We operate in a manner intended to enable us to qualify as a REIT under the Internal Revenue Code of 1986, as amended. For the Company to maintain its qualification as a REIT, it must pay dividends to its shareholders aggregating annually at least 90% of its taxable income. While historically the Company has satisfied this distribution requirement by making cash distributions to its shareholders, it may choose to satisfy this requirement by making distributions of cash or other property, including, in limited circumstances, the Company's own shares.

As a result of this distribution requirement, the Operating Partnership cannot rely on retained earnings to fund its on-going operations to the same extent that other companies whose parent companies are not real estate investment trusts can. The Company may need to continue to raise capital in the equity markets to fund the Operating Partnership's working capital needs, as well as potential new developments, expansions and renovations of existing properties, acquisitions, or investments in existing or newly created joint ventures.

The Company currently consolidates the Operating Partnership because it has (1) the power to direct the activities of the Operating Partnership that most significantly impact the Operating Partnership's economic performance and (2) the obligation to absorb losses and the right to receive the residual returns of the Operating Partnership that could be potentially significant. The Company does not have significant assets other than its investment in the Operating Partnership. Therefore, the assets and liabilities and the revenues and expenses of the Company and the Operating Partnership are the same on their respective financial statements, except for immaterial differences related to cash, other assets and accrued liabilities that arise from public company expenses paid by the Company. However, all debt is held directly or indirectly at the Operating Partnership level, and the Company has guaranteed some of the Operating Partnership's unsecured debt as discussed below. Because the Company consolidates the Operating Partnership, the section entitled "Liquidity and Capital Resources of the Operating Partnership" should be read in conjunction with this section to understand the liquidity and capital resources of the Company on a consolidated basis and how the Company is operated as a whole.

ATM Offering Program

Under our ATM Offering program, we may offer and sell our common shares, having an aggregate gross sales price of up to \$400.0 million. We may sell the common shares in amounts and at times to be determined by us but we have no obligation to sell any of the common shares. Actual sales, if any, will depend on a variety of factors to be determined by us from time to time, including, among other things, market conditions, the trading price of the common shares, capital needs and determinations by us of the appropriate sources of its funding. As of September 30, 2025, we had approximately \$400.00 million remaining available for sale under our ATM Offering program.

There were no sales of our common shares during the nine months ended September 30, 2025. During the third quarter of 2025, we settled all of the previously sold forward shares that were sold during 2024, as discussed in the Forward Sale Agreements section below. For the three and nine months ended September 30, 2024, we sold 818,943 shares under the ATM Offering Program at an average share price of \$30.53 for total gross proceeds of \$25.0 million. In the fourth quarter of 2024, we also sold 2.6 million shares at an average price of \$35.57 for total gross proceeds of \$90.9 million and 1.9 million shares subject to forward sale agreements at an initial forward sale price of \$36.40 for estimated aggregate gross value of \$69.7 million as outlined below.

Forward Sale Agreements

During the fourth quarter of 2024, we sold an aggregate of 1.9 million shares under the ATM Offering program which were subject to forward sale agreements, for an estimated aggregate gross value of \$69.7 million based on the initial forward sale price of \$36.40 with respect to each forward sale agreement. In September 2025, we settled all of these shares for total proceeds of \$69.3 million. A portion of the proceeds were used to fund the acquisition of Legends Outlets in Kansas City, Kansas.

Share Repurchase Program

In May 2025, the Board authorized the repurchase of up to \$200.0 million of the Company's outstanding shares, replacing the previously authorized share repurchase program to repurchase up to \$100.0 million of the Company's outstanding common shares that expired May 31, 2025. Repurchases may be made from time to time through open market, privately-negotiated, structured or derivative transactions (including accelerated share repurchase transactions), or other methods of acquiring common shares. The Company intends to structure open market purchases to occur within pricing and volume requirements of Rule 10b-18. The Company may, from time to time, enter into Rule 10b5-1 plans to facilitate the repurchase of its common shares under this authorization. The Company did not repurchase any shares for the three and nine months ended September 30, 2025 or 2024. The remaining amount of common shares authorized to be repurchased under the program as of September 30, 2025 was approximately \$200 million.

Dividends

In January 2025, the Board declared a \$0.275 cash dividend per common share payable on February 14, 2025 to each shareholder of record on January 31, 2025, and in its capacity as General Partner of the Operating Partnership, authorized a \$0.275 cash distribution per Operating Partnership unit to the Operating Partnership's unitholders.

In April 2025, the Board declared a \$0.2925 cash dividend per common share payable on May 15, 2025 to each shareholder of record on April 30, 2025, and in its capacity as General Partner of the Operating Partnership, authorized a \$0.2925 cash distribution per Operating Partnership unit to the Operating Partnership's unitholders.

In July 2025, the Board declared a \$0.2925 quarterly cash dividend per common share payable on August 15, 2025 to each shareholder of record on July 31, 2025, and, in its capacity as General Partner of the Operating Partnership, authorized a \$0.2925 cash distribution per Operating Partnership unit to the Operating Partnership's unitholders.

In October 2025, the Board declared a \$0.2925 quarterly cash dividend per common share payable on November 14, 2025 to each shareholder of record on October 31, 2025, and, in its capacity as General Partner of the Operating Partnership, authorized a \$0.2925 cash distribution per Operating Partnership unit to the Operating Partnership's unitholders.

LIQUIDITY AND CAPITAL RESOURCES OF THE OPERATING PARTNERSHIP

In this "Liquidity and Capital Resources of the Operating Partnership" section, the terms "we", "our" and "us" refer to the Operating Partnership or the Operating Partnership and the Company together, as the text requires.

Summary of Our Major Sources and Uses of Cash and Cash Equivalents

General Overview

Property rental income represents our primary source to pay property operating expenses, debt service, capital expenditures and distributions, excluding non-recurring capital expenditures, redevelopments, and acquisitions. To the extent that our cash flow from operating activities is insufficient to cover such non-recurring capital expenditures and acquisitions, we finance such activities from cash on hand, borrowings under our unsecured lines of credit, to the extent available, or from the proceeds from the Operating Partnership's debt offerings and the Company's equity offerings.

We believe we achieve a strong and flexible financial position by attempting to: (1) maintain a conservative leverage position relative to our portfolio when pursuing new development, expansion and acquisition opportunities, (2) extend and sequence debt maturities, (3) manage our interest rate risk through an appropriate mix of fixed and variable rate debt and interest rate hedging strategies, (4) maintain access to liquidity by using our unsecured lines of credit in a conservative manner and (5) preserve internally generated sources of capital by maintaining a conservative distribution payout ratio. We manage our capital structure to reflect a long-term investment approach and utilize multiple sources of capital to meet our requirements, including without limitation, cash on hand, retained cash flow from operations and debt and equity issuances.

Our ability to access capital on favorable terms could be affected by various risks and uncertainties, including, but not limited to, macroeconomic conditions, including rising interest rates and inflation, international trade relations and trade policy, including those related to tariffs, geopolitical conflict and other risks detailed in the "Risk Factors" section of our Annual Report on Form 10-K for the year ended December 31, 2024 and this Quarterly Report.

Capital Expenditures

The following table details our capital expenditures for consolidated centers for the nine months ended September 30, 2025 and 2024 (in thousands):

	Nine months ended September 30,		
	2025	2024	Change
Capital expenditures analysis:			
New developments, investments and expansions ⁽¹⁾	\$ 15,050	\$ 19,036	\$ (3,986)
Renovations	4,701	5,378	(677)
Second generation tenant allowances ⁽²⁾	12,154	20,858	(8,704)
Other capital expenditures	20,559	18,329	2,230
Additions to rental property-accrual basis	52,464	63,601	(11,137)
Conversion from accrual to cash basis	(3,650)	9,829	(13,479)
Additions to rental property-cash basis	\$ 48,814	\$ 73,430	\$ (24,616)

(1) The decrease is primarily due to timing of new investments in the current year as compared to the prior year.

(2) The decrease is due to timing of payment of second generation tenant allowances as compared to the prior year.

Potential Future Developments and Acquisitions

We intend to continue to grow our portfolio by developing, expanding or acquiring additional outlet and retail real estate assets. Future real estate assets may be wholly-owned by us, owned through joint ventures or partnership arrangements, or managed through management agreements. However, you should note that any developments or expansions that we, or a joint venture that we have an ownership interest in, have planned or anticipated may not be started or completed as scheduled, or may not result in accretive net income or funds from operations ("FFO"). See the section "Non-GAAP Supplemental Earnings Measures" - "Funds From Operations" below for further discussion of FFO. In addition, we regularly evaluate acquisition or disposition proposals and engage from time to time in negotiations for acquisitions or dispositions of properties. We may also enter into letters of intent for the purchase or sale of properties. Any prospective acquisition or disposition that is being evaluated or which is subject to a letter of intent may not be consummated.

As of the date of this filing, we are not in the pre-development period for any other new developments. We may use joint venture arrangements to develop potential sites.

In the case of projects to be wholly-owned by us, we expect to fund these projects with cash on hand, borrowings under our unsecured lines of credit and cash flows from operations, but may also fund them with capital from additional public debt and equity offerings. For projects to be developed through joint venture arrangements, we may use collateralized construction loans to fund a portion of the project, with our share of the equity requirements funded from sources described above.

Unconsolidated Real Estate Joint Ventures

From time to time, we form joint venture arrangements to develop centers. As of September 30, 2025, we have partial ownership interests in six unconsolidated centers totaling approximately 2.1 million square feet, including two centers in Canada. See Note 5 to the consolidated financial statements for details of our individual joint ventures, including, but not limited to, carrying values of our investments, fees we receive for services provided to the joint ventures, recent development and financing transactions and condensed combined summary financial information.

We may elect to fund cash needs of a joint venture through equity contributions (generally on a basis proportionate to our ownership interests), advances or partner loans, although such funding is not typically required contractually or otherwise. We separately report investments in joint ventures for which accumulated distributions have exceeded investments in, and our share of net income or loss of, the joint ventures within other liabilities in the consolidated balance sheets because we are committed and intend to provide further financial support to these joint ventures. We believe our joint ventures will be able to fund their operating and capital needs for the next twelve months based on their sources of working capital, specifically cash flow from operations, access to contributions from partners, and ability to refinance debt obligations, including the ability to exercise upcoming extensions of near term maturities.

Our joint ventures are typically encumbered by a mortgage on the joint venture property. We provide guarantees to lenders for our joint ventures, which include standard non-recourse carve out indemnifications for losses arising from items such as but not limited to fraud, physical waste, payment of taxes, environmental indemnities, misapplication of insurance proceeds or security deposits and failure to maintain required insurance. A default by a joint venture under its debt obligations may expose us to liability under the guaranty. For secured term loans, we may include a guaranty of completion as well as principal. Our joint ventures may contain make whole provisions in the event that demands are made on any existing guarantees.

Our joint ventures are generally subject to buy-sell provisions that are customary for joint venture agreements in the real estate industry. Either partner may initiate these provisions (subject to any applicable lock up period), which could result in either the sale of our interest or the use of available cash or additional borrowings to acquire the other party's interest. Under these provisions, one partner sets a price for the property, then the other partner has the option to either (1) purchase their partner's interest based on that price or (2) sell its interest to the other partner based on that price. Since the partner other than the partner who triggers the provision has the option to be the buyer or seller, we do not consider this arrangement to be a mandatory redeemable obligation.

Contractual Obligations

There were no material changes in our contractual commitments during the nine months ended September 30, 2025 from those disclosed in our Annual Report on Form 10-K for the year ended December 31, 2024, other than the following updates to our contractual obligations for future debt and interest payments over the next five years and thereafter as of September 30, 2025.

Future Debt Obligations

Maturities and principal amortization of the existing long-term debt as of September 30, 2025 for the next five years and thereafter are as follows (in thousands):

Calendar Year	Amount
For the remainder of 2025	\$ 385
2026	355,705
2027 ⁽¹⁾	740,000
2028 ⁽¹⁾	60,000
2029	—
Thereafter	461,700
Subtotal	1,617,790
Net discount and debt origination costs	(4,778)
Total	\$ 1,613,012

(1) Excludes one year extension options on our \$325.0 million unsecured term loan which matures in 2027 and our \$620.0 million unsecured lines of credit which has \$60.0 million outstanding at September 30, 2025 which matures in 2028. With extension options, these debt maturities would mature in 2028 and 2029, respectively.

Future Interest Payments

We are obligated to make periodic interest payments at fixed and variable rates, depending on the terms of the applicable debt agreements. Based on applicable interest rates and scheduled debt maturities as of September 30, 2025, these interest obligations total approximately \$63.3 million over the next twelve months.

Cash Flows

The following table sets forth our changes in cash flows from September 30, 2025 and 2024 (in thousands):

	Nine months ended September 30,		
	2025	2024	Change
Net cash provided by operating activities	\$ 197,764	\$ 169,017	\$ 28,747
Net cash used in investing activities	(221,609)	(67,352)	(154,257)
Net cash provided by (used in) financing activities	26,934	(103,483)	130,417
Effect of foreign currency rate changes on cash and equivalents	171	76	95
Net increase (decrease) in cash and cash equivalents	\$ 3,260	\$ (1,742)	\$ 5,002

Operating Activities

Net cash provided by operating activities increased period over period primarily due to an increase in rental revenues at existing centers, changes in working capital and our acquisition of Little Rock, AR and Cleveland, OH that were acquired in late 2024 and early 2025, respectively.

Investing Activities

The increase in net cash used in investing activities was primarily due to the acquisition of our center in Cleveland, OH in the first quarter of 2025 and the acquisition of our center in Kansas City, KS in the third quarter of 2025.

Financing Activities

Net cash provided by financing activities increased period over period primarily due to higher proceeds from common share issuances under our ATM program, related to the settlement of our forward equity, and higher net borrowings on our unsecured lines of credit.

Financing Arrangements

As of September 30, 2025, unsecured borrowings represented 89% of our outstanding debt and 93% of the gross book value of our real estate portfolio was unencumbered. The Company guarantees the Operating Partnership's obligations under our unsecured lines of credit and our term loan.

As of September 30, 2025, we maintained unsecured lines of credit that provided for borrowings of up to \$620.0 million. The unsecured lines of credit as of September 30, 2025 included a \$20.0 million liquidity line and a \$600.0 million syndicated line, less our balance of \$60.0 million. The syndicated line may be increased up to \$1.2 billion through an accordion feature in certain circumstances.

We intend to retain the ability to raise additional capital, including public debt or equity, to pursue attractive investment opportunities that may arise and to otherwise act in a manner that we believe to be in the best interests of our shareholders and unitholders. The Company and Operating Partnership are well-known seasoned issuers with a joint shelf registration statement on Form S-3, expiring in December 2026, that allows us to offer and sell unspecified amounts of different classes of securities. To generate capital to reinvest into other attractive investment opportunities, we may also consider the use of additional operational and developmental joint ventures, property management opportunities, the sale or lease of outparcels on our existing properties and the sale of certain properties that do not meet our long-term investment criteria. Based on cash provided by operations, existing lines of credit, ongoing relationships with certain financial institutions and our ability to sell debt or issue equity subject to market conditions, we believe that we have access to the necessary financing to fund the planned capital expenditures for at least the next twelve months.

We anticipate that adequate cash will be available to fund our operating and administrative expenses, regular debt service obligations, and the payment of dividends in accordance with REIT requirements in both the short- and long-term. Although we receive most of our rental payments on a monthly basis, dividends and distributions to shareholders and unitholders, respectively, are typically made quarterly and interest payments on the senior, unsecured notes are made semi-annually. Amounts accumulated for such payments will be used in the interim to reduce the outstanding borrowings under our existing unsecured lines of credit or invested in short-term money market or other suitable instruments.

We believe our current balance sheet position is financially sound; however, due to the economic uncertainty caused by the current macroeconomic environment, including but not limited to international trade relations and trade policy, including those related to tariffs, rising interest rates and inflation, and the inherent uncertainty and unpredictability of the capital and credit markets, we can give no assurance that affordable access to capital will exist between now and when our next significant debt matures, which is our \$350.0 million senior notes due September 2026.

Equity Offerings under the ATM Offering Program

As of September 30, 2025, we have a remaining authorization of \$400.0 million of common shares under the ATM Offering program. Aside from the settlement of our Forward Sale Agreements, there were no sales of our common shares in the first three quarters of 2025. During the third quarter of 2024, we sold 818,943 shares under the ATM Offering Program at an average share price of \$30.53 for total net proceeds of \$24.7 million.

Our ATM Offering program also provides that we may sell common shares through forward sale contracts. Actual sales under the ATM Offering program will depend on a variety of factors including market conditions, the trading price of our common shares, our capital needs, and our determination of the appropriate sources of funding to meet such needs.

During 2024, we sold an aggregate of 1.9 million shares under the ATM Offering Program which were subject to forward sale agreements, for an estimated aggregate gross value of \$69.7 million based on the initial forward sale price of \$36.40 with respect to each forward sale agreement. During the nine months ended September 30, 2025, we settled all of these shares for total proceeds of \$69.3 million. In the fourth quarter of 2024, we sold 2.6 million shares at an average price of \$35.57 for total gross proceeds of \$90.9 million.

Acquisition-Related Mortgage Assumption

In September 2025, we purchased the Legends Outlets in Kansas City, Kansas, a 690,000-square-foot open-air outlet center, for \$130.0 million, including the assumption of a \$115.0 million 7.57% interest-only mortgage that matures in November 2027. The effective interest rate calculated as part of the purchase price allocation was 6.0%.

In conjunction with the loan assumption, we placed \$37.2 million into interest-bearing reserve accounts primarily to meet the loan to cost ratio as defined in the loan agreement as well as certain property tax and insurance escrows. The reserves are included within restricted cash on the consolidated balance sheets. The reserves can be accessed and used for qualifying tax, insurance and capital expenditures related to the property and any remaining funds can be returned to us when the loan is repaid. The cash required for this acquisition was funded with a portion of the September 2025 settlement of previously issued forward equity from the fourth quarter of 2024 (see Note 10).

Forward Starting Interest Rate Derivatives

In the second quarter 2025, we entered into forward starting interest rate swap agreements totaling \$75.0 million that become effective February 1, 2026 and expire on April 1, 2028. The average fixed pay rate of these swaps is 3.3%. Also in the second quarter 2025, we entered into forward starting interest rate swap agreements totaling \$40.0 million that become effective August 1, 2026 and expire on October 1, 2027. The average fixed pay rate of these swaps is 3.1%.

In the third quarter of 2025, we entered into forward starting interest rate swap agreements totaling \$35.0 million that become effective August 1, 2026 and have an average fixed pay rate of 3.1%. \$10 million of these forward starting swaps expire on October 1, 2027 and the remaining \$25 million expire on April 1, 2028.

Consolidated Real Estate Joint Ventures

In April 2025, the Southaven, Mississippi consolidated joint venture amended its mortgage, increasing the outstanding borrowings from \$51.7 million to \$61.7 million and extending the maturity date from October 2026 to April 2030 with no extension options. The stated interest rate remained unchanged at Adjusted SOFR + 2.0%. In conjunction with this amendment, the joint venture entered into a \$61.7 million interest rate swap that fixes Daily SOFR at 3.5% until April 2029.

Unconsolidated Real Estate Joint Ventures

In June 2025, the Galveston/Houston joint venture refinanced its mortgage loan to extend the maturity to June 2030, which included an increase in principal balance from \$58 million to \$60 million. The refinancing also reduced the interest rate from Daily SOFR + 3.0% to Daily SOFR + 1.65%. In conjunction with this refinancing, the joint venture entered into a \$60.0 million interest rate swap that fixes Daily SOFR at 3.4% until June 2029.

Debt Covenants

The Operating Partnership's debt agreements require the maintenance of certain ratios, including debt service coverage and leverage, and limit the payment of dividends such that dividends and distributions will not exceed funds from operations, as defined in the agreements, for the prior fiscal year on an annual basis or 95% on a cumulative basis.

We have historically been, and at September 30, 2025 are, in compliance with all of our debt covenants. Our continued compliance with these covenants depends on many factors and could be impacted by current or future economic conditions. Failure to comply with these covenants would result in a default, which, if we were unable to cure or obtain a waiver from the lenders, could accelerate the repayment obligations. Further, in the event of default, the Company may be restricted from paying dividends to its shareholders in excess of dividends required to maintain its REIT qualification. Accordingly, an event of default could have a material and adverse impact on us. As a result, we have considered our short-term (one-year or less from the date of filing these financial statements) liquidity needs and the adequacy of our estimated cash flows from operating activities and other financing sources to meet these needs. These other sources include but are not limited to: existing cash, ongoing relationships with certain financial institutions, our ability to sell debt or issue equity subject to market conditions and proceeds from the potential sale of non-core assets. We believe that we have access to the necessary financing to fund our short-term liquidity needs.

As of September 30, 2025, we were in compliance with all financial and non-financial covenants related to our debt obligations.

Senior unsecured notes financial covenants	Required	Actual
Total Consolidated Debt to Adjusted Total Assets	< 60%	38 %
Total Secured Debt to Adjusted Total Assets	< 40%	4 %
Total Unencumbered Assets to Unsecured Debt	> 150%	271 %
Consolidated Income Available for Debt Service to Annual Debt Service Charge	> 1.5 x	5.6 x

Lines of credit and term loan	Required	Actual
Total Liabilities to Total Adjusted Asset Value	< 60%	36 %
Secured Indebtedness to Total Adjusted Asset Value	< 35%	6 %
EBITDA to Fixed Charges	> 1.5 x	4.7 x
Total Unsecured Indebtedness to Adjusted Unencumbered Asset Value	< 60%	30 %
Unencumbered Interest Coverage Ratio	> 1.5 x	5.7 x

Debt of unconsolidated joint ventures

The following table details information regarding the outstanding debt of the unconsolidated joint ventures and guarantees of such debt provided by us as of September 30, 2025 (dollars in millions):

Joint Venture	Ownership %	Total Joint Venture Debt	Maturity Date	Interest Rate
Charlotte	50%	\$ 96.4	July 2028	4.27%
Columbus	50%	71.0	October 2032	6.25%
Galveston/Houston ⁽¹⁾	50%	60.0	June 2030	SOFR + 1.65%
National Harbor	50%	90.8	January 2030	4.63 %
Debt origination costs		(1.7)		
	50%	\$ 316.5		

(1) In June 2025, the Galveston/Houston joint venture refinanced its mortgage loan to extend the maturity from June 2026 to June 2030, which included an increase in principal balance from \$58.0 million to \$60.0 million, and reduced the interest rate from the Daily Secured Overnight Financing Rate ("Daily SOFR") + 3.0% to Daily SOFR + 1.65%. In conjunction with this refinancing, the joint venture entered into a \$60.0 million interest rate swap that fixes Daily SOFR at 3.4% until June 2029.

Critical Accounting Estimates

The preparation of financial statements and related disclosures in conformity with U.S. GAAP and the Company's discussion and analysis of its financial condition and operating results require the Company's management to make judgments, assumptions and estimates that affect the amounts reported. Our Annual Report on Form 10-K for the year ended December 31, 2024 contains a discussion of our critical accounting estimates in the Management's Discussion and Analysis of Financial Condition and Results of Operations section. There have been no material changes to these estimates during the nine months ended September 30, 2025.

Recent Accounting Pronouncements

See Note 20 to the consolidated financial statements for information on recently adopted accounting standards and new accounting pronouncements issued.

NON-GAAP SUPPLEMENTAL MEASURES

Funds From Operations

Funds From Operations ("FFO") is a widely used measure of the operating performance for real estate companies that supplements net income (loss) determined in accordance with GAAP. We determine FFO based on the definition set forth by the National Association of Real Estate Investment Trusts ("Nareit"), of which we are a member. In December 2018, Nareit issued "Nareit Funds From Operations White Paper - 2018 Restatement," which clarifies, where necessary, existing guidance and consolidates alerts and policy bulletins into a single document for ease of use. Nareit defines FFO as net income (loss) available to the Company's common shareholders computed in accordance with GAAP, excluding (i) depreciation and amortization related to real estate, (ii) gains or losses from sales of certain real estate assets, (iii) gains and losses from change in control, (iv) impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity and (v) after adjustments for unconsolidated partnerships and joint ventures calculated to reflect FFO on the same basis.

FFO is intended to exclude historical cost depreciation of real estate as required by GAAP, which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. Because FFO excludes depreciation and amortization of real estate assets, gains and losses from property dispositions and extraordinary items, it provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities and interest costs, providing perspective not immediately apparent from net income (loss).

We present FFO because we consider it an important supplemental measure of our operating performance. In addition, a portion of cash bonus compensation to certain members of management is based on our FFO or Core FFO, which is described in the section below. We believe it is useful for investors to have enhanced transparency into how we evaluate our performance and that of our management. In addition, FFO is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO is also widely used by us and others in our industry to evaluate and price potential acquisition candidates. We believe that FFO payout ratio, which represents regular distributions to common shareholders and unitholders of the Operating Partnership expressed as a percentage of FFO, is useful to investors because it facilitates the comparison of dividend coverage between REITs. Nareit has encouraged its member companies to report their FFO as a supplemental, industry-wide standard measure of REIT operating performance.

FFO has significant limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

- FFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- FFO does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and FFO does not reflect any cash requirements for such replacements; and
- Other companies in our industry may calculate FFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, FFO should not be considered as a measure of discretionary cash available to us to invest in the growth of our business or our dividend paying capacity. We compensate for these limitations by relying primarily on our GAAP results and using FFO only as a supplemental measure.

Core FFO

We present Core Funds From Operations ("Core FFO") as a supplemental measure of our performance. We define Core FFO as FFO further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance. These further adjustments are itemized in the table below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Core FFO you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Core FFO should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

We present Core FFO because we believe it assists investors and analysts in comparing our performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. In addition, we believe it is useful for investors to have enhanced transparency into how we evaluate management's performance and the effectiveness of our business strategies. We use Core FFO when certain material, unplanned transactions occur as a factor in evaluating management's performance and to evaluate the effectiveness of our business strategies, and may use Core FFO when determining incentive compensation.

Core FFO has limitations as an analytical tool. Some of these limitations are:

- Core FFO does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- Core FFO does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and Core FFO does not reflect any cash requirements for such replacements;
- Core FFO does not reflect the impact of certain cash charges resulting from matters we consider not to be indicative of our ongoing operations; and
- Other companies in our industry may calculate Core FFO differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, Core FFO should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using Core FFO only as a supplemental measure.

Below is a reconciliation of net income to FFO and Core FFO available to common shareholders (in thousands, except per share amounts):

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Net income	\$ 33,348	\$ 25,930	\$ 84,677	\$ 75,151
Adjusted for:				
Depreciation and amortization of real estate assets - consolidated	35,835	34,357	107,198	100,764
Depreciation and amortization of real estate assets - unconsolidated joint ventures	2,292	2,850	7,458	7,450
Impairment charge - consolidated	—	—	4,249	—
FFO	71,475	63,137	203,582	183,365
FFO attributable to noncontrolling interests in other consolidated partnerships	—	—	—	80
Allocation of earnings to participating securities	(420)	(418)	(1,184)	(1,248)
FFO available to common shareholders ⁽¹⁾	\$ 71,055	\$ 62,719	\$ 202,398	\$ 182,197
As further adjusted for:				
Executive departure-related adjustments ⁽²⁾	—	—	—	1,554
Impact of above adjustment to the allocation of earnings to participating securities	—	—	—	(10)
Core FFO available to common shareholders ⁽¹⁾	\$ 71,055	\$ 62,719	\$ 202,398	\$ 183,741
FFO available to common shareholders per share - diluted ⁽¹⁾	\$ 0.60	\$ 0.54	\$ 1.70	\$ 1.58
Core FFO available to common shareholders per share - diluted ⁽¹⁾	\$ 0.60	\$ 0.54	\$ 1.70	\$ 1.60
Weighted Average Shares:				
Basic weighted average common shares	113,005	108,972	112,689	108,675
Effect of dilutive securities:				
Equity awards	1,564	1,732	1,539	1,671
Diluted weighted average common shares (for earnings per share computations)	114,569	110,704	114,228	110,346
Exchangeable operating partnership units	4,663	4,708	4,667	4,708
Diluted weighted average common shares (for FFO and Core FFO per share computations) ⁽¹⁾	119,232	115,412	118,895	115,054

⁽¹⁾ Assumes the Class A common limited partnership units of the Operating Partnership held by the noncontrolling interests are exchanged for common shares of the Company. Each Class A common limited partnership unit is exchangeable for one of the Company's common shares, subject to certain limitations to preserve the Company's REIT status.

⁽²⁾ For the 2024 period, represents executive severance costs.

Portfolio Net Operating Income and Same Center Net Operating Income

We present portfolio net operating income ("Portfolio NOI") and same center net operating income ("Same Center NOI") as supplemental measures of our operating performance. Portfolio NOI represents our property level net operating income which is defined as total operating revenues less property operating expenses and excludes termination fees and non-cash adjustments including straight-line rent, net above and below market rent amortization, impairment charges, loss on early extinguishment of debt and gains or losses on the sale of assets recognized during the periods presented. We define Same Center NOI as Portfolio NOI for the properties that were operational for the entire portion of both comparable reporting periods and which were not acquired, or subject to a material expansion or non-recurring event, such as a natural disaster, during the comparable reporting periods. We present Portfolio NOI and Same Center NOI on a consolidated basis.

We believe Portfolio NOI and Same Center NOI are non-GAAP metrics used by industry analysts, investors and management to measure the operating performance of our properties because they provide performance measures directly related to the revenues and expenses involved in owning and operating real estate assets and provide a perspective not immediately apparent from net income (loss), FFO or Core FFO. Because Same Center NOI excludes properties developed, redeveloped, acquired and sold; as well as non-cash adjustments, gains or losses on the sale of outparcels and termination rents; it highlights operating trends such as occupancy levels, rental rates and operating costs on properties that were operational for both comparable periods. Portfolio NOI and Same Center NOI should not be considered alternatives to net income (loss) as an indication of our performance or to cash flows as a measure of our liquidity or our ability to make distributions. Other REITs may use different methodologies for calculating Portfolio NOI and Same Center NOI, and accordingly, our Portfolio NOI and Same Center NOI may not be comparable to other REITs.

Portfolio NOI and Same Center NOI should not be considered alternatives to net income (loss) or as an indicator of our financial performance since they do not reflect the entire operations of our portfolio, nor do they reflect the impact of general and administrative expenses, acquisition-related expenses, interest expense, depreciation and amortization costs, other non-property income and losses, the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties, or trends in development and construction activities which are significant economic costs and activities that could materially impact our results from operations. Because of these limitations, Portfolio NOI and Same Center NOI should not be viewed in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using Portfolio NOI and Same Center NOI only as supplemental measures.

Below is a reconciliation of net income to Portfolio NOI and Same Center NOI for the consolidated portfolio (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Net income	\$ 33,348	\$ 25,930	\$ 84,677	\$ 75,151
Adjusted to exclude:				
Equity in earnings of unconsolidated joint ventures	(4,221)	(2,312)	(9,654)	(7,803)
Interest expense	16,439	15,493	48,610	45,546
Other (income) expense	116	52	(75)	(755)
Impairment charge	—	—	4,249	—
Depreciation and amortization	37,103	35,376	110,857	103,410
Other non-property income	(323)	(199)	(831)	(1,000)
Corporate general and administrative expenses	18,614	18,231	56,622	56,556
Non-cash adjustments ⁽¹⁾	(1,705)	(214)	(2,284)	28
Lease termination fees	(85)	(335)	(806)	(875)
Portfolio NOI - Consolidated	99,286	92,022	291,365	270,258
Non-same center NOI - Consolidated	(5,178)	(980)	(14,146)	(2,865)
Same Center NOI - Consolidated ⁽²⁾	\$ 94,108	\$ 91,042	\$ 277,219	\$ 267,393

⁽¹⁾ Non-cash items include straight-line rent, above and below market rent amortization, straight-line rent expense on land leases and gains or losses on outparcel sales, as applicable.

⁽²⁾ Centers excluded from Same Center NOI Cash Basis:

Center	Date	Event
Little Rock, AR	December 2024	Acquired
Cleveland, OH	February 2025	Acquired
Kansas City, KS	September 2025	Acquired
Howell, MI	April 2025	Sold

Adjusted EBITDA, EBITDAre and Adjusted EBITDAre

We present Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA") as adjusted for items described below ("Adjusted EBITDA"), EBITDA for Real Estate ("EBITDAre") and Adjusted EBITDAre, all non-GAAP measures, as supplemental measures of our operating performance. Each of these measures is defined as follows:

We define Adjusted EBITDA as net income (loss) available to the Company's common shareholders computed in accordance with GAAP before net interest expense, income taxes (if applicable), depreciation and amortization, gains and losses on sale of operating properties, joint venture properties, outparcels and other assets, impairment write-downs of depreciated property and of investment in unconsolidated joint ventures caused by a decrease in value of depreciated property in the affiliate, compensation related to voluntary retirement plan and other executive officer severance, certain executive departure-related adjustments, gain on sale of non-real estate asset, casualty gains and losses, gains and losses on early extinguishment of debt, net and other items that we do not consider indicative of the Company's ongoing operating performance.

We determine EBITDAre based on the definition set forth by Nareit, which is defined as net income (loss) available to the Company's common shareholders computed in accordance with GAAP before net interest expense, income taxes (if applicable), depreciation and amortization, gains and losses on sale of operating properties, gains and losses on change of control and impairment write-downs of depreciated property and of investment in unconsolidated joint ventures caused by a decrease in value of depreciated property in the affiliate and after adjustments to reflect our share of the EBITDAre of unconsolidated joint ventures.

Adjusted EBITDAre is defined as EBITDAre excluding gains and losses on early extinguishment of debt, net, casualty gains and losses, compensation related to voluntary retirement plan and other executive officer severance, gain on sale of non-real estate asset, gains and losses on sale of outparcels, and other items that we do not consider indicative of the Company's ongoing operating performance.

We present Adjusted EBITDA, EBITDAre and Adjusted EBITDAre as we believe they are useful for investors, creditors and rating agencies as they provide additional performance measures that are independent of a Company's existing capital structure to facilitate the evaluation and comparison of the Company's operating performance to other REITs and provide a more consistent metric for comparing the operating performance of the Company's real estate between periods.

Adjusted EBITDA, EBITDAre and Adjusted EBITDAre have significant limitations as analytical tools, including:

- They do not reflect our net interest expense;
- They do not reflect gains or losses on sales of operating properties or impairment write-downs of depreciated property and of investment in unconsolidated joint ventures caused by a decrease in value of depreciated property in the affiliate;
- Adjusted EBITDA and Adjusted EBITDAre do not reflect gains and losses on extinguishment of debt and other items that may affect operations; and
- Other companies in our industry may calculate these measures differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, Adjusted EBITDA, EBITDAre and Adjusted EBITDAre should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. We compensate for these limitations by relying primarily on our GAAP results and using Adjusted EBITDA, EBITDAre and Adjusted EBITDAre only as supplemental measures.

Below is a reconciliation of Net Income to Adjusted EBITDA (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2025	2024	2025	2024
Net income	\$ 33,348	\$ 25,930	\$ 84,677	\$ 75,151
Adjusted to exclude:				
Interest expense, net	16,331	15,513	48,136	45,108
Income tax expense (benefit)	257	—	519	(248)
Depreciation and amortization	37,103	35,376	110,857	103,410

⁽¹⁾ For the 2024 period, represents executive severance costs.

ECONOMIC CONDITIONS AND OUTLOOK

We are closely monitoring the impact of the overall macroeconomic environment on all aspects of our business and geographies, including how it will impact our tenants and business partners, along with continuing to monitor retail challenges such as supply chain and labor issues, inflationary pressures, rising interest rates, international trade relations and trade policy, including those related to tariffs. While we believe many of these retailers are proactively navigating this situation, the ultimate impact of interest rates, inflation, labor and supply chain issues and overall macroeconomic environment is unknown.

A portion of our rental revenues are derived from rents that directly depend on the sales volume of certain tenants. Accordingly, declines in these tenants' sales would reduce the income produced by our properties. If the sales or profitability of our retail tenants decline sufficiently, whether due to a change in consumer preferences, health concerns, legislative changes that increase the cost of their operations or otherwise, such tenants may be unable to pay their existing rents as such rents would represent a higher percentage of their sales.

In addition, certain of our lease agreements include co-tenancy and/or sales-based provisions that may allow a tenant to pay reduced rent and/or terminate a lease prior to its natural expiration if we fail to maintain certain occupancy levels or retain specified named tenants, or if the tenant does not achieve certain specified sales targets. If our occupancy declines, certain centers may fall below the minimum co-tenancy thresholds and could trigger many tenants' contractual ability to pay reduced rents, which in turn may negatively impact our results of operations.

Due to the relatively short-term nature of our tenants' leases, a significant portion of the leases in our portfolio come up for renewal each year. During 2025, approximately 2.7 million square feet, or 20% of the total portfolio, including our share of unconsolidated joint ventures, will come up for renewal. For the total portfolio, including the Company's pro rata share of unconsolidated joint ventures, as of September 30, 2025, we had lease renewals executed or in process for 72.7% of the space scheduled to expire during 2025 compared to 72.5% of the space scheduled to expire during 2024 that was executed or in process as of September 30, 2024.

The majority of our leases contain provisions designed to mitigate the impact of inflation. Such provisions include clauses for the escalation of base rent and clauses enabling us to receive percentage rentals based on tenants' gross sales (above predetermined levels) which generally increase as prices rise. A component of most leases includes a pro-rata share or escalating fixed contributions by the tenant for property operating expenses, including common area maintenance, real estate taxes, insurance and advertising and promotion, thereby reducing exposure to increases in costs and operating expenses resulting from inflation.

Our centers typically include well-known, national, brand name companies. By maintaining a broad base of well-known tenants and a geographically diverse portfolio of properties located across the United States, we believe we reduce our operating and leasing risks. As of September 30, 2025, no one tenant (including affiliates) accounted for more than 7% of our aggregate square feet or 5.1% of our aggregate rental revenues. Additionally, no individual brand represents more than 3% of total annualized base rent.

We believe retail real estate will continue to be a profitable and fundamental distribution channel for many brands and retailers. While we continue to attract and retain additional tenants, if we were unable to successfully renew or re-lease a significant amount of this space on favorable economic terms or in a timely manner, the loss in rent and our Same Center NOI could be negatively impacted in future periods. Occupancy for our total portfolio, including our share of unconsolidated joint ventures, was 97.4% and 97.4% as of September 30, 2025 and 2024, respectively.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Market Risk

We are exposed to various market risks, including changes in interest rates. Market risk is the potential loss arising from adverse changes in market rates and prices, such as interest rates.

Interest Rate Risk

We may periodically enter into certain interest rate protection and interest rate swap agreements to effectively convert existing floating rate debt to a fixed rate basis. We do not enter into derivatives or other financial instruments for trading or speculative purposes. As of September 30, 2025 we have interest rate swap agreements in effect to fix the interest rates on consolidated debt with notional amounts totaling \$386.7 million. In addition, at our Galveston unconsolidated joint venture we have a \$60.0 million interest rate swap in place. See Note 8 to the consolidated financial statements for additional details related to our outstanding consolidated derivatives.

As of September 30, 2025, 4% of our outstanding consolidated debt, excluding the amount of variable rate debt with interest rate protection agreements in place, had variable interest rates and therefore was subject to market fluctuations. A change in the SOFR index of 100 basis points would result in an increase or decrease of approximately \$600,000 in interest expense on an annual basis.

The interest rate spreads associated with our unsecured lines of credit and our unsecured term loan are based on our three investment grade credit ratings. As of September 30, 2025, we had a \$60.0 million balance on our unsecured line of credit. Upgrades to our credit ratings could provide a decrease in interest expense. If downgrades to our credit ratings occur, interest expense could increase depending upon the level of downgrade.

The information presented herein is merely an estimate and has limited predictive value. As a result, the ultimate effect upon our operating results of interest rate fluctuations will depend on the interest rate exposures that arise during the period, our hedging strategies at that time and future changes in the level of interest rates.

The estimated fair value and recorded value of our debt consisting of senior unsecured notes, unsecured term loans, secured mortgages and unsecured lines of credit were as follows (in thousands):

	September 30, 2025	December 31, 2024
Fair value of debt	\$ 1,570,833	\$ 1,348,831
Recorded value of debt	\$ 1,613,012	\$ 1,423,759

A 100 basis point increase from prevailing interest rates at September 30, 2025 and December 31, 2024 would result in a decrease in fair value of total consolidated debt of approximately \$32.3 million and \$34.5 million, respectively. Refer to Note 9 to the consolidated financial statements for a description of our methodology in calculating the estimated fair value of debt. Considerable judgment is necessary to develop estimated fair values of financial instruments. Accordingly, the estimates presented herein are not necessarily indicative of the amounts we could realize on the disposition of the financial instruments.

Foreign Currency Risk

We are also exposed to foreign currency risk on investments in centers that are located in Canada. Our currency exposure is concentrated in the Canadian Dollar. To mitigate some of the risk related to changes in foreign currency, cash flows received from our Canadian joint ventures are either reinvested to fund ongoing Canadian development activities, if applicable, or converted to US dollars and utilized to repay amounts outstanding under our unsecured lines of credit, if any. Accordingly, cash held in Canadian Dollars at any point in time is insignificant. We generally do not hedge currency translation exposures.

Item 4. Controls and Procedures

Tanger Inc. Controls and Procedures

The President and Chief Executive Officer, Stephen J. Yalof (Principal Executive Officer), and Executive Vice President, Chief Financial Officer and Chief Investment Officer, Michael J. Bilerman (Principal Financial Officer), evaluated the effectiveness of the Company's disclosure controls and procedures as defined in Exchange Act Rules 13a-15(e) and 15d-15(e) and concluded that, as of September 30, 2025, the Company's disclosure controls and procedures were effective. There were no changes to the Company's internal control over financial reporting during the quarter ended September 30, 2025, that materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

The President and Chief Executive Officer, Stephen J. Yalof (Principal Executive Officer), and Executive Vice President, Chief Financial Officer and Chief Investment Officer, Michael J. Bilerman (Principal Financial Officer), evaluated the effectiveness of the Operating Partnership's disclosure controls and procedures as defined in Rule 13a-15(e) and 15d-15(e) and concluded that, as of September 30, 2025, the Operating Partnership's disclosure controls and procedures were effective. There were no changes to the Operating Partnership's internal control over financial reporting during the quarter ended September 30, 2025, that materially affected, or are reasonably likely to materially affect, the Operating Partnership's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The Company and the Operating Partnership are, from time to time, engaged in a variety of legal proceedings arising in the normal course of business. Although the results of these legal proceedings cannot be predicted with certainty, management believes that the final outcome of such proceedings will not have a material adverse effect on our results of operations or financial condition.

Item 1A. Risk Factors

Except as set forth below, there have been no material changes from the risk factors disclosed in the "Risk Factors" section of our Annual Report on Form 10-K for the year ended December 31, 2024.

Trade negotiations and related government actions may create regulatory uncertainty for us and our tenants and adversely affect our performance.

In recent years, the U.S. government has indicated its intent to alter its approach to international trade policy and in some cases to renegotiate, or potentially terminate, certain existing bilateral or multi-lateral trade agreements and treaties with foreign countries, and has made proposals and taken actions related thereto. For example, the U.S. government has imposed, and may in the future further increase, tariffs on certain foreign goods, including from China, such as steel and aluminum. Some foreign governments, including China, have instituted retaliatory tariffs on certain U.S. goods. Most recently, the current U.S. presidential administration has imposed or sought to impose significant increases to tariffs on goods imported into the U.S., including from the European Union, China, Canada and Mexico. Tariffs on imported goods could further increase costs, decrease margins, reduce the competitiveness of products offered by current and future tenants, decrease consumer income and spending, and adversely affect the revenues and profitability of our tenants whose businesses rely on goods imported from such impacted jurisdictions.

Additionally, political leaders in certain European nations have recently been elected on protectionist platforms, fueling doubts about the future of global free trade. There is uncertainty as to further actions that may be taken under the current U.S. presidential administration with respect to U.S. trade policy. Global trade disruption, significant introductions of trade barriers and bilateral trade frictions, together with any future downturns in the global economy resulting therefrom, could adversely affect our performance.

An increased focus on metrics and reporting related to environmental, social and governance ("ESG") factors, may impose additional costs and expose us to new risks.

In recent years, there has been an increased focus from regulators, investors and other stakeholders on metrics and reporting related to ESG factors.

Such attention to sustainability matters, including expanding mandatory and voluntary reporting, diligence, and disclosure on topics such as climate change, human capital, labor and risk oversight, could expand the nature, scope, and complexity of matters that we are required to control, assess and report on. At the same time, regulators and other stakeholders have increasingly expressed or pursued opposing views, legislation and investment expectations with respect to sustainability initiatives, including the enactment or proposal of “anti-ESG” legislation or policies.

In March 2024, the SEC adopted final rules to enhance and standardize climate-related and ESG-related disclosures by public companies and in public offerings. The final rules, set forth in Release No. 33-11275, would add extensive and prescriptive disclosure items requiring companies, including foreign private issuers, to disclose climate-related risks and certain emissions. In addition, the final rules would require the inclusion of certain climate-related financial metrics in a note to companies’ audited financial statements. These rules were challenged in federal court and in April 2024, the SEC announced that it would voluntarily stay the effectiveness of the rules pending judicial review. In March 2025, the SEC determined to end its defense of the rules in the ongoing litigation. It is unclear if the rules will be enforced or repealed. Costs of compliance with these new rules may be significant and may have a material adverse effect on our future performance, results of operations, cash flows and financial position.

Views about ESG have become a consideration in investment decisions, and as investors evaluate investment decisions, many investors look not only at company disclosures but also to ESG rating systems that have been developed by third parties to allow ESG comparisons among companies. Although we participate in a number of these ratings systems, we do not participate in all such systems. The criteria used in these ratings systems may conflict and change frequently, and we cannot predict how these third parties will score us, nor can we have any assurance that they score us accurately or other companies accurately or that other companies have provided them with accurate data. We supplement our participation in ratings systems with published disclosures of our ESG activities, but some investors may desire other disclosures that we do not provide.

Failure to participate in certain of the third party ratings systems, failure to score well in those ratings systems or failure to provide certain ESG disclosures could result in reputational harm when investors compare us to other companies, and could cause certain investors to be unwilling to invest in our shares, which could adversely impact our share price.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(a) None.

(b) None.

(c) Issuer Purchases of Equity Securities

In May 2025, the Board authorized the repurchase of up to \$200.0 million of the Company's outstanding common shares, replacing the previously authorized plan to repurchase up to \$100.0 million of the Company's outstanding common shares through May 31, 2025.

Repurchases of common shares may be made from time to time through open market, privately-negotiated, structured or derivative transactions (including accelerated share repurchase transactions), or other methods of acquiring shares. The Company intends to structure open market purchases to occur within pricing and volume requirements of Rule 10b-18. The Company may, from time to time, enter into Rule 10b5-1 plans to facilitate the repurchase of its common shares under this authorization. The Company did not repurchase any common shares during the three months ended September 30, 2025. The remaining amount authorized to be repurchased under the program as of September 30, 2025 was approximately \$200.0 million of common shares.

Period	Total number of shares purchased	Average price paid per share	Total number of shares purchased as part of publicly announced plans or programs	Approximate dollar value of shares that may yet be purchased under the plans or programs (in millions)
July 1, 2025 to July 31, 2025	—	\$ —	—	\$ 200.0
August 1, 2025 to August 31, 2025	—	—	—	200.0
September 1, 2025 to September 30, 2025	—	—	—	200.0
Total	—	\$ —	—	\$ 200.0

For certain restricted common shares that vest during the quarter, we withhold shares with value equivalent up to the employees' obligation for the applicable income and other employment taxes, and remit the cash to the appropriate taxing authorities. There were no shares withheld upon vesting for the three months ended September 30, 2025.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

During the three months ended September 30, 2025, none of the Company's directors or officers, as defined in Section 16 of the Securities Exchange Act of 1934, adopted or terminated a "Rule 10b5-1 trading arrangement" or a "non-Rule 10b5-1 trading arrangement," as each term is defined in Item 408(a) of Regulation S-K of the Securities Exchange Act of 1934.

**CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Stephen J. Yalof, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Tanger Inc. for the period ended September 30, 2025;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
